## WITHIN SEALED CELLS.

THE COLOR OF THE SMOKE WILL TELL THE RESULT.

Cardinals and Attendants Enter the Vatican and the Doors Closed Up With Brick and Mortar.

Rome, July 31.—To-day's ceremonies at the Vatican were all connected with the great function to which the sacred college has now devoted itself. The mass of the Holy Ghost was celebrated at 10 o'clock in the Pauline chapel by Cardinal Vanutelli, all other cardinals attending. The tenth congregational followed at 11:45. Cardinals Oreglia distributed silver medals, issued by him as camerlengo, as insignia of the temporal power during the interregnum. The cardinals then went to their homes for the last time before the meeting of the conclave and reassembled in the Pauline chapel at 4:30, preliminary to their entrance into the sealed quarters. This, in former times, was a solemn and imposing ceremony, but to-day it was stripped of all but the simplest form. The assembled prelates, with the attendant priests, sang with voices, many of which were thin and quivering, "Come, O Holy Spirit."

A procession was formed at 5 o'clock and the members of the sacred college marched slowly through the royal hall. Cardinal Oreglia led the procession. The cardinals, their secretaries, valets, cooks, barbers and other officials who entered the apartments, numbered about 275 persons, who will remain absolutely isolated from the outer world until the pope has been selected.

After preliminaries had been finished, Prince Chigi, as hereditary marshal of the conclave, began to clear the Vatican of all except those permitted to enter the conclave, while the cardinal camerlengo, with three other cardinals, inspected the doors and windows to see that all was secure. Finally, when all was found in order, Cardinal Oreglia locked the last door on the inside, while Prince Chigi locked it on the outside and stationed himself there to prevent the approach of all unauthorized persons.

The session this evening will be spent in informal discussion. Tomorrow the first ballot for a pope will be taken.

The chapel had been transformed since it was last used. Upon the altar a vast arras representing the descent of the Holy Ghost had been placed. A chair in front will remain until the new pontiff sits there to receive the first submission of his former colleagues. In the center of the chapel is a large table bearing two vases and one large covered chalice for the reception of ballots. Before each of the cardinal's thrones is a small table with ink, paper and sealing wax. At the left of the entrance is a stove with a pipe leading out of a window. In this stove the unsuccessful ballots will be burned with damp straw. The escaping black smoke will signify to the outside watchers that no choice has been made. When the decisive ballot is taken the papers will be burned with dry straw, and the light smoke will then indicate that a pope has been elected and that his election will be shortly announced in the customary manner.

## CURE FOR HAY FEVER.

J. H. Hill & Son Say Hyomei Will Give Relief—Sold Under Guarantee.

The season for hay fever is almost at hand and many people feel that they will be obliged to leave town in order to avoid the sneezing, watery eyes and other annoying symptoms of this disagreeable summer disease. J. H. Hill & Son wish us to announce that when Hyomei is used, either as a preventive or cure, there will be no hay fever. They advise the use of Hyomei daily for two or three weeks before the usual time for the annual appearance of hay fever. In this way the attack will be prevented. If, however, the preventive treatment was not started soon enough and the disease comes on, use Hyomei six or seven times daily and also rub Hyomei Balm thoroughly into the nostrils both morning and night. This treatment will relieve at once and give a speedy and permanent cure.

Hyomei actually brings into your own home, a climate filled with ozone and healing balsams, the same air that one breaths at the White Mountains or other health resorts.

There is no stomach dosing when Hyomei is used. It is Nature's own method for curing all diseases of the respiratory organs, and is breathed through a neat pocket inhaler that accompanies every outfit, so that the medicated air reaches the minutest air cells, killing all germs and soothing and healing the irritated mucous membrane.

It is the one treatment for hay fever where Hill & Son guarantee to refund the money if it does not give satisfaction. All who are subject to hay fever should begin its use at once so as to prevent the disease.

Winston-Salem, July 31.—In the Superior Court to-day Judge McNeill imposed a fine of \$400 and costs upon Mr. N. G. Williams for withholding District Attorney Holton in this city a few months ago.

Mt. Olive, July 31.—After a protracted illness of fifteen months, Mrs. C. F. Webb departed this life yesterday at 2 o'clock at her home near Wilson. The remains were brought to Mt. Olive this morning and interred in the Mt. Olive cemetery. The deceased was a member of the Baptist church and was a lady highly esteemed. She leaves a husband and one child.

Washington, July 31.—Midshipman Fry, of North Carolina, will not be expelled from the naval academy for hurling a glass at a colored waiter's head. This positive information came to-day from Superintendent Brownson of the naval academy, who stated that he had decided himself to pass on the case without submitting it to the navy department for action. Superintendent Brownson further said that the offense committed by the midshipman was a serious infraction of the rules and called for disciplinary measures, but was insufficient to justify the dismissal of the young man. It is learned that an order will be issued severely reprimanding Midshipman Fry for his conduct, and some form of punishment will probably be visited upon him. This will be the end of the case.

## KIDNEY TROUBLE CURED.

General Health Greatly Improved by Per-una.

Mrs. M. J. Danley, Treasurer of the Rebecca Lodge, I. O. O. F., writes from 24 First street, N., Minneapolis, Minn.: "I was afflicted for several years with kidney trouble which became quite serious and caused me considerable anxiety. I spent hundreds of dollars trying to be cured, but nothing gave me any permanent relief until I tried Per-una. It took less than three months and only ten bottles to effect a permanent cure, but they were worth more than a hundred dollars to me. I am fully restored to health, know neither ache nor pain and enjoy life."—Mrs. M. J. Danley.

This experience has been repeated many times. We hear of such cases nearly every day.

Mrs. Danley had catarrh of the kidneys. As soon as she took the right remedy she made a quick recovery.

## "OH, THE FOLLY OF IT ALL!"

This man actually made himself lame by walking all over the country looking for suitable material with which to build a house. He wanted good lumber, good brick, and good shingles; but his means were limited, and the prices at the mills were beyond his reach until he found A. T. GRIFFIN, who at once proved to him the folly of walking all over the face of the earth trying to find what he desired at reasonable prices. The man got what he wanted and went away wiser, and declared he would know where to go next time.

Mr. Griffin's Brick plant is situated just outside of the city limits, on the Southern Railroad, and his Lumber and Shingle plant is on the banks of Neuse river, near the mouth of Little river. When you need anything in his line, call on him or write your wants to
