CHILD'S DREADFUL SKIN TROUBLES.

Had Sixty Boils when but Six Months Old—Was Annually Attacked by a Humor—it Looked Red Like a Scald and Spread Over Half Her Head—Both Troubles are Cured.

NO PRAISE TOO HIGH FOR THE CUTICURA REMEDIES.

"When my little Vivian was about six months old, her papa had a boil on his forehead. At that time the child was covered with prickly heat and I suppose in scratching it, her own head became infected for it broke out in boils, one after another. She had about sixty in all and I used Cuticura Soap and Cuticura Ointment which cured her of them entirely. Then, sometime later, her little foot got sore between the toes. Being afraid it was salt rheum, I spoke to our doctor. He gave me a powder which dried it up, but soon after it broke out behind her ears. They cracked half way around and the humor spread up on to her head. I always bathed it with warm water and Cuticura Soap and applied Cuticura Ointment which never failed to heal it up. The last time it broke out was when she was six years old. It became so bad that I was discouraged. Then I procured a bottle of Cuticura. The ointment which soon cleared it out of her blood. I continued the use of Cuticura Soap and Ointment with the Resolvent until she was perfectly well. She is now about eight years old and has never been troubled in the last two years. We also find Cuticura Resolvent a good spring medicine and we are just giving the children Cuticura Resolvent Pills as a tonic. We do not think any one can praise Cuticura Remedies too highly. Mrs. M. A. Schwin, 674 Spring Wells Ave., Detroit, Mich., Feb. 24, 1908."
