THE WEATHER.

For North Carolina.
Possibly showers to-night and Friday.

PURELY LOCAL.

ITEMS OF INTEREST IN AND AROUND THE CITY.

Picked Up By the Ubiquitous Reporter and Chronicler For the Information of Argus Readers.

Mr. B. A. Newland, of the A. & N. C. R. R., was in the city today.

Prof. T. R. Foust is holding a teachers institute at Whiteville this week.

Mr. W. B. Fort, of Pikeville, was in the city today, returning from the reunion at Fort Fisher.

Rev. A. B. Crumpler will preach in the Holiness Tabernacle to-night. The public are cordially invited.

Mr. W. R. Hollowell, who has been attending the Friends' Yearly Meeting at High Point, has returned home.

Mrs. A. M. Prince returned home yesterday afternoon from a visit to her son, Mr. D. M. Prince, in Scotland Neck.

Col. A. C. Davis who has been in New York for two weeks on professional business, returned to the city this afternoon.

Capt. Jas. S. Hartsell, of the Atlantic Coast Line passenger department, left last night for Denver, Col., on an extended trip.

Prof. M. T. Edgerton, who has been visiting relatives in this section, left last night for Georgia, where he is engaged as an educator.

Mrs. Annie Cohn, of Baltimore, arrived in the city yesterday evening, to visit her parents and to attend the coming wedding of her niece Miss Mayme Isaacs.

Governor Aycock, returning from attending the reunion of the survivors of Fort Fisher, was in the city today, between trains, and was greeted right cordially by friends on all sides.

A colored excursion from Newbern arrived in the city this morning to spend the day. One negro while swinging off from the train steps struck his head against a telegraph pole and was hurt right badly.

All those interested in giving due public recognition to Goldsboro's superb volunteer firemen—the record breakers of the world—are requested to meet promptly at the Mayor's office tomorrow, (Friday) morning, at 10:30 o'clock.

Mrs. W. R. Hollowell, one of the leading spirits of the State Association for the betterment of public schools, left this morning for Whiteville, where she will talk on this subject before the teacher's institute now being held there.

Miss Mamie Johnson, of Fayetteville, who has been visiting Miss Garnett McCutten, in this city, left today for Smithfield, where she will attend the Confederate Reunion. She will also visit friends in Dunn before returning home.

Mr. and Mrs. Jos. Isaacs have issued invitations to the marriage of their daughter Miss Mayme to Mr. Ellis Goldstein, of Dunn, N. C., the happy event to take place in Orah Sholem Temple on Wednesday afternoon, August 26, at 4:30 o'clock, followed by a wedding dinner at the home, 310 North John street, at 6 o'clock.

Hatch Brothers, the popular excursion managers, will run an excursion from this city to Wilmington and Ocean View Beach, Friday, August 28th. The fare for the round trip is only \$1. They have also arranged with Capt. Harper for a 30-mile trip on the steamer Wilmington for 15 cents. The trip will be made after the return from the beach at 5 o'clock.

Mr. Thomas Newell, of Brogden township, this county, has a well fork which is over 100 years old. The fork was put down in 1801 and will now last 100 years longer. It is made of solid heart timber and is as perfect as it is possible to get a piece of timber. It may be well to add that a well fork is a piece of timber that is put in the ground at one end for the well sweep to rest on. This was the way that the "Old Oaken Bucket" was arranged.

THEY HAVE RETURNED.

The Firemen Have Returned Home From Durham With New Laurels To Be Added To Their Envious Record.

Like victorious warriors returning from the field of battle the Goldsboro firemen returned to-day from Durham, where they had added new laurels. They have returned loaded down with fresh honors to receive the applause of their own people, without which the honors would be of small account. The Firemen's State Association and the large crowd of visitors as well as the people of Durham have had many kind things to say of the Goldsboro firemen, all of which is sincerely appreciated not only by the firemen, but by every citizen of the "Gem City." If there is an organization in Goldsboro of which the people are more proud than another it is the fire department.

Every citizen is vying with each other in their efforts to do honor to the champions of the world, for such they are since they have owned the world's record in the horse hose reel races. It was not enough that the firemen should lower all records as they have done before, but they have lowered their own unbeaten record, which shows what practice and proficiency can accomplish. If possible, the people of Goldsboro are more proud of their excellent volunteer fire department than ever before.

The Goldsboro firemen are no strangers in the State Firemen's Association. For six years they have entered every tournament and have contended successfully for first honors in the horse hose reel races. Therefore when they went to Durham this time the other contestants had little hope of winning in the most prominent and most exciting race of the whole tournament. When the appointed time for the race came off all eyes were turned on the Goldsboro contestants and when they came down the track with all the speed that their fast horses could command and the couplings were made to the hydrant and nozzle with all the skill that practice could bring to bear the vast multitude of spectators had witnessed a scene unequalled in the history of the world. When the figures were placed on the blackboard the spectators gave vent to their enthusiasm with wild shouts of joy and lusty cheers. Pandemonium reigned for several minutes, during which time the members of the winning team were taken up bodily and carried about on the shoulders of their admirers.

