The Latest Telegraphic News of the
Day Billed Down to a
Focus For Busy
Readers.

New Orleans, Nov. 9.—Kid Broad
defeated Tim Callahan in a 10-round
bout before the Southern Atlantic
Club to-night.

Washington, Nov. 9. Admiral
Dewey to-day raised his flag over
the Dolphin and left for Norfolk and
Annapolis on an inspection tour.

St. Augustine, Fla., Nov. 9.—Dr.
I. K. Roney died at his home here
yesterday. He was a surgeon in
Lee's corps during the Spanish-
American war.

Washington, Nov. 9.—The Fifty-
eighth Congress convened in extra-
ordinary session at noon to-day in
accordance with the proclamation of
President Roosevelt for the purpose
of enacting legislation necessary to
make effective the Cuban reciprocity
treaty. The day was devoted sim-
ply to personal greetings and organi-
zation. The House elected Joseph
G. Cannon, of Illinois, Speaker.

MORE SLEEP NEEDED.

Physicians are rising up to say that
this country is going to the dogs be-
cause the men and women in it do
not sleep enough. Fortunately for
the country as an entity, the prevail-
ing poverty of sleep does not fit the
rural districts. Men and women and
children sleep there, and they are all
the better for it.

It is in the towns that sleep is en-
croached upon by business or pleas-
ure or society until there is not much
of it left in night hours at any rate.
And night was primarily made for
sleep. The meaning of darkness is
sleep. Sleep is recuperation for the
weary brain and body, and it is as
essential to-day as it ever was or ever
will be. Nature's demands cannot
be changed by business or society or
the desire for pleasure. Sleep is the
only thing that will make good the
wear and tear of life, and nature's
call to sleep should not be ignored.
It should be heeded to the fullest
possible extent.

It is not possible to say how many
hours mankind should sleep. Some
need more, some less. Ben Franklin
said, "Six hours of sleep for a man,
seven for a woman, and eight for a
fool." If this rule were reversed it
would perhaps be better. But there
can be no general rule as to hours.
There is but one rule, and that is
this: Sleep if possible in the night
time, for that is what nature intend-
ed, and whoever crosses nature gets
the worst of it. The business man
or the society woman who uses the
hours of the night for other purposes
must pay the penalty in nervous
wretchedness and drugs and stimu-
lants, and in a hastening of the sleep
that knows no waking. The man
or woman that sleeps 'o nights lives
long.

DANIEL CONVICTED.

EVIDENCE OF HIS GUILT CON-
CLUSIVE.

The Negro Murderer of Senator
Simmons' Father To Hang
On December the
Eleventh.

Trenton, N. C., Nov. 9.—The ver-
dict of murder in the first degree
against the negro Daniel, rendered
Saturday, was not unexpected as the
evidence linked with the confession
of the defendant justified such find-
ing.

It was shown early in the trial
that Daniel had gone hunting the
morning of the homicide; that he
had his single barreled breech load-
er and a game bag with him; that he
stopped at a neighbor's and made a
paddle for his canoe, which he had
in the river; that the paddle was
made of a long cypress board which
had been used as a target and had
several shot in it; that the same pad-
dle was found in a canoe very near
the place of the homicide and identi-
fied as the same; tracks that were
seen going from the place where the
boat was first landed (on Mr. Sim-
mons' side of the river) up the banks
and some tracks returning to the
boat; that the boat was found on the
opposite side of the river and the
same tracks were made by shoes of
the same size that defendant wore.

Threats were also shown prior to
the death of Mr. Simmons. His con-
fession made to Mr. Lon Taylor,
sheriff, and Harry Brogden, on the
road from Cove Creek to Trenton
was given by these two gentlemen,
in which Daniel claimed that Mr.
Simmons had drawn his gun on him
and that he had to shoot in self de-
fense; that he shot Mr. Simmons
from his boat in the river. This was
shown to be impossible as Mr. Sim-
mons was fifty yards from the river
and could not have been seen unless
he had been within a few feet of the
river.

