The New York city campaign is too much for Dr. Parkhurst.

General Miles refused the nomination Massachusetts Democrats handed out to him. Would he have refused had the solid South handed out one?

A room in the lunatic asylum is in waiting for the man who tries to cipher out the diagram of the political situation in the city of New York.

Being a world power is a good thing, but it comes mighty high. The cost of the army was \$114,000,000 more last year than it was the year before the Spanish-American War broke out.

The swindled red men of Indian Territory seem to be able to take care of themselves pretty well. One of them near Muscogee leased his land to the Standard Oil Company six times and got the money on each deal.

The Hon. Tom Platt should be excused from politics for a month or so. He is going to be married. Mrs. Lillian J. Janeway, widow of Dr. Janeway, is the bride-elect. Mr. Platt is seventy years of age, the lady is considerably younger.

A statement is made that the grave of Zachary Taylor, near Louisville, Ky., is lacking the care of a kindly hand. Precisely that cannot be said of the grave of John Tyler, in Hollywood Cemetery in Richmond, but the time certainly has come when Virginia should put a suitable monument over it.

Mrs. Maybrick is to be released from prison in July, 1904, meanwhile legal steps have been taken in New York to compel an accounting on the part of the members of the board of trustees of her parent's estate. A shortage of \$75,000 is "alleged" to exist, but it is a question whether there are any deficiencies. The fact is that Mrs. Maybrick has been at law for ten years and in that length of time it is possible to spend a great deal of money. A persistent agitation has been kept up in this country with the view of securing her pardon, but in the opinion of many the movement was ill-advised. John Bull is very resentful of the advice of foreigners. However, it is arranged that the unhappy prisoner shall be discharged next year.

Think of an electric car running at a speed of one hundred and twenty-five and four-fifths miles per hour! That is said to have been done day before yesterday on an experimental line near Berlin. The car used had four motors, having altogether a horse power of about eleven hundred, and is constructed on the Siemen-Halske system. There were twelve persons on board the car, all technical men, and the cable informs us, "the lives of all were heavily insured." While the engineers do not believe a speed of one hundred and twenty-five miles is practicable at present on the State railroads generally, they are prepared to recommend a speed of ninety-three miles an hour between Berlin and Hamburg.

### TRAIN ON FIRE.

Gasoline Explodes and Makes Hot Work For Firemen.

Greensboro, Oct. 9.—At 10:15 to-night there occurred an explosion of a large can of gasoline in a box car of a freight train in the Southern Railway yards in this city. The train caught fire and several of its cars and contents, together with a number of loaded freight cars on parallel tracks are burning. The firemen have several streams of water playing on the flames. The loss will be great.

There was a second explosion at 10:30 o'clock. Great excitement prevails.

### HAYWOOD CASE.

The Argument Is Now On.

Raleigh, N. C., Oct. 10.—The argument of counsel in the Haywood case bids fair from its beginning on yesterday to be a lengthy one. Mr. Jas. H. Pou for the defense and Senator John E. Woodard for the State consumed the larger part of the long session of court yesterday. Col. J. C. Harris for the defense began at 5 o'clock in the evening and spoke until ten minutes to six, when court adjourned. Col. Harris will conclude his speech this morning, beginning at nine o'clock.

### LIPTON SAILS FOR HOME.

New York, Oct. 9.—Sir Thomas Lipton sailed for England to-day in the steamer Cedric. Sir Thomas said that he was not feeling as well as he looked, but that he expected to gain strength on his way to England. Sir Thomas bade good-bye to H. H. Davies, his agent in this country, and Captain Webster, who were the only persons at the dock to see him off. He would not talk about the possibility of his challenging again for the cup.

### MRS. WORLEY ENTERTAINS.

Princeton, N. C., Oct. 6, 1903. We all enjoyed a delightful "soiree" party at the residence of Mr and Mrs Geo Worley Saturday night. The home was beautifully decorated in red and white. The first prize was won by Mr. Sidney Paul. The booby by Mr. Thad Woodard. The whole party were called into the dining room at 11:30 where the daintiest refreshments were served. Mr and Mrs Worley will be long remembered for their kind hospitality by all those who had the pleasure of attending.

### TO ALL CATARRH SUFFERERS

Hyomei Guaranteed to Cure by J. H. Hill & Son or Money Refunded.

The popularity and increase in the sales of Hyomei are unique in the annals of medicine. Such astonishing cures have been made by this remarkable remedy that the proprietors have authorized J. H. Hill & Son to sell every package of Hyomei under an absolute guarantee that it will cure catarrh. If it does not, the purchaser can have his money refunded by J. H. Hill & Son. Hyomei is no ordinary remedy. It is the only method of treatment that sends by direct inhalation to the most remote part of the air passages, a balsamic air that destroys all catarrhal germs in the breathing organs, enriches and purifies the blood with additional ozone, and makes permanent and complete cures of catarrh.

The complete Hyomei outfit costs but \$1.00 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a lifetime, and if one bottle does not cure, an extra bottle of Hyomei can be obtained for 50 cents. It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that follows nature in her method of treating diseases of the respiratory organs. Breathe through the inhaler for a few minutes four times a day and your catarrh is cured. That's all. If not cured J. H. Hill & Son will refund your money. After all it is only by posterity that the full horror of the Macedonian massacres may be appreciated. The historical novel is yet to come.

### THE OLD FOLKS AT HOME

Are Never Without Peruna in the House for Catarrhal Diseases.

MR. AND MRS. J. O. ATKINSON, INDEPENDENCE, MO. Under date of January 10, 1897, Dr. Hartman received the following letter: "My wife had been suffering from a complication of diseases for the past 25 years. Her case had baffled the skill of some of the most noted physicians. One of her worst troubles was chronic constipation of several years' standing. "She also was passing through that most critical period in the life of a woman—change of life. In June, 1895, I wrote to you about her case. You advised a course of Peruna and Manalio, which we at once commenced, and have to say it completely cured her. She firmly believes that she would have been dead only for these wonderful remedies. "About the same time I wrote you about my own case of catarrh, which had been of 25 years' standing. At times I was almost past going. I commenced to use Peruna according to your instructions and continued its use for over a year, and it has completely cured me. "Your remedies do all that you claim for them, and even more. Catarrh cannot exist where Peruna is taken according to directions. Success to you and your remedies." John O. Atkinson.

### Women's Headaches

522 1-2 Congress Street. PORTLAND, MAINE, Oct. 17, 1903. I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with suppressed menstruation which completely prostrated me. Pain would shoot through my back and sides and I would have landing headaches. My limbs would swell up and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nineteen days treatment I menstruated without suffering agonies I usually did and soon became regular and without pain. Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities.

Headaches are the danger signals of coming disease. Both men and women suffer headaches, but periodical headache falls only to the lot of women and is the warning sign of irregular menstruation and bearing down pains. Completely prostrated by nine months of suppressed menses, blinded by headaches and racked with pain Mrs. Snow was made a strong and healthy woman again. Remember with Wine of Cardui no case is hopeless because this great remedy cures permanently nineteen out of every twenty cases and never fails to benefit a case of irregular menses, bearing down pains or any female weakness. If you are discouraged and doctors have failed, try Wine of Cardui, and try it now. Remember that headaches mean female weakness. Secure a bottle of Wine of Cardui today. All druggists sell \$1.00 bottles of Wine of Cardui.