Thirty and four-fifth seconds is a very short time, but that is all that was required for the No. 1 company of this city to drive their horse 200 yards, lay 200 feet of hose, attach one end to the hydrant and a nozzle to the other end and show water.

The Eclipse Company of this city, which has won first money on several occasions, only lost the race by one-fifth of a second.

There are honors enough to go around.

AS A SAD DEATH.

Former Goldsboro Lady Passes Away in Georgia.

The Fort Valley (Ga.) Leader, of August 6th, contains the following notice that will be read with sincere regret by many in this city and county—her former home:

"Mrs. Annie Eliza Jones, wife of our young friend Willie H. Jones, died at her country home five miles from town, on July 24, and her remains were laid to rest in Oak Lawn cemetery in this city.

"Mrs. Jones was born March 17, 1872, in Goldsboro, N. C., and was married Nov. 5, 1895, at Rock Hill, S. C., to Mr. W. H. Jones, of Fort Valley, Ga. She died July 24th, 1903, of rheumatism of the heart. Her brief married life was a happy one. She leaves four little children, two girls and two boys. She has also two brothers and two sisters, who survive her, Richard Jones and Mrs. M. D. Gaily of Chadbourne, N. C., Harvey Jones of Hobgood, N. C., and Mrs. W. E. Holmes of Goldsboro, N. C.

"Mrs. Jones was a lovely woman with a noble Christian character. She was a loving, faithful wife, good, sweet mother, and a devoted sister and friend.

"No death in our community has drawn out the heart sympathy of our people more than that of this good young woman, both for the kind husband and the four little orphans that she leaves with us.

"Mrs. Jones was a member of the Methodist church from her girlhood, and that she lived a faithful Christian life was clearly and unmistakably evidenced in the hour of death."

Drugs in Your Pastry.

COMMON Baking Powders are half Corn starch, the other half being Acid-phosphate, or Alum. Some of these are said to be very injurious, and quite unreliable. Good Baking Powders are one-fourth Rice Flour, one-fourth Soda, and one-half Cream of Tartar.

These cost 13 cents per pound to manufacture, but you must pay fifty cents per lb. for them, at retail.

And it takes \$4.40 worth of this Baking Powder to make a \$6.00 barrel of Flour into Tea Biscuits!

"PRESTO" quick-flour needs no Baking Powder, and very little "Shortening."

It is the finest flour milled in America, being rich in Gluten (muscle-former) with a comparatively low per centage of Starch (fat), while Baker's Flour, for instance, is chiefly Starch, with little Gluten.

"PRESTO" quick-flour has the exact proportions of Cream Tartar, Soda, and Salt, that such flour needs, already blended uniformly into it, by machinery.

These chemicals are the purest made, mixed with the flour when they are fresh and strong, and then sealed up in air-tight packages that Grocers retail at 10c and 25c.

The very best flour, and the purest Cream of Tartar and Soda are thus sold in "PRESTO," at the price of common flour, combined with Baking Powder, — why?

Because—"PRESTO" carries only a Miller's profit on the whole product, instead of a Druggists profit on the Baking Powder, or 44 per cent. portion.

Then, there's the great labor saving, and the certainty of results, to consider in its valuation.

"PRESTO" makes the quickest, surest, lightest, whitest, and most economical of cakes, biscuits, and pastry. See comparative costs in other advertisements.

We would be pleased to have you call.

Epstein Bros.

Old Fellows' corner.

OH, THE FOLLY OF IT ALL!

This man actually made himself lame by walking all over the country looking for suitable material with which to build a house. He wanted good lumber, good brick, and good shingles; but his means were limited, and the prices at the mills were beyond his reach until he found A. T. GRIFFIN, who at once proved to him the folly of walking all over the face of the earth trying to find what he desired at reasonable prices. The man got what he wanted and went away wiser, and declared he would know where to go next time.

Mr. Griffin's Brick plant is situated just outside of the city limits, on the Southern Railroad, and his Lumber and Shingle plant is on the banks of Neuse river, near the mouth of Little river. When you need anything in his line, call on him or write your wants to

A. T. GRIFFIN,
GOLDSBORO, N. C.

"There are not words enough in Webster's Unabridged Dictionary to do justice to

Mrs. Joe Person's Remedy."

So said Capt. W. W. Clements, engineer Southern Railway, Spencer, N. C., on April 28 1903. He said that he had been a severe sufferer from eczema for three years, during which time he spent over \$300 in medicines but it did him no good. He then tried Mr. Joe Person's Remedy, and it cured him. Eight bottles did the work.
