## CONFEDERATE PENSIONERS

We publish in this issue a comprehensive and timely review of the new pension law passed by the recent Legislature, in which every old Confederate soldier and Confederate soldier's widow is interested. It is taken from the Chatham Record, whose editor was a member of the Legislature.

## BANK FAILS.

The banking house of S. H. Loftin in Kinston, doing business since 1883, has made an assignment to Messrs. B. W. Canady and W. D. Pollock for the benefit of creditors. The liabilities are estimated at \$110,000, and the nominal assets at \$135,000. The failure is thought by many to be due to advancing money to and endorsing paper for the proposed Great Eastern Railway.

## WHEN NATURE

needs assistance it may be best to render it promptly, but one should remember to use even the most perfect remedies only when needed. The best and most simple and gentle remedy is the Syrup of Figs, manufactured by the California Fig Syrup Co.

## Woodland Crumbs.

The pea crop is about off. Beans and potatoes are next in order.

Mr. Parris Lancaster and wife attended church at Woodland on Sunday last.

Mrs. U. G. Moore, who has been in poor health for some time, is now improving.

We notice that nearly all the passenger trains now stop at Genoa. There is quite a bit of traveling done from this point.

Mrs. Betsy Moore was able to attend church on Saturday last, which she seemed to enjoy very much, she has long been a cripple but can be lifted in a chair.

The lightning struck and fired a pine tree just across the road from Mr. J. R. Overman's store one day last week, he had just stepped inside and closed the door, or he might have been killed.

The Myrtle Springs are still active, flowing about twenty thousand gallons per day of as good mineral water as can be found. Just drive down and fill your jugs and prove it for yourselves.

Mrs. Mary C. Woody, who has been engaged for some time in religious work in this county, has returned to her home at Guilford College, for a short rest. She will probably return and take up her work again soon.

This section was visited by a thunder storm on last Saturday night. There were considerable wind and hail, fences were blown down, trees uprooted and the young plants badly beaten. So far we have heard of no serious damage.

## MILITARY CAMPS.

### Accommodations For the Soldier-Boys at the Pan-American Exposition.

Many military organizations intend to visit the Pan-American Exposition during the summer. Arrangements have been made to provide first class accommodations for them.

The Exposition will maintain a permanent camp within the grounds for the accommodation of about 200 men at one time.

This camp will be supplied with tents, floors, cots, buckets, basins, pint cups, light, water and sinks, for the use of which no charge will be made. It will be necessary for visiting organizations to furnish their own blankets and subsistence.

There will be no accommodation for cooking in this camp, but the visitors will no doubt be able to make satisfactory arrangements with restaurants on the grounds at reasonable rates.

It is expected that organizations taking advantage of these camp privileges will, at such time as may be agreed upon beforehand, give military exhibitions without charge in the Stadium.

Bands in uniform will be admitted to the grounds free. Organizations using this camp will pay one general admission per man when they enter the grounds and must be governed by the rules and regulations laid down by the Exposition Company.

On account of the large number of organizations now applying for camp facilities at the Exposition the use of this camp will be limited to a period not exceeding six days for any one organization.

Large bodies of troops visiting the Exposition must be quartered outside the grounds, where a large camp for this purpose has been established.

Major Charles J. Wolf is in charge of the Military Bureau, and he is kept very busy these days furnishing information to organizations intending to visit the Exposition.

The little bee is very busy at the Pan-American Exposition, gathering and storing honey in glass hives in full view of visitors.

A searchlight on the Electric Tower of the Pan-American Exposition casts rays for a distance of 50 miles.

## ACCOMMODATIONS FOR VISITORS IN BUFFALO.

### Hundreds of Hotels, Boarding and Rooming Houses, Besides Many Private Homes, on the List.

So much has been said and written about the ability of the city of Buffalo to care for the crowds which will attend the Pan-American Exposition this summer that a few facts and figures will be appreciated by the general public.

In the first place, there are listed more than 200 hotels, which will give accommodation to 30,000 people; there are 650 boarding and rooming houses, affording accommodation for 18,500, while 7,000 owners of houses, most of whom never before hung out their latchstring for a consideration, have signified their intention of opening their houses for the accommodation of visitors to Buffalo this summer. Those 7,000 homes will accommodate at least 100,000 visitors.

The Exposition Company has arranged to furnish tent accommodation on the Exposition grounds for 250 unformed men. There are also two companies arranging tent systems which will afford additional accommodation outside of the grounds for 1,500 or so.

In addition to all this, there are a large number of buildings throughout the city now being remodeled and converted into hotels, the plans of which are not far enough along to afford an accurate description or to estimate accommodation at the present time. It is safe to estimate the present capacity of the city of Buffalo to accommodate 150,000 strangers. To this may be added accommodations for at least 50,000 in the surrounding towns, such as Tonawanda, La Salle, Niagara Falls, Lockport, Williamsville, Gardenville, Depew and Lancaster, all within a short trolley ride of the city.

Rates in hotels range from \$1 per day upward. As ridiculous stories have been circulated in regard to exorbitant hotel rates, it is well to note the rates that have been established at the Iroquois, the most expensive hotel in the city. These are, for one in a room without bath, \$3 and upward; for two in a room without bath, \$5 and upward, thus making the minimum rate \$2.50 per individual. The rate for a room with bath for one person is \$5 or for two in a room \$7.50. This is on the European plan. Of course there are rooms and suites of rooms in this hotel for much higher rates for those who wish to pay them, but the prices here given are the highest in the city for hotel
