GOD IS EVERYWHERE.

An All-Pervading, Though Silent, Call For Help.

Far and Near, On Land and On The Bosom of The Great Deep, Instruments Caught the Cry.

Out of the fog of Nantucket lightship early Saturday morning came an all-pervading, though silent, call for help. The giant White Star liner Republic, with well-nigh a thousand souls on board, had been rammed by the steamship Florida. The sharp prow of the latter left a gaping hole in the Republic's side, through which the waters rushed, and but for the transcendent skill of the modern shipbuilder probably not a soul on the great vessel would have been saved.

Scarcely had the echo of the collision died away in the fog when the wireless apparatus of the Republic had begun to hurl appeals for aid into space and on the wings of the lightning went the messages. Far and near, on land and on the bosom of the great deep, instruments caught the cry. Response was instant and many vessels were rushing at top speed to the aid of their endangered sister before the message came that the Republic, though badly crippled, could remain afloat.

This was the first test of the value of the wireless transmission of messages in any great emergency. The quickness with which responses were received proved of the greatest comfort to those on the endangered vessel and demonstrated fully the great importance of the invention.

John Slaughter & Co. are giving free a handsome set of ware, well worth \$7.50. See advertisement in this paper.

AT FRIENDS CHURCH.

Distinguished Speakers Are Furnishing a Spiritual Feast of Rare Grace.

The Meetings of the Bible Institute and the sermons at the Friends' Church are proving to be a gracious success. The large church auditorium was filled Sunday morning and night to hear the distinguished Emma B. Malone, of Cleveland, Ohio. All went away delighted. Better sermons were never listened to in Goldsboro. Her face is lighted with a heavenly love, her voice is sweet and clear, her manner is earnest. She often moves the audience to tears. Her familiarity with Bible subjects, and her mental grasp of her themes are remarkable. Her expositions of lesson on the life of Abraham has been such that Bishops might hear with profit.

She speaks at 11 o'clock and at 7:30. There was a large audience again last night, and the sermon was a remarkable one.

Prof. Jno. W. Moody's addresses at 2 o'clock are worth going a long way to hear. The discussions on Church Work are profitable.

Mrs. Malone preaches again tonight. Come early and get a good seat.

At 3 p. m. Wednesday Rev. S. Myrick, of Greensboro will give an address on "China Coming to Christ." He spent several years in China. All Christians ought to hear this address. It will be full of instruction.

Attend these meetings. The hours are 10:30, 2:00 and 7:30.

Read John Slaughter's advertisement in this paper and you will not wonder why they have such crowds every day.

JAMMED IN PROW.

Where They Met Death When She Rammed The Republic

New York, Jan. 26.—The Italian liner Florida came into port today with two of her dead still beneath the twisted steel and timber. The bodies are wedged in the broken prow and dozens of men are working to get them out. Eugene Lynch, whose wife was in the collision, died this morning at the hospital.

Sept. W. J. Hicks of Oxford Orphan Asylum, writes at bottom of his annual order for Vick's Croup and Pneumonia Salve that he finds it most valuable among the many children of the institution. No family should be without a jar.

If you get it at "The Imperial" it has Quality.

INJUNCTION CONTINUED.

Mr. W. H. Griffin Wins Suit Prohibiting Southern Railway From Laying a Spur Track Along Beach Street.

In the Superior Court in this city the case of Mr. W. H. Griffin vs. Southern Railway was heard and determined.

This case was begun some weeks ago, when the Southern Railway secured from the Board of City Aldermen a permit to lay a track along Beach street, leading from the yard of the above road to its right of way touching George street and thence to the new Union Passenger Station. Mr. Griffin, who owns considerable property along Beach street, protested before the Board of Aldermen against their granting this permit, and immediately thereafter sued out a writ of injunction before Judge W. R. Allen, in Chambers, which was made returnable to this term of court, and this morning the case was heard on its merits and argued before Judge Lyon, the judge presiding, and he made the injunction permanent.

The only remedy for the railroad now is to go before the Legislature for a special empowering act, authorizing them to subject this street to their occupancy, which will hardly be accomplished.

The injunction, however, does not obviate the Southern's approaching its yards from the new depot, however, as it can lay its spur track in its own yard, merge it into the Y track, already touching George street, and thence the track can be continued on to the depot.

Get a handsome set of ware, worth \$7.50, free. See John Slaughter's advertisement in this paper for particulars.

OFF FOR PANAMA

The Voyage Begun From Charleston Yesterday Morning By President-elect Taft and Party.

President-elect and Mrs. Taft and party, including a small staff of distinguished civil engineers selected to inspect with the President-elect the Isthmian Canal, sailed from Charleston, S. C., for Panama at 9 o'clock yesterday.

The party will reach New Orleans on the return trip on February 13th.

In a runaway accident yesterday at the cotton yard, a colored man from Greenleaf was thrown from a wagon and suffered a fractured limb.

MI-O-NA

Relieves Stomach Misery Almost Immediately.

If the food you ate at your last meal did not digest, but laid for a long time like lead on your stomach, then you have indigestion and quick action should be taken.

Of course there are many other symptoms of indigestion, such as belching up sour food, heartburn, dizziness, shortness of breath and foul breath, and if you have any of them, your stomach is out of order and should be corrected.

MI-o-na tablets have cured thousands of cases of indigestion and stomach trouble. If you have any stomach distress MI-o-na will relieve instantly.

But MI-o-na unlike most so-called dyspepsia remedies, does more than relieve; it permanently cures dyspepsia or any stomach trouble by putting energy and strength into the walls of the stomach, where the gastric juices are produced.