It was further shown that the
banks at the place are steep and cov-
ered with dense undergrowth and
that Mr. Simmons had not been any
nearer than where his body was
found. About forty witnesses were
examined on behalf of the State. The
defendant introduced no witnesses,
nor did he take the stand.

Sentence was pronounced by the
Judge amidst a solemn silence, set-
ting December 11th as the day of
execution. The people are quiet and
while there is no open manifestation
of approval of the verdict there is
surely an undercurrent of satisfac-
tion.

There was nothing in the trial
that indicated that there was any
feeling against the negro or his race.
A white man would have gotten the
same verdict.

The defendant appealed to the Su-
preme court, which appeal was
granted, and the defendant was not
required to give bond as it appeared
from affidavit and certificate that he
could not do so.

HOBSON SEEKS MEDAL

That His Sister Lost In a Sanatorium
That Is Worth \$1,000.

New York, Nov. 9.—Richmond,
Pearson Hobson appeared in the
Jefferson market police court to-day
to apply for a search warrant in a
house in West 38th street, which is a
sanatorium. He told Magistrate Mayo
that his sister, Margaret Hobson,
who has been attending an older sis-
ter there, who is suffering from nerv-
ous prostration, lost a purse con-
taining \$68 and a gold medal, stud-
ded with thirty-eight diamonds,
worth \$1,000. Captain Hobson said
this medal was presented to him by
a Southern society and he prized it
highly.

As Capt. Hobson was unable to
state that the purse had been stolen
the magistrate informed him that it
would be inadvisable to issue a
search warrant and issued three sum-
mons of the manager of the sanita-
rium and two colored servants to ap-
pear in court Wednesday. Captain
Hobson also notified police head-
quarters of his loss.

Some people say there is no harm
in taking a drink, but the drink
drinker does more harm to this
country than the drunkard. The
drink drinker goes into the saloon
and gets himself a drink and tells
the boys that it isn't any harm—
that he has been drinking all his
life and has never been drunk. The
boys try his plan and three out of
five make drunkards. Woe be unto
him who takes the first drink. Let it
alone, boys, and it will not trouble
you.

SIMPLE REMEDY FOR CA- TARRH.

Just Breathe Hyomei Four Times a
Day and Be Cured.

If a few years ago some one had
said you can cure catarrh by breath-
ing air charged with a healing bal-
sam, the idea would have been ridic-
uled and it remained for that em-
inent investigator, R. T. Booth, to
discover in Hyomei this method of
cure.

Hyomei has performed almost
miraculous cures of catarrh and is to-
day recognized by leading members
of the medical profession as the only
advised remedy that can be re-
lied upon to do just what it claims.
The complete outfit of Hyomei costs
but \$1.00 and consists of an inhaler,
a medicine dropper and a bottle of
Hyomei.

Breathe Hyomei through the in-
haler for a few minutes four times a
day and it will cure the worst case
of catarrh. It soothes and heals the
mucous membrane of the air pas-
sages, prevents irritation, and effects
a complete and lasting cure.

In Goldsboro there are scores of
well known people who say they
have been cured of catarrh by Hy-
omei. If it does not cure you, J. H.
Hill & Son will return the money
you paid for Hyomei. This is the
strongest evidence that can be offer-
ed as to their faith in the remedy.

Rheumacide

Will probably do the work. Had come regularly. RHEUMATISM
caused by getting rid of the cause, as that gets rid of the disease ligaments
in the system. It purifies the blood, relieves the inflammation of the kid-
neys, the chronic degeneration and the catarrh that follows such a condi-
tion of the system.

Though Mrs. Mary P. Statham, of High Point, N. C., is 80 years old
and had suffered from rheumatism for 20 years, she was completely cured
by RHEUMACIDE, and declares she feels "years younger" and is able
to "do all who are suffering from any of the forms of this dread disease" to
try RHEUMACIDE and be cured.

R. W. J. B. WHEELER, a noted Methodist minister, of Reisterstown,
Md., writes enthusiastically of RHEUMACIDE, which cured him. He is
75 years old and has been in the ministry 50 years.
