THE WEATHER.

For North Carolina.
Fair to-night and Thursday.

PURELY LOCAL.

ITEMS OF INTEREST IN AND AROUND THE CITY.

Superior Court is still in session and working on the civil docket.

Mrs. Dr. Frank Boyette has returned from visiting in Mt. Olive.

Mr. J. T. Hooks, president of the Bank of Fremont, was in the city to-day.

Messrs. J. T. Hooks and C. C. Aycock, of Fremont, were in the city to-day.

There will be no prayer meeting service at the Presbyterian church to-night.

Don't forget the broom drill and festival on Friday night at the Banner Tobacco Warehouse.

Owing to the absence of the pastor there will be no prayer meeting in St. Paul church to-night.

Mr. L. H. Chastex is erecting a neat and attractive tenant cottage in the rear of the Presbyterian church.

The price of tobacco continues to improve as better grades of the golden weed come on the market.

Mrs. A. T. Burwell is in the city on a visit to her grandchildren, Mrs. J. C. Eason and Mr. Isaac King.

There will be a meeting of the Goldsboro Woman's Club Thursday afternoon at 4:30 o'clock. The executive board will meet at 4 o'clock.

Col. Jos. E. Robinson went down to New Bern this afternoon, to preside as chairman of the stockholders meeting of the A. & N. C. R. R., in that city to-morrow.

The people throughout this entire section read the ARGUS, either its Daily or Weekly edition, and the merchants who fail to advertise are well—they're not "in it," that's all.

Mr. J. A. Stevens, of this city, has been commissioned by Governor Aycock to attend the National Farmers Congress that convenes this year and this week, at Niagara Falls.

Notwithstanding the very unfavorable government report on the condition of the cotton crop that was sent out yesterday, the price of the fleecy staple went down several points.

The next attraction in the Messenger Opera House is Reaping the Harvest, one of the finest plays on American stage. The trip scene alone is worth going miles and spending much money to see.

The stock dealers in this city are getting in new stock for the fall and winter trade. Goldsboro is one of the biggest stock markets in the State and besides selling to all of the adjoining counties, ships several car loads every year to distant counties.

Mayor Geo. E. Hood, accompanied by a large number of friends, went down to Mt. Olive this afternoon where he will wed Miss Julia Annie Flowers in the Methodist church at 6:30 o'clock this evening. She is one of the fairest daughters of that progressive town.

Mr. C. B. Hatch, of Mt. Olive, well known as an excursion manager, was in the city attending Court to-day. Mr. Hatch is completing a new hotel at Mt. Olive which he will soon open up to the public. The hotel is conveniently located and will no doubt prove popular with the traveling men.

To-night is Ladies' night, at the Elks Club, and every Elk is expected to be in attendance and be accompanied by a lady. This social feature deserves to be encouraged, and both the ladies and the gentlemen always enjoy these gatherings, which promise to be of increasing enjoyment as the winter season approaches.

"Uncle Jimmie" Scott's Grapevine Park is the most beautiful this year in its whole history, and the grapes are now ripe and luscious, and sufficient, "Uncle Jimmie" says, to feed three thousand visitors any day. His admission charge is still 15 cents; two for 25 cents; but he wishes it distinctly understood by the small boys, as well as by all others, that no grapes must be gathered and carried away in hats, baskets or pockets. Some have been doing this without his knowledge, but it will not be permitted further.

HUMAN HEARTS.

A Play That Will Live For Aye.

Not since the Messenger Opera House was first opened has there been a better play on its boards—or one more splendidly presented, than "Human Hearts," that was greeted here last night by a large and appreciative audience.

The company presenting this fine play is far above the usual traveling companies—in fact, we do not see how it could well be improved.

Every member is an artist in his or her particular role, while the scenery and staging of the play is perfect. The little girl was a wonder. Mr. Geo. W. Murlock, as "F. Logan," was superb, and Miss Chris Wallham as "Lampy" Morgan won the hearts of all. We mention these not in disparagement of the other members of the cast—for they were all good—but because the tone of the play brought them closer to the sympathies of the audience.

DISTRICT CONFERENCE.

Convenes in St. James A. M. E. Church in This City.

Mr. Editor: Please allow me space in your valuable paper to report that the District Conference of the Goldsboro District, convened in St. James A. M. E. church Tuesday, Sept. 22nd, 1903, with F. V. A. F. Moore, P. E., in the chair.

The Presiding Elder read for the scripture lesson a selection from the Psalms, and commented on the same, which taught us who shall abide in Thy tabernacle, and who shall dwell in Thy holy hills: He that walketh upright and worketh righteousness, and speaketh the truth in his heart.

We are glad to say that we have a corps of Christian ministers on this district, we shall endeavor while we are in this progressive city, to hold up the light of God.

WALTER LETTER.

ARGUS' REPORT.

WALTER LETTER, Sept. 22, 1903.

Well we have a prescription now which is guaranteed to cure all our ailments.

Miss Gertrude Thompson is on a visit to her friend Mrs. J. W. Perry at Princeton.

