DR. MOFFETT'S TEETHINA (TEETHING POWDERS)

Nov. 7, W. Berry of Arkansas Methodist Conference, writes: "I received five dollars worth of which I have used in my household. I wonder how we have raised children without it. The other day a lady in my neighborhood as a package and it came at a most opportune time; our babe was in a serious condition his bowels had been in bad condition for days, and nothing that we gave did any good; the second dose of 'TEETHINA' gave perfect relief and he has had no further trouble. Other members of the family have used it and every dose has been a perfect success."

The Innocent Suffer With The Guilty

The world to-day is full of innocent sufferers from that most loathsome disease, Contagious Blood Poison. People know in a general way that it is a bad disease, but if all its horrors could be brought before them they would shun it as they do the Leprosy. Not only the person who contracts it suffers, but the awful taint is transmitted to children, and the fearful sores and eruptions, weak eyes, Catarrh, and other evidences of poisoned blood show these little innocents are suffering the awful consequences of some body's sin. So highly contagious is this form of blood poison that one may be contaminated by handling the clothing or other articles in use by a person afflicted with this miserable disease. There is danger even in drinking from the same vessel or eating out of the same tableware, as many pure and innocent men and women have found to their sorrow.

SSSS BLOOD POISON IS NO RESPECTER OF PERSONS

Contagious Blood Poison is so powerful and penetrating that within a short time after the first little sore appears the whole system is infected and every drop of blood in the body is tainted with the poison, and the skin is soon covered with a red rash, ulcers break out in the mouth and throat, swellings appear in the groins, the hair and eyebrows fall out, and unless the ravages of the disease are checked at this stage, more violent and dangerous symptoms appear in the form of deep and offensive sores, copper colored spots, terrible pains in bones and muscles, and general breaking down of the system.

S. S. S. is a specific for Contagious Blood Poison and the only remedy that antidotes this peculiar virus and makes a radical and complete cure of the disease. Mercury and Potash hold it in check so long as the system is under their influence, but when the medicine is left off the poison breaks out again as bad or worse than ever. Besides, the use of these minerals bring on Rheumatism and stomach troubles of the worst kind, and frequently produce bleeding and sponginess of the gums and decay of the teeth. S. S. S. cures Blood Poison in all stages and even reaches down to hereditary taints and removes all traces of the poison and saves the victim from the pitiable consequences of this monster scourge. As long as a drop of the virus is left in the blood, it is liable to break out, and there is danger of transmitting the disease to others. S. S. S. is guaranteed purely vegetable and can be taken without any injurious effects to health, and an experience of nearly fifty years proves beyond doubt that it cures Contagious Blood Poison completely and permanently. Write for our "Home Treatment Book," which describes fully the different stages and symptoms of the disease.

Thou art, O God, the life and light Of all this wondrous world we see; Its glow by day, its smile by night, Are but reflections caught from Thee.

Where'er we turn, Thy glories shine, And all things fair and bright are Thine.

When Day, with farewell beam, delays Among the op'ning clouds of Even, And we can almost think we gaze Through golden vistas into Heaven— Those hues that make the sun's decline So soft, so radiant, Lord! are Thine.

When Night, with wings of starry gloom, O'ershadows all the earth and skies, Like some dark, beautiful bird, whose plume Is sparkling with unnumbered eyes— That sacred gloom, those fires divine, So grand, so countless, Lord! are Thine.

When youthful Spring around us breathes, Thy Spirit warms her fragrant sigh; And every flower the Summer weathers Is born beneath that kindling Eye.

Where'er we turn, Thy glories shine, And all things fair and bright are Thine.

Giles—I saw your fat friend Widen in a drug store yesterday. He asked the proprietor to give him something that would make him lean.

Miles—Did he get it?

Giles—I guess so; I saw him an hour later leaning up against a lamp post.

Wife—And you are the man who used to say, before we were married, that your life would be a blank without me.

Husband—Um! Well, it's getting to be a blanky blank with you.

Mrs. Housekeep—Suppose I should give you a nice dinner to-day, what return would you make?

Hungry Higgins—Well, ma'am, if I liked yer cookin' I'd return just as often as I could ma'am.

The Best Prescription for Malaria Chills and Fever is a bottle of GAY'S PAINLESS CHILL TONIC. It is simply iron and quinine in a tasteless form. No cure—no pay. Price 50c.

A MAN CAN'T swim in shackles.

It isn't a question of being able only to keep afloat. The man who is suffering from malnutrition is like the fettered swimmer. His stomach and its allied organs of digestion and nutrition are diseased. It is not a question with him of winning in the race for business but of simply keeping up under any circumstances. Whenever disease affects the stomach it is affecting also the blood and the health of every organ of the body. For blood is only food converted into nutrition and nutrition is the life of the body and every organ of it.

Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It purifies the blood and enables the perfect nutrition of the body which means perfect health.

"For six long years I suffered with indigestion and my liver and kidneys, which baffled the best doctors, and our country writes E. K. Russell, Esq., of Woolsey, Prince William Co., Va. 'I suffered with my stomach and back for a long time, and after taking a 'course' of medicine from three doctors I grew so bad I could hardly do a day's work. Would have death-like pains in the side, and blind spells. I began taking Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets.' Before I had taken half of the second bottle I began to feel better. I got six more bottles and used them, and am happy to say I owe my life to Dr. Pierce.'

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder.

If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one of more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

I have taken Kodol for nearly two months each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I take a bottle daily, I seldom need it, as it has cured me. Mrs. J. W. Connelton, Mile Center, N. Y.
