CONQUERING MOSQUITOES.

The Mayor of the town of Winchester, Va., has solved the mosquito problem Having learned that kerosene would destroy the larvae of these pests, he at once devised a plan which he succeeded in having put into practical effect. He was ridiculed for \$1 a bottle. by many people, but his undertaking has proven a signal suc-

Winchester was infested with mosquitoes, and life during the summer had become almost intolerable on that account. Nets and bars afforded only partial protection. The Mayor organized a force and set about his task of mosquito fighting with vigor. Learning that the larvae were deposited only in still and stagnant water, kerosene oil to the proportion of one ounce to every fifteen square feet of surface, was poured into every pool, sink, puddle; and pond that could be found. The effect of the application was magical.

A correspondent of the New York Sun, who interviewed the anteed by J. H. Hill & Son. Trial Mayor at length, says;

"Up to this time this summer the insect has hardly been seen at all, and it is confidently hoped and expected that a continued application of the preventive

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingradients is what produces such wonderful results in curing Catarrh Send for testimorials

Dr. C. J. Moffett: Dear Sir:—I cannot too strongly recommend your TEETHINA (Teething Fowders) to mothers as one of the best medicines they can obtain for their debilitated and sickly infants. I have used it with very satisfactory results the past summer with my child, and while we have heretofore lost a child or two from teething under other remadles, our present child, that has taken TEHTHINA, is a fine, healthy boy.

I am, very respectfully.

Just as there is one key note to all music so there is one key note to health. A woman might as well try to fly without wangs as to feel wall and look well while the organs that make her a woman are weak or diseased. She must be healthy inside or she ean't be healthy outside. While there is nothing more admirable than a modest woman, health is of the first importance. Every other consideration should give way before it.
