LOCAL BRIEFS.

Items of Interest in and Around the City.

—Court next week.

—And the next day it rained.

—All aboard for Seven Springs!

—Every public-spirited, sagacious citizen of Goldboro should get in line, touch elbows with every other like citizen and all together work for Greater Goldboro.

—This was a fine day for the traveling public to rejoice in the comforts of our new union passenger station. So different from what it used to be on a "rainy day." We go forward.

—The baseball team of the Goldboro High School went down to Wilmington this afternoon to engage the team of the Wilmington school in a "double header" in that city tomorrow. May our boys win!

—The Argus tomorrow will contain another letter from our good friend and universally esteemed fellow citizen, Mr. Henry Well, that is even more interesting than his former letter on the sights he is seeing abroad.

—Notwithstanding the unfavorable weather today the millinery opening of Castex & Co. had its characteristic large attendance of ladies—home folks and visitors—and everything was delightful and beautiful and everybody enjoyed it to the limit.

—Now that springtime is with us, Gentle Annie, it is in order for the Civic Improvement League to rejuvenate. The underlying idea is to make Goldboro a "city beautiful," as should become The Best Town in the State—a sweeter, prettier place to live in; to add to nature's charms, so abundantly vouchsafed our city, all that man or woman can devise—especially woman, for, after all, if we are to have "The City Beautiful," the women must become the chief factors in the movement, for it is—or are—the women who make the homes of the city, and the manner in which they do it will make or mar the plans and purposes of the Civic Improvement League.
