GOSSIP OF THE WORLD.

ITEMS OF INTEREST FROM DIVERS SOURCES.

The Latest Telegraphic News of the
Day Boiled Down to a
Focus For Busy
Readers.

Rudyard Kipling's poem on
Chamberlain and tariff is almost sure
to follow; and it will doubtless be a
daisy.

Secretary Cortelyou has completed
his report for the education of Congress,
and it all hovers around his
former request for a seven million
dollar office.

Landlubbers about the Georgia
farm Sir Thomas Lipton has purchas-
ed needn't think he is going to
race his yachts on it. He will probably
plant it out in tea.

The next organization we may
look for is the Amalgamated Associa-
tion of Football Survivors. It should
be formed in time for a
Thanksgiving Day celebration.

It is now understood among faith-
ful Republicans that the extra ses-
sion of Congress to be held next
month will be devoted exclusively
to legislation, making effective the
Cuban reciprocity treaty. There is
no probability of any currency leg-
islation at the extra session. The
Aldrich Committee have not yet
been able to agree upon a report
which would probably pass both
houses. Indeed there is some hope
held out that the extra session will
be able to finish its business and ad-
journ before Thanksgiving Day, but
we doubt it. The discussion of "re-
ciprocify" quite naturally will bring
up the tariff question and when
members once strike that subject
there's no telling when they will
stop talking.

THE PIONEERS.

Lieutenant Peary is preparing for
another poleward dash. Foolish
some may call it, this persistent
search for an intangible point, and
even if it should succeed barren of
any practical good to humanity; and
it is something of a habit to regard
as less fine the quality of that cour-
age which impels the adventurer
upon such fruitless and Quixotic
quests than that courage possessed by
the man who dares that he may ben-
efit. Boldness, indeed, we grant
him, but it is apt to be with the
rather supercilious manner which
implies it is a kind of bravery which
has its birth in folly.

But the possession of this appar-
ently objectless daring; this pushing
curiosity that carried him into far
places when easier beaten paths of
advancement lay nearer home, it is
this casting of energy into waste
places without thought or prospect
of immediate material gain—that
have always marked the Anglo-
Saxon. His Viking ancestors, cen-
turies before Columbus, braving the
brunt of foam and flaw on un-
dared seas, cut with the sharp prows
of their dragon ships the promise of
a greater coming on the Vineland
sands. And the Liefs and Erics of
that day, and the explorers and ad-
venturers of a later time were none
of them deliberate seekers after
things that would benefit, but were
driven and coaxed and whipped
ahead by some restless devil in the
blood. A vast curiosity was there
to see what lay beyond, and a reck-
less daring that took no account of
obstacles.

They dared—not for gain, nor for
patriotic motives, but simply be-
cause of the impulse that would not
let them stay in their own peace-
ridden lands when there were new
countries to be seen and strange ad-
ventures to be encountered. And
this insatiable curiosity, backed by
persistent daring, has always plagued
the peoples sprung from the old
Northern races along the pathway of
advancement. They are ever hear-
kening to the sagas of adventure, their
mounting blood beats in their ears,
over yielding to the wild call of un-
pathed solitudes, and over pushing
on across the borderland of the un-
known.

The men who lead these foolish,
daring quests have left their bones
to mark the way for the advance of
science, trade, conquest. Full of cur-
iosity, persistence, rashness, they
are the world's pioneers.

REAL NOURISHMENT FOR ALL.

Mi-o-na Makes Thin People Fat—
J. H. Hill & Son Will Return
Money If It Fails.

Every one needs real nourishment;
then comes good health, strength
and endurance. Without it, you
waste away. Nearly every one eats
food enough to furnish the necessary
nourishment for the perfect support
of life, but the food is not assimilated
and there follows indigestion, weak-
ness and emaciation.

A few days' use of Mi-o-na, the
wonderful flesh-forming food, will
demonstrate its power to furnish real
nourishment and restore health. Mi-
o-na mingles with the food you eat,
aids assimilation, tones up and
strengthens the digestive organs and
puts the whole system into proper
physical condition.

By its use, the elements needed to
increase flesh are assimilated from
the daily food and each week will
show a noticeable gain in weight.

J. H. Hill & Son knows personally
of many cases of long standing stom-
ach troubles, some of them very bad,
that were entirely cured with Mi-
o-na. The thin and scrawny have used
this preparation and by its aid have
gained real nourishment.

J. H. Hill & Son feel that they
can honestly recommend Mi-o-na and
as an evidence of their faith in the
merit of the article, offer to sell it
with the distinct understanding that
the money is to be returned in every
case where it fails to do all that is
claimed for it. You risk nothing in
buying Mi-o-na, and if it gives the
desired health, the cost is trifling,
only 50c a box. If it fails, J. H. Hill
& Son will pay for the remedy them-
selves.

AN OLD STAND-BY.

We hope that all the mothers of
our community have read the ad-
vertisement of Dr. Moffett's teething
powders (Teethina) that has been ap-
pearing in this paper, as it comes to
us highly endorsed by the best peo-
ple of the land who have used it.

