**A SMALL SPOT
MAY BE CANCER.**

MOST VIOLENT CASES HAVE The greatest care should be given to
any little sore, pimple or scratch which
shows no disposition to heal under ordin-
ary treatment. No one can tell how soon these
will develop into Cancer of the worst type.
So many people die from Cancer simply be-
cause they do not know just what the disease is;
they naturally turn themselves over to the doctors,
and are forced to submit to a cruel and dangerous
operation—the only treatment which the doctors know for Cancer. The disease
promptly returns, however, and is even more violent and destructive than
before. Cancer is a deadly poison in the blood, and an operation, plaster, or
other external treatment can have no effect whatever upon it. The cure must
come from within—the last vestige of poison must be eradicated.

Mr. Wm. Walpole, of Washington, S. D., says: "A
little blotch about the size of a pea can under my left
eye gradually growing larger, from which shooting pains
at intervals ran in all directions. I became greatly alarmed
and consulted a good doctor, who pronounced it Cancer,
and advised that it be cut out, but this I could not con-
sent to. I read in my local paper of a cure effected by
S. S. S., and decided to try it. It acted like a charm, the
Cancer becoming at first irritated, and then discharging
very freely. This gradually grew less and then discon-
tinued altogether, leaving a small scab which soon drop-
ped off and now only a healthy little scar remains where
what threatened to destroy my life once held sway."
Positively the only cure for Cancer is Swift's Specific—

S. S. S. FOR THE BLOOD
—because it is the only remedy which can go deep enough to reach the root of
the disease and force it out of the system permanently. A surgical operation
does not reach the blood—the real seat of the disease—because the blood can
not be cut away. Insist upon S. S. S.; nothing can take its place.
S. S. S. cures also any case of Scrofula, Eczema, Rheumatism, Contagious
Blood Poison, Ulcers, Sores, or any other form of blood disease. Valuable
books on Cancer and Blood Diseases will be mailed free to any address by
Swift Specific Company, Atlanta, Georgia.

WASHINGTON LETTER.

Fine Home For the Courts—Roden-
berg's Constituent—A Joke on
Ex-Speaker Reed.

(Special Correspondence.)
A comprehensive bill for a temple of
justice, to be located on the square
bounded by First and Second streets
northeast and B street northeast and
East Capitol street, has been prepared
by Chairman Mercer of the house com-
mittee on public buildings and grounds.
It provides that a grand building, to
cost \$7,000,000, including site, shall be
erected as a companion to the new li-
brary of congress and in a style of ar-
chitecture to correspond with that
building and the capitol as a home for
the department of justice, the supreme
court of the United States, the court
of claims, the court of appeals of the
District of Columbia and the National
Law library. The ground, which Mr.
Mercer's bill would acquire by condem-
nation or purchase under the direction
of a commission, consisting of the se-
cretary of the treasury, the secretary of
the interior and the chief justice, con-
sists of 226,157 square feet.

Provision is made for a repeal of the
bill authorizing the erection of a de-
partment of justice building at a cost
of \$1,000,000, approved March 3, 1889,
and the attorney general is directed to
return to the treasury any part of the
\$25,000 appropriated by congress and
to render an accounting. The bill also
provides for invitations to ten promi-
nent architects, or firms of architects,
to prepare plans for the temple of jus-
tice and for their compensation.

Rodenberg's Constituent.
Valuable educational results often
attend a visit to Washington. The
other day a substantial German con-
stituent of Representative Rodenberg
came on. He was well up in the busi-
ness and politics and general infor-
mation of the Twenty-first Illinois dis-
trict, but he had never before visited
the national capital and mingled with
the men who make and administer the
government. The congressman and
the constituent walked over to the
treasury, the constituent expressing
heartily his good impression of the
president. Mr. Rodenberg led the way
into the office of the secretary and pre-
sented the constituent to Mr. Gage.
"What is your name?" asked the con-
stituent. "My name is Gage," answered
the urbane head of the money busi-
ness of the government. "What job do
you hold here?" asked the constituent.
This was almost too much for the se-
cretary, but he recovered himself from
the shock and explained courteously.

A Joke on Tom Reed.
Stanley W. Davenport, from Penn-
sylvania, loves a joke, and when, the
other day, he saw ex-Speaker Reed
ambuling through Statuary hall, where
echoes play so many strange tricks, he
grasped an opportunity. Mr. Daven-
port stood on the threshold of the cor-
ridor leading to the house, just where
the capitol guides speak in low voices
to the never ending stream of visitors
who are placed far out facing the
clock in the marble car of time. A
bashful wedding couple was listening
to the long distance story at that par-
ticular moment, and Mr. Reed was just
passing them on the way toward the
supreme court.

"Tell them Tom Reed is passing,"
said Mr. Davenport to the guide. Mr.
Reed himself heard the Pennsylvania
through the medium of the wondrous
echo, although he was many yards
away.
"Look toward the clock, and you will
see the Hon. Thomas B. Reed of Maine,
ex-speaker of the house, passing at
your left," droned the guide immedi-
ately.
The bridal couple, of course, "rub-
bered" intently, and Mr. Reed, started
out of a deep brown study, smiled at
the strange proceeding.

Extra Session of Senate.
President McKinley the other day
explained to a committee from the Illi-
nois State Manufacturers' association,
who invited him to attend a dinner in
Chicago on March 26, that he would
probably not be able to accept, because
there would likely be an extra session
of the senate to confirm nominations.
This is the first intimation that an ex-
tra session of the senate would be nec-
essary or that the president expected
to make any appointments other than
to fill places caused by the expiration
of terms. The president also said to
his callers that he expected to go as far
as the Pacific coast late in the spring
via New Orleans and the Southern
Pacific road. His visit is for the pur-
pose of attending the launching of the
battleship Ohio at the yards of the
Union Iron company.

Representative Denny of Maryland
having been defeated at the last elec-
tion and, being desirous of getting rid
of a quantity of garden seed which he
had to his credit before vacating office,
sent a number of packages to persons
in his district unsolicited. One morn-
ing he received the following communi-
cation:

My Dear Mr. Denny—The sample peas you sent
me made splendid soup. If you can let me have
some more, you will greatly oblige.
Representative Brosius of Pennsylv-
ania introduced a bill to create a
board of ten persons to act in an ad-
visory capacity, and to report to the
next congress a plan for beautifying
the city of Washington. A similar bill
was recently introduced in the senate
by Mr. Hoar.
