## MARTIAL LAW YET PREVAILS.

GOV. JENNINGS DECIDES IT SHALL BE CONTINUED

Danger is Apprehended From Hordes of Negroes Who are Flocking to the City to Secure Rations Without Work.

Jacksonville, Fla., May 12.—

The city will remain under martial law indefinitely. This was decided here today at a conference between the executive committee of the Jacksonville Relief Association and Governor Jennings and a special committee of the Florida Legislature. The executive committee stated plainly to the Governor at a conference that it apprehended danger from the hordes who have been flocking to Jacksonville in the hope of securing free rations without work, and it is believed that the militia should remain on duty such time as the committee should decide that their presence was necessary.

J. R. Parrot, chairman of the commissary department, stated at the conference that he expects trouble when his department puts into effect plans that are now being considered to eliminate all unworthy applicants for food and work. This will be some time next week.

There is plenty of work in Jacksonville for all kinds of laborers, but many negroes are refusing to work, especially in the clearing away of debris. Next week it is understood that these men will be either forced to work or leave the city and the militia will be used to enforce this mandate.

## "CINCINNATI 1901."

The 20th International Convention of Christian Endeavor, will be held in Cincinnati, Ohio., July 6-10. This convention promises to be the most interesting and helpful to Christian Endeavors yet held. The attendance from the South should be unusually large because Cincinnati is near and the cost of the trip small. In addition to the convention, Cincinnati is an interesting place to visit and is easy of access to many other interesting points, Buffalo, Detroit, Niagara, and other places.

## BANK TELLER ARRESTED.

Charged With Being Short in His Accounts \$36,000.

Washington, May 11.—Comptroller of the currency Dawes today received a telegram from New Orleans announcing that the teller of the Iberian bank was short in his accounts \$36,000. The United States attorney was informed of the shortage, and the teller was immediately arrested. The bank's condition is reported good, and the institution has the teller's bond, also said to be good for \$25,000. The bank has a capital and surplus of \$900,000.

## A GLORIOUS VICTORY.

Graded School Is Now Assured. Mt. Olive Advertiser.

The result of the election last Monday on the question of levying a tax to establish a graded school was highly gratifying to the friends of education.

There were 326 voters registered, which necessitated that 164 votes be cast in favor of the measure in order to insure its success. The ballot was as follows:

For school.....194  
Against school.....74

This was a majority of 30 of the registered vote, and a majority of 120 of the votes cast. Of the 74 votes against the school only 26 were cast by white men.

The vote, when compared with that of two years ago, shows the growth of a desire for better schools that is a matter of pride and congratulation.

In 1899 the project was defeated because of the failure to secure a majority of the registered vote, while the actual majority of the votes cast was only nine in favor of the school; whereas last Monday the majority was 120 in favor of better education.

This is another step towards a bright and prosperous future and one that is of more importance than any ever made before or that can be taken in the future.

## A Quick Recovery.

The break in the stock market on Thursday was a panic in the truest sense. The exciting cause of it, the Northern Pacific corner, was so far apart from the ordinary operations that the terror it inspired was beyond all reason. But the same causes had previously inspired an unreasoning speculation, and when the panic came it had the usual results.

Not often is a panic so quickly recovered from. The truce in Northern Pacific ended the excitement, and with that settlement and the knowledge that the great financial interests were united to avert disaster, the whole market was steadied. To-day's holiday will give time to adjust the losses and take a fresh start.

It will be found that, apart from the special battle that caused so much disturbance, the flurry has left all substantial securities unimpaired and has destroyed nothing but imaginary wealth. The great strength of the finances and industries of the country is shown by this quick recovery, and the panic will have its value if it enforces upon the men who hold large power the duty of employing it with honorable judgment and a sense of public responsibility.

A Warning—to feel tired before exertion—it's a sign that the system lacks vitality, and needs the tonic effect of Hood's Sarsaparilla. Sufferers should not delay. Get rid of that tired feeling by beginning to take Hood's Sarsaparilla today.

## HOMEWARD BOUND.

Volunteer Regiments in the Philippines Will Leave Manila This Week.

