GOLDSBORO N. C. NOV. 1901

OUR NAVAL NEEDS.

Capt. Richmond P. Hobson has been telling the people of the Northwest what the United States needs in the matter of a navy. He thinks we should have a powerful naval equipment. In a recent speech, according to the Duluth Tribune, he outlined this plan of the naval strength that he thinks adequate to our necessities and pretensions:

"We should maintain a fleet in the North Atlantic capable of resisting any fleet that could be sent by any power against our Atlantic and gulf coast line and our possessions in the West Indies; we should maintain a fleet in the Pacific of similar proportional size; we should maintain in the far East a fleet equal to the Asiatic fleet of any European nation; simultaneously with maintaining these fleets we should be able to dispatch to any part of South America a fleet equal to the fleet that any European nation could dispatch there."

To provide such a navy it will be necessary, in the opinion of Captain Hobson, to appropriate \$25,000,000 a year for ten successive years, so that a decade must elapse before we can put our naval armament where it should be. Conservative men hardly place their estimate of the navy the United States needs as high as Hobson's. Two things, however, are certain, notes the Duluth paper. One is that the possession of a sufficient navy is the best guarantee of peace, and this war is much more expensive than big fleets. The other is that our navy is now altogether too small for a power that makes the dominations of the American continent the first fundamental principle of its foreign policy, and insists that China shall not be partitioned, and that the "open door" of the Celestial empire be maintained.

Beware of Ointments for Catarrh that Contain Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists, price 75c per bottle.

Hall's Family Pills are the best.

We always keep it in the house to protect our children from Croup and Whooping Cough. It cured me of a chronic bronchial trouble that no other remedy would relieve." In recommending it to friends who suffer from indigestion I always offer to pay for it for them. Thus far I have never paid."—J. H. Hill & Son.

It Saved Her Life.

Gooch's Mexican Syrup has accomplished a cure in this neighborhood which has astonished the people. Miss Davis was given up to die by her attending physician. She had lung fever. The doctor said she would die before morning, and advised to discontinue his medicine, as it was doing her no good. Her parents had a bottle of Gooch's Mexican Syrup and Gooch's Quinine in the house. They at once began to give the Syrup in doses one hour apart and frequently bathed her chest with the Quinine. Before morning she was better, and after using a few bottles of each, she is almost as well as ever. It was almost like raising the dead, and has established the reputation of Gooch's Mexican Syrup here as a cough remedy; we can sell nothing else. J. & N. SANDS, Trimble Athens Co. O.