Mr. Jim Aycock, from Great Swamp, was visiting relatives in our community last Sunday.

Mr. and Mrs. Ed. Toy, from our city, were visiting Mr. and Mrs. J. C. Howell, Monday evening.

Dr. Thos. Hill, Miss Mag Hill and Master Thos. Hill Daily from your city were out here Sunday afternoon.

Messrs. David Edgerton and Chas. Brooks, from the Salem section, were visitors in our community last Sunday afternoon.

Mr. Joe Lane, who holds position with the A. C. L., with headquarters at Wilmington, was visiting his brother, Mr. W. H. Lane last week.

A rigid enforcement of the vagrant law would alter considerably the labor question, likewise with the loafers, and help stop the crimes which now every day crisscross the records of our State. But, like many other laws, it would do us well and even better if it were not on the statute books.

Mr. Jno. R. Smith, the original "Jno. R." says if we will keep a clear conscience, and vote the radical ticket, we will get well. We do not object to a radical cure, but how to apply the radical ticket to our politics and at the same time keep a clear conscience would require more skill than taking quinine and arsenic without their physiological effect.

If a man's hereafter is to be filled with happiness in the same proportion to his being unfortunate in this world, there are many poor mortals to whom St. Peter will present a season ticket at the Pearly Gates, that will entitle the holder to enjoy all the beauties and excellencies of the Celestial City, and throw around him a halo of Divine light that will cause his heart to overflow with praise and thanksgiving throughout eternity.

It is our humble opinion that if chills inspired ones chirographical attainments, ours would be producing at least three bales per acre—"Physician heal thyself!" Yes, we can do that, if quinine was not determined to play the most important role. But when a fellow already has to take a running start to hear what is going on around him, (and two if his wife wants him to hoe the garden) he is excusable for not applying remedies which make his defects more apparent.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys every nine minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order they fail to do their work.

Painful and disagreeable urinal discharges are the result of impure blood.

Headache, dizziness, and general weakness are the result of impure blood.

It is a well known fact that the kidneys are the most important organs of the body.

Chronic Sores Eating Ulcers, Upon the System.

Nothing is a source of so much trouble as an old sore or ulcer, particularly when located upon the lower extremities where the circulation is weak and sluggish. A gangrenous eating ulcer upon the leg is a frightful sight, and as the poison burrows deeper and deeper into the tissue beneath and the sore continues to spread, one can almost see the flesh melting away and feel the strength going out with the sickening discharges. Great running sores and deep offensive ulcers often develop from a simple boil, swollen gland, bruise or pimple, and are a threatening danger always, because, while all such sores are not cancerous, a great many are, and this should make you suspicious of all chronic, slow-healing ulcers and sores, particularly if cancer runs in your family. Face sores are common and cause the greatest annoyance because they are so persistent and unsightly and detract so much from one's personal appearance.

Middle aged and old people and those whose blood is contaminated and tainted with the germs and poison of malaria or some previous sickness, are the chief sufferers from chronic sores and ulcers. While the blood remains in an unhealthy, polluted condition healing is impossible, and the sore will continue to grow and spread in spite of washes and salves or any superficial or surface treatment, for the cure is in the outward sign of some constitutional disorder, a bad condition of the blood and system which local remedies cannot cure. A blood purifier and tonic is what you need. Something to cleanse the blood, restore its lost properties, quicken the circulation and invigorate the constitution, and S. S. S. is just such a remedy.

S. S. S. reaches these old chronic sores through the blood. It goes to the very root of the trouble and counteracts and removes from the blood all the impurities and poisons, and gradually builds up the entire system and strengthens the sluggish circulation, and when the blood has been purified and the system purged of all morbid, unhealthy matter the healing process begins, and the ulcer or sore is soon entirely gone.

S. S. S. contains no mineral or poisonous drugs of any description, but is guaranteed a purely vegetable remedy, a blood purifier and tonic combined and a safe and permanent cure for chronic sores and ulcers. If you have a slow-healing sore of any kind, external or internal, write us about it, and our physicians will advise you without charge. Book on "The Blood and Its Diseases" free.

DRESS - GOODS

Which we are showing this season are ahead of anything previously attempted by us, both as to the variety of the materials and the long range of colors shown. We might also add that we claim to offer you somewhat better values than you can obtain elsewhere and respectfully ask you to test our claim.

We have for example, a VEGETIAN CLOTH at half a dollar per yard, in black and colors. So has every other store. Make the test right here. Compare our cloth with one of the others.

You will see ours has a smooth rich appearance like a broadcloth; how about the other? Use friction on our cloth and it won't knot up as Venetians frequently do; how about the other? Crumple our cloth in your hand, or stretch it, then watch the cloth spring back into shape. That is because it is not only absolutely all wool but also has a pure worsted warp.

That is why it is superior to any other Venetian at fifty cents per yard.

In a word:— It has a better appearance. It will wear better. This substantiates our statement that we give you better goods at the same price. We are showing a range of ten shades in this Venetian.