A large box of MI-o-na tablets costs but 50 cents at J. H. Hill & Son, and are guaranteed to cure or money back. When others fail, MI-o-na cures. It is a producer of flesh when the body is thin; it cleanses the stomach and bowels; purifies the blood and makes rich red blood.

STATE LAWMAKERS.

Several Bills of More or Less General Interest Yesterday At Raleigh.

The reception of the report of the Legislative Committee of 1907 to investigate conditions in the State offices, which took the same course as it did in the House Saturday; a bill to provide equipment and maintenance of the East Carolina Teachers' Training School at Greenville, and another by Hillott, of Hickory contemplating a re-districting of the State as to judicial districts at the next session were the features of yesterday's session of the Senate.

In the House important bills were to eliminate the poll tax prerequisite for voting and extend the educational qualification to November 1916, to make more stringent the law as to the sale of opium and morphine, and to regulate the driving and management of automobiles on public roads of New Hanover and 47 other counties, which asked to be included in its provisions.

A bill by Mr. Morton, of much importance to the people of New Hanover, is "to restore local self government in New Hanover" by exempting it from the provisions of the State prohibition law. The preamble recites that at the election on the issue last May New Hanover voted against the measure and goes on to say that "believing that local self-government is the foundation stone of a Republican form of government, that New Hanover be exempted from the provisions of the new State prohibition law and that all acts relating to the manufacture and sale of spirituous liquors in force December 30th, 1908, be re-enacted to apply to New Hanover county." The bill went to the committee on Liquor Traffic from which it is hardly expected that it will receive a favorable report.

Senator Klutz, president pro tem, presided for a 45-minute session of the Senate yesterday. The report of the 1907 Legislative committee on examination of the offices of the state Treasurer, Auditor and Insurance Commissioner was offered by Senator Blow, and on his motion referred to a select committee for examination and report. The committee is not named.

NOTICE OF SALE.

Under and by virtue of the power of sale contained in the mortgage executed by S. E. Cook and wife Alice Cook, and L. H. Hooks, to Dudley A. Powell, guardian of Elizabeth Powell and Minerva Powell, dated the 23rd day of October, 1906, and registered in the office of the Register of Deeds of Wayne County, North Carolina, in Book 91, Page 191, the indebtedness therein secured being due and unpaid, the undersigned will, at 12 o'clock M. on the 26th day of February, 1909, at the Court House door in Goldsboro, said County and State, sell by public auction to the highest bidder for cash the lands and premises described as follows:

"The tract of land situated in Nahantua Township, Wayne County, North Carolina, bounded and described as follows:—Lying on the South South side of Fremont and Bureka county roads and adjoining lands of Barnes Aycock, J. T. Hooks, the heirs of R. E. Cox and R. E. Aycock, wholly surrounded by the said road and said lands, containing 38 acres more or less, being the lands which descended to the said L. H. Hooks from his father Jesse Hooks upon which the parties of the first part now reside."

This 6th day of January, 1909.
Dudley A. Powell, guardian of Elizabeth Powell and Minerva Powell, Mortgagee.

JUDGE ALLEN'S VIEWS.

He Expresses Himself in Regard To That Judiciary Regulating Bill.

Judge O. H. Allen was asked the other day what he thought of the bill suggested in the Legislature to require judges to remain at county seats throughout the entire time allotted for a term of court. "I like that all right," replied Judge Allen. "Such a law would make no difference with me, as it is my custom to remain to the end of the term anyway. But I would like to offer one amendment to such a bill, and that is that every lawyer having business with the court be also required to remain to the end of the term, and that they be allowed to continue no cases, even though counsel on both sides consent to it, unless the judge gave his consent to such continuance."

Judge Allen said further that out of the sixteen Superior court judges in the State, very few of them showed a disposition to leave their courts before the expiration of the term, yet he noticed that all of them came more or less under a general criticism for the short-comings of the few.

PENN. TRAIN WRECKED.

Roiled Down Embankment Seventeen Injured, Some Fatally.

Coshocton, O., Jan. 26.—The Pennsylvania, St. Louis and New York flyer, eastbound, was wrecked early this morning at Adams Mills, twelve miles west of here. Two Pullmans left the track, rolling down an embankment.

Seventeen are injured and it is feared some of the passengers may be dead. Doctors and nurses are going to the scene.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney poisons in the blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and sold in glass bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

EASTERN B. B. LEAGUE.

Directors Will Meet Tonight To Effect an Organization.

This evening in Wilson the directors of the Eastern Carolina Baseball League will meet for the purpose of winding up the unfinished business of last season and to decide whether or not the league will continue. There is little doubt but that the league will continue as all the towns belonging to the league are anxious to play ball again this season and others will seek admittance.

The league at present is composed of Wilmington, Raleigh, Goldsboro and Wilson. Last season the league was composed of six clubs at the beginning of the season, but New Bern and Winston dropped out before the season closed. It is thought that Rocky Mount, Fayetteville, Durham and other towns will ask admittance to the league and it is quite probable that two towns will be taken in and thus form a six-club league.

Capt. T. M. Washington, of Wilson, is president of the league and Mr. C. H. Gattis, of Raleigh, secretary. New officers will be elected tonight in the event that the league continues.

MARRIED WOMEN

Every woman covets a shapely figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided by the use of Mother's Friend before baby comes, as this liniment prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend makes the danger of child-birth less, and carries her safely through this critical period. Thousands gratefully tell of the benefit and relief derived from the use of this remedy. Sold by druggists. Book mailed free to all expectant mothers. THE BRADFIELD REGULATOR CO., Atlanta, Ga.
