

This ARGUS o'er the people's rights,  
Doth an eternal vigil keep

No soothing strains of Maia's sons  
Can lull its hundred eyes to sleep.

VOL. XXXIV

GOLDSBORO, N. C., MONDAY, OCTOBER 7, 1901.

NO 1

## GOSSIP OF THE WORLD.

### ITEMS OF INTEREST FROM DIVERS SOURCES.

News of the Stage, Social, Political and Otherwise, Culled From Our Exchanges.

William Waldorf Astor has donated £10,000 to the London Society for the Prevention of Cruelty to Children, to initiate a fund for new offices.

The husband of Charlotte Bronte, the Rev. Arthur B. Nicholls, who was curate of Haworth at the death of Mr. Bronte, is still living at Banagher, King's county, Ireland.

Reports from Stockholm are to the effect that the Queen of Sweden's health is very precarious. She has long been an invalid, but never before has her condition occasioned so much anxiety.

There are now about thirty women pastors of Unitarian churches in the United States. The last addition to their ranks is Miss Estella B. Padgham, of Syracuse, who has just been ordained in that city.

The mothers of the Kansas City lads who are enlisting in the navy will bid them a tearful good-by. They have no assurance that the boys will not become admirals and eventually land in a Dewey court.

The will of W. H. H. Smith, the first engineer who ran an engine on the New York Central, disposes of an estate of more than \$100,000. The Onondaga County Orphan Asylum and the Hospital of the Good Shepherd receive bequests.

### BORDEN ANALYZED.

The fact that Mr. C. D. Borden, a well-known New England cotton manufacturer, recently raised the wages of his employees 5 per cent because of a raise in the price of prints has become the subject of no little comment by the industrial newspapers and some others.

The Boston Globe calls Borden the wizard of Fall River and says that his power to "startle trust-fettered manufacturers with occasional bombshells like his recent raise of wages lies in the fact that he is an independent manufacturer and the slave of no trust."

The Globe goes on to say: "It is said that Mr. Borden's help almost worship him, and he knows that in any necessary reverse of the markets they would gladly sacrifice to help him out. This is reciprocity between capital and labor, such as only an independent producer can boast of. The people will hope to see more of it."

The New York Commercial is of the opinion that Mr. Borden's power "lies in a big heart, in a keen sense of justice and in a large measure of sound business sense—qualities and possessions that are by no means confined to the 'independent manufacturer' and functions that are by no means exercised exclusively by his kind. They are just as likely to be found in men having membership in the directorates of great combinations as they are in men who do business independently. They are as old as the world."

Whatever may be the explanation of Mr. Borden's power and the devotion of his employees to him, it is an admitted fact that somehow he has managed to solve the much discussed problem of the true relations of capital and labor, and it is not difficult to understand why he has succeeded in doing so.

## LIPTON NOT CONQUERED.

### WILL RACE IN AMERICAN WATERS NEXT YEAR.

To Race the Columbia, Constitution or Any Other Boat in the Spring—Willing to Change Crews With the Columbia.

New York, October 5.—The Shamrock II, in tow of the tug James Lawrence, left her mooring buoy at Sandy Hook bar this morning, bound for the Erie basin, where she arrived at noon. The yacht's mainsail was uncut and she will probably be dismantled at once.

After Sir Thomas Lipton, accompanied by Mr. Jameson and Mr. Watson, had paid a farewell visit to Colonel Burbank and his family at the military post on Sandy Hook, the Erin's anchor was hove up and that yacht steamed direct to New York. She was saluted by all the outgoing steamships on her way up the harbor.

When asked if it was true that he was willing to put the captain and crew of the Shamrock on board the Columbia and allow that yacht's crew to handle the Shamrock in a series of races, Sir Thomas said: "Yes, I should be willing to do it, if it is in the interest of sport, and provided, of course, the other side is willing."

There will, however, be no such race Monday next as both the yachts are being stripped and could not be put in trim again for weeks.

Dr. E. Reid Mackay, of the Erin, said there was every reason to believe that the Shamrock will be laid up in New York this winter, and that in the spring or next summer she will be raced against the Columbia, Constitution or any other 90 footer. "For," said he, "we believe she is actually a faster boat than the Columbia, and can beat her if she is raced again under different conditions."

The following letter which explains itself, was sent to-day: "New York Yacht Club, Oct. 5. "Dear Sir:—We have to inform you that the Columbia has won three out of five races from the Shamrock II, in the match of 1901 with the Royal Ulster Yacht Club. The America's cup therefore, remains with the New York Yacht Club.

"N. NICHOLSON KANE,  
"NEWBERRY D. LAWSON,  
"CHESTER GRISWOLD.  
Regatta Committee.  
"To Commodore L. C. Ledyard,  
New York Yacht Club, Chairman of Committee on Challenge."

### WITH HEART AND SOUL.

Let Us All Pull Together For  
Goldsboro's Greater  
Progress.

EDITOR ARGUS:—The proposition of the Board of Aldermen to issue bonds for a city home, the ownership of the Electric Light Plant, or the construction of new ones, marks an epoch in the history of Goldsboro, the importance of which many may fail to comprehend at first glance.

