RAMBLES OF THE RAMBLER

BREEZY NEWS, VIEWS AND COMMENTS.

What He Sees and Hears While Roaming the Streets.

Bryan will be endorsed with great enthusiasm at the next national convention to be held at Kansas City. His nomination for President cannot be prevented.

The old devil has a dead pull on the man who takes a paper three or four years and then refuses to pay for it. This is worse than highway robbery.

Mr. Francis D. Winston, in discussing the political situation says: "The man who opposes the platform adopted at Raleigh can find no political comfort anywhere save in the Republican party." The State platform is broad enough for all Democrats to stand on.

A vote for the amendment is not only a vote for white supremacy, but a vote for higher education and better government in North Carolina. Intelligence will then be the standard of citizenship—and intelligence makes men free.

When the Amendment is adopted it will be constitutional. That is why it is being submitted to a vote of the people. It could not be made constitutional otherwise. In fact, the amendment, when adopted, as it surely will be in August, will be part and parcel of the constitution itself. See!

The negro has ever voted as a body solidly against the best white people of the State—their vote was, as a whole, an avalanche of ignorance and prejudice. The conditions that always followed to the State when that vote was in power was fearful to endure. Let's make a return of such condition, forever henceforth impossible by voting for the amendment.

Says the Charlotte News: "It seems that the Democrats are not the only people that will have women at their political speakings this year. At Pritchard's speaking at Rockingham the negroes brought their wives and sweethearts, and they grandly supported their champion. A Rockingham correspondent suggests that when Dr. Cy. Thompson speaks a negro choir begin the exercises by singing 'Carolina.'"

In speaking of the Republican revenue officers, who are so studiously "bushwhacking" the State against the Constitutional Amendment, that, when passed, will relegate them to honest labor, Hon. C. B. Aycock says of them with wonderful force, that "they are still-choppers one minute and constitutional lawyers the next." This is the exact size of it. Many of them have never even read the constitution, and scores of them—for they are legion in the State—would not recognize it if they were to meet it in the road.

THEY SAY.

Good-bye to the oyster. It costs more to neglect our duties than to perform them.

It is hard to be poor, but yet a great many people accomplish it.

When a young man gets engaged he wonders why every other girl looks so cheap.

He is a truly happy man who remains cheerful and contented during housecleaning.

It is bad to get in a temper, and it is bad to get out of temper, so what are you going to do about it!

The devil invented heresy so that the churches would be so busy they would let him alone.

A TRUE TEMPERANCE MEDICINE. Contains no Alcohol, Opium, or other Narcotic.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. A remedy for Nasal Catarrh which is drying or exciting to the diseased membrane should not be used. Cream Balm is recognized as a specific. Price 50 cents at druggists or by mail. A cold in the head immediately disappears when Cream Balm is used. Ely Brothers, 56 Warren St., New York.