Teethina is not a patent medicine,
but a favorite prescription of Dr. C.
J. Moffett, who graduated at Joffe-
son Medical College, Philadelphia,
Pa., and has had much experience
in the treatment of children, and his
Teethina becoming so popular he
was forced to abandon the general
practice to devote his time to the
manufacture of these powders that
have saved the lives of thousands of
children. It is claimed that nothing
equals them for the irritation of teeth-
ing and the summer troubles of
children of any age and no mother
with small children should be with-
out them.

A TERRIBLE GALE.

THE BEACH STREWN WITH WRECKS—VESSELS LOST AT SEA.

Thousands of People Crowded the
Trains to the Coast To-Day
and Viewed the Wrecks
of the Big Barges.

(Special to the ARGUS.)

Norfolk, Oct. 11.—The heavy gale
that has raged over this section since
Thursday has to-night spent its
power. For miles and miles along
the Virginia coast the beach is lit-
tered with wreckage.

Thousands of people crowded
trains for the coast to see the wrecks.
The barges Ocean Belle and Geor-
gia, and the three-masted schooner
Nellie Howlett, are a complete
wreck.

The body of Capt. Geo. E. Evans,
of the Georgia, washed ashore late
last night.

The rescue of the remaining three
negroes of the crew by the surfman,
W. A. Capps, of Seatack station, was
one of the most heroic acts in the
history of the surfman on the Vir-
ginia coast.

CANCER CURED BY BLOOD BALM.

All Skin and Blood Diseases also
Cured.

Mrs. M. L. Adams, Fredonia, Ala.,
took Botanic Blood Balm, which ef-
fectually cured an eating cancer of
the nose and face. The sores healed
perfectly. Many doctors had
given up her case as hopeless. Hun-
dreds of cases of cancer, eating
sores, suppurating swellings, etc.,
have been cured by Blood Balm.
Among others, Mrs. B. M. Guernsey,
Warrior Stand, Ala. Her nose and
lip were raw as beef, with offensive
discharge from the eating sore.
Doctors advised cutting, but it fail-
ed. Blood Balm healed the sores,
and Mrs. Guernsey is as well as ever.
Botanic Blood Balm also cures
eczema, itching humors, scabs and
scabies, bone pains, ulcers, offensive
pimples, blood poison, carbuncles,
scrofula, risings and bumps on the
skin and all blood troubles. It im-
proves the digestion, strengthens
weak kidneys. Druggists, 50c per
large bottle, with complete direc-
tions for home cure. Remoive free
and prepaid by writing "Blood Balm"

Distress After Eating Cured.
Judge W. T. Holland of Greens-
burg, La., who is well and favorably
known, says: "Two years ago I suf-
fered greatly from indigestion. After
eating, great distress would inevi-
tably result, lasting for an hour or so
and my nights were restless. I con-
sidered to try Kodol Dyspepsia Cure
and it cured me entirely. Now my
stomach is refreshing and digestion
perfect." Sold by Goldsboro Drug Co.

CANCEROUS ULCERS ROOTED IN THE BLOOD.

After the age of 45 or 50, when the vital powers are naturally weaker,
it is noticed that a hurt of any kind heals slowly and often a very insignifi-
cant scratch or bruise becomes a bad ulcer or a small pimple came on my jaw, but gave me no
pain or inconvenience, and I should have forgot-
ten about it had it not begun to inflame and fester; it
would bleed a little, then scab over, but would not
life wart growths, moles and pimples that
have been on the body almost from birth begin
to inflame and fester, and before very long
are large eating ulcers.

Whenever a sore or ulcer is slow in healing then you may be sure
something is radically wrong with your blood. Some old taint or poison
that has been slumbering there for years, is beginning to assert itself,
and breaks out and becomes a bad ulcer and perhaps the beginning of
Cancer. These old sores are rooted in the blood, and while washes, soaps,
salves, etc., keep the surface clean, they are not healing. A blood
medicine to purify and strengthen the polluted blood
and a tonic to build up the general system is what
is needed, and S. S. S. is just such a remedy. No
poison is so powerful and no germ so deadly
that this great vegetable blood remedy cannot reach
it, and ulcers of every kind quickly yield to its wonderful curative prop-
erties. If you have an old sore or ulcer, write us all about it, and medical
advice or any information you may desire will be given by our phys-
icians without charge. THE SWIFT SPECIFIC CO., ATLANTA, GA.

Woman's Nightmare

No woman's happi-
ness can be complete
without children; it
is her nature to love
and want them as
much so as it is to
love the beautiful
and pure. The critical ordeal through which the expectant mother must
pass, however, is so fraught with dread, pain, suffering and danger,
that the very thought of it fills her with apprehension and horror.
There is no necessity for the reproduction of life to be either painful
or dangerous. The use of Mother's Friend so prepares the system for
the coming event that it is safely passed without any danger. This
great and wonderful remedy is always
applied externally, and
has carried thousands
of women through
the trying crisis without suffering.