No city without these perman-

ent adjuncts to modern progress, has much to offer the capitalists or concentrated capital as a field for investment; and on this line, I can go to a sister State and point you to two live cities, that a decade or more ago were halting and speculating as to whether or not such a move would be a judicious one. But the young active, progressive element prevailed in their work on these lines.

Spartanburg, and Columbia, S. C., have doubled their capital, doubled their school, and all date their progressive era from the bond issue—for water, lights, paved streets and city buildings.

This is no rosy dream of some fanciful imagination of progress, but are facts, the truth of which any one can learn by sending a penny in a postal card to the clerk of either of these cities, and to which I myself can testify, having been there from time to time, and observed their progress.

I yield to no one in public spirit, and we are now at a crisis that demands vigorous, active work; so, let us go heart and soul into the work of carrying forward the bond issue.

Oct. 7. J. W. STANLEY.

### GRANT-HALL

A Wedding in Andover, Mass., in Which Goldsboro People Are Interested.

The Morning Record, of Meriden, Conn., of October 2nd comes to us, and in it we find the following special telegraphic report, that will be read with interest by the groom's many friends in this city, his native town, and where he is held in highest esteem and pleasant memory.

The ARGUS voices the universal sentiment of the community in wishing Mr. Grant and his bride the fullest measure of life's joys, length of days and abundant prosperity:

Andover, Mass., Oct. 1.—The marriage of Margaret Knowlton, daughter of Mrs. A. H. Hall, of Andover, and of the late Rev. Alfred H. Hall, of Meriden, to the Rev. John H. Grant, pastor of the Center Congregational church, Meriden, Conn., took place this afternoon at 4 o'clock at the home of the bride.

The wedding was a quiet home event, a small company only of the near relatives being present.

The bride was attended by her sister, Miss Delight Walkly Hall, of Mt Holyoke college, as maid of honor, and Mr. Grant by his brother, Mr. Louis N. Grant, of Goldsboro, N. C. The officiating clergyman was the Rev. Professor Egbert C. Smythe, of Andover Theological Seminary.

The home was decorated with palms and ferns, before a bank of which the bridal party stood for the marriage ceremony.

After their wedding journey Mr. and Mrs. Grant will make their home at the Center Congregational parsonage, at Meriden. Their "At Home" is announced to be after January 21.

### THE LADIES

The pleasant effect and perfect safety with which ladies may use Syrup of Figs, under all conditions, makes it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co. printed near the bottom of the package. For sale by all druggists.

### REDUCED RATES.

On account of the Pan American Exposition at Buffalo, N. Y., the Atlantic Coast Line will sell round trip tickets with final limit of 20 days from date of sale for one fare plus \$1.00 round trip from Weldon and points South thereof. Tickets on sale Sept. 6, to Oct. 20, 1901. Longer limit tickets on sale at slightly higher rates.

## BAD BLOOD, BAD COMPLEXION.

The skin is the seat of an almost endless variety of diseases. They are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin.

To have a smooth, soft skin, free from all eruptions, the blood must be kept pure and healthy. The many preparations of arsenic and potash and the large number of face powders and lotions generally used in this class of diseases cover up for short time, but cannot remove permanently the ugly blotches and the red, disfiguring pimples.

**Eternal vigilance is the price of a beautiful complexion** when such remedies are relied on.

Mr. E. T. Shobe, 724 Lucas Avenue, St. Louis, Mo., says: "My daughter was afflicted for years with a disfiguring eruption on her face, which resisted all treatment. She was taken to two celebrated health springs, but received no benefit. Many medicines were prescribed, but without result, until we decided to try S. S. S., and by the time the first bottle was finished the eruption began to disappear. A dozen bottles cured her completely and left her skin perfectly smooth. She is now seventeen years old, and not a sign of the embarrassing disease has ever returned."

S. S. S. is a positive, unflinching cure for the worst forms of skin troubles. It is the greatest of all blood purifiers, and the only one guaranteed purely vegetable.

Bad blood makes bad complexions. SSS purifies and invigorates the old and makes new, rich blood that nourishes the body and keeps the skin healthy and in proper condition to perform its part towards carrying off the impurities from the body.

If you have Eczema, Tetter, Acne, Salt Rheum, Psoriasis, or your skin is rough and pimply, send for our book on Blood and Skin Diseases and write our physicians about your case. No charge whatever for this service.

SWIFT SPECIFIC COMPANY, ATLANTA, GA.

### Report of the condition of THE NATIONAL BANK OF GOLDSBORO,

## To Citizens of Goldsboro

By a satisfactory arrangement with the Inter-State Telephone & Telegraph Co. we enter your town with our lines and connect with your local phones. We desire to draw your attention to the fact that we wish to give you rapid and satisfactory service and connect you with the following towns on our own lines, to wit: Rocky Mount, Fremont, Elm City, Tarboro, Greenville, Falkland, Pikeville, West End, Nobles, St. Lewis, Crisp, Kenly, Black Creek, Lucama, Lenoir, and West Over.

We will do all we can to make the service over our lines pleasant and hope your use of them may be a source of profit and social enjoyment. By a joint tariff arrangement, we enable you to reach other towns and villages than those above and would be pleased to have you ask Central for further information. Very respectfully,

HOWARD F. JONES, Gen'l Manager  
Wilson & Carolina Telephone & Telegraph Co.
