SORES and Ulcers

DRAIN THE
SYSTEM,
ENDANGER
LIFE.

That all sore or ulcer, which has been a source of pain, worry and anxiety to you for
five or ten years, - maybe longer - doesn't heal because you are not using the proper treat-
ment, but are trying to cure it with salves and washes. While these are soothing and relieve
pain to some extent, no real, permanent good can come from their use, because the disease
is in the blood and far beyond the reach of external applications.

A sore heals promptly when the blood is in good condition, but never if it is diseased. The
tendency of these old sores and ulcers is to grow worse, spreading and eating deeper into the flesh.
They are a constant drain upon the system, gradually but surely ruin the health and sap the very life.
A person's capacity for work or pleasure is soon lost in the great desire and search for something to cure
the trouble, because no other can reach deep-seated blood troubles. Ordinary Sarsaparilla and potash mixtures
are too weak and watery to overcome a deadly poison that has taken possession of the blood. Do not
waste valuable time experimenting with them.

A Gunshot Wound.
Some years ago I was shot in the left leg, receiving what I considered only a slight wound. It
developed into a running sore and gave me a great deal of pain. I was treated by many doctors and
took a number of blood purifiers, but none did me any good. I had heard of S. S. S. highly recommended
and concluded to give it a trial. The result was truly gratifying. S. S. S. seemed to get right at the
trouble, and forced the poison out of my blood. Soon afterwards the sore healed and I was cured without
having perfect use of the leg, which was swollen and very stiff for a long time. J. H. McBeaver, Lawrenceburg, Ky.

S. S. S. is the only purely vegetable blood purifier known. It
is made of roots and herbs of wonderful purifying properties,
which no poison can resist. S. S. S. quickly and effectually
cleans the blood of all malarial, umbilical humors, and the old, troublesome sore heels.
At the same time the general health is invigorated and built up. When a little scotch
or hot cats to heal readily, you may be sure your blood is bad. S. S. S. will soon
put it in order and keep it so.

Our Medical Department is in charge of experienced physicians, who have made
Blood diseases a life study. If you will write them about your case, they will gladly
furnish all information or advice wanted, without any charge whatever. Address SWIFT SPECIFIC CO., ATLANTA, GA.

Why you Ought to Trade With Us

There are so many reasons why you had ought to trade at our store
that there is not room enough in a little advertisement to tell them all.
One reason is, that we are modern. We keep pace with new ideas and
new conditions. As fast as anything better than we have is invented, we
secure it. As fast as we discover newer and purer and more desirable
things, we take them up. But the old reasons are best of all, the reasons
that have always governed us, these are Reliability, Honesty, Promptness,
and Purity and Freshness of Stock. The Best always, never the best but
we don't care to be the biggest, but we do want to be the best, and in the
end, just what and where we are. We expect you to investigate this
statement, and we sincerely hope you will.