Washington, May 11.—It is expected at the War Department that the homeward movement of the ten volunteer regiments in the Philippines will begin today or tomorrow, by the departure from Manila of the transports Hancock, Pennsylvania and Buford, carrying the 31st, 40th and 41st infantry. ## IN CALIFORNIA.

Enjoying a Rest, and Preparing for the Trying Programme Laid Out at San Francisco.

Demonte, Cal., May 11.—The President and his party enjoyed comparatively quiet day. They came here for two days rest to prepare for the trying programme laid out for them next week at San Francisco. The President and Mrs. McKinley spent the major portion of the day in their rooms at the hotel. This afternoon, immediately after luncheon, the party was driven to Monterey, two miles from the hotel, and the President made a brief speech. The entire population of this historic old town, the capital of the republic of California, turned out to welcome him and there was the usual prelude display of flowers. The speaking took place at the point where the flag, the standard of the republic, was first raised in California.

## The Blood HEALTHY OR DISEASED

When there is a natural and healthy circulation of the blood, the entire quantity, estimated at one-eighth the weight of the body, passes through the heart every five minutes. This rapid flow of the blood through the system prevents the entrance of disease germs and impurities of every description. It filters out all that is not necessary or good for the growth and development of the body and nourishing and strengthening the muscles, tissues, nerves and bones. But, unfortunately, few persons can rightly claim an absolutely pure blood supply and perfect and unimpeded circulation, and in consequence are exposed to innumerable diseases. Contagious Blood Poison, the greatest enemy to mankind, enters the system through the blood, and Cancer, Scrofula, Rheumatism, Catarrh, Eczema, Salt Rheum, Psoriasis, Tetter—in fact the majority of human ailments—are caused by poisons or humors that are engendered and fostered in a sluggish and impoverished blood. Old sores, chronic ulcers and rheumatic pains are common of all Strength naturally grows thin and pale because of the lack of the red corpuscles that give color and strength to youthful blood. Sallow complexions and rough, oily skins evidence some constitutional or blood trouble, which salves, lotions, powders nor any external treatment can cure. Diseases that originate in the blood, whether they manifest themselves as ulcers, tumors, itching eruptions, muscular or bone pains, require a tonic and blood purifier such as S. S. S., which not only antidotes and neutralizes blood poisons and humors, but possesses health-giving tonic properties that no other blood medicine does. It goes down to the very foundation of the disease and eliminates from the system everything of a poisonous character or that obstructs and clogs the circulation. It builds up and imparts new strength and vitality to the old inattentive blood, and when the arteries and veins are once more filled with new rich blood, the general health begins to improve, muscles grow stronger, and sores and eruptions of every kind disappear.

S. S. S. is the only guaranteed purely vegetable blood purifier, and the purest and most reliable in all blood diseases. It has been tested in thousands of cases during the past fifty years and is more popular today than ever. We will be glad to send you our book free, and if in need of medical advice write our physicians all about your case; this information will cost you nothing and comes from experienced and educated doctors. All correspondence is conducted in strictest confidence.

### Young Women

The entry into womanhood is a critical time for a girl. With her whole being undergoing a change, the seeds of female troubles are sown. Little menstrual disorders, if neglected at the time, will follow the woman all her life and grow into fatal complications. That female troubles are robbing homes and filling graveyards, proves this. Yes, irregular and painful menstruation are often permitted to go on, sapping the life and energy, while Wine of Cardui, the positive relief for these ills, is on the shelf of every drugstore. Wine of Cardui helps the maiden evade the shock of puberty by inducing a painless and natural menstrual flow. When once this important function is started right, a healthy life will usually follow. Wine of Cardui is an emmenagogue of great power, and works wonders in strengthening the delicate and sensitive female organs. Many young women owe their lives to Wine of Cardui. No woman should give up hope until she has given Wine of Cardui a trial. If thousands have secured relief through it, why not you?

I have taken four bottles of Wine of Cardui with Black-Draught when needed and to-day I am entirely cured. I cannot express the thanks I feel for what you have done for me.
