LOCAL BRIEFS.

Items of Interest in and Around the City.

Court will reconvene Monday for the trial of civil causes.

It looks like civic progress at the west end of Walnut street, where the bitulithic pavement is now being laid.

Tomorrow is the Easter Sunday, the glorious feast of the Resurrection, and the end of the Lenten season.

Don't fail to attend the meeting of the Civic Improvement League in the City Hall Tuesday evening at 8 o'clock.

The city primary for the selection of a Democratic candidate for mayor for this city for the ensuing two years is near at hand.

A great many young folks of our city who are "off at school" are at home for Easter—too numerous to mention, and The Argus wishes each and all a joyous, gracious holiday.

There was a heavy frost and considerable of a freeze last night, and the indications are that fruit, strawberries, peas in bloom and sprouting beans have been seriously damaged.

Monday will be a glad day in Goldsboro for the young folks, with Sparks' circus in town. And, too, it will be very satisfying to those of the grown-ups who were here before the war, when the one tent and one ring circus afforded amusement enough. That is the kind of circus Sparks' is.

The first really full grown and ripe strawberries in considerable number were brought to our office today by Mr. Lehoad Grant, of New Hope township—the same who won the seed-corn prize in the recent county demonstration. He says he will have plenty of berries for market in a few days.

The government will have no difficulty in persuading Whitelaw Reid to keep on spending his money in London until some one can be found to take his place.

Mrs. Hetty Green has gone to live with her son-in-law in New York, and New Yorkers begin to feel that friction will soon exist in their midst.

Thousands Have Kidney Trouble and Never Suspect It.

Most people do not realize the alarming increase and remarkable prevalence of kidney disease.

While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physicians, who content themselves with doctoring the effects, while the original disease undermines the system.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage.

It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

S.S.S. NATURE'S TONIC

The very great majority of persons need a tonic in the Spring or early Summer. The system undergoes a change at this season and the entire physical machinery is disturbed. The general bodily weakness, a tired, worn-out feeling, fickle appetite, poor digestion, a half sick feeling and a general run-down condition of the system, show that the blood is weak or anemic, and a blood purifying tonic is needed to build up the deranged system and enrich the blood. The use of S. S. S. at this time may save you from a long spell of sickness, and it will certainly prepare you for the long, hot Summer. Many people have put off using a tonic until the system became so weakened and depleted it could not successfully throw off disease germs, and have paid for the neglect with a spell of fever, malaria or some other debilitating sickness. S. S. S. is Nature's ideal tonic. It is a composition of the extracts and juices of roots, herbs and barks which science and experience have proven are best fitted for a tonic to the human system. It contains no minerals of any kind and is therefore perfectly safe for persons of any age. S. S. S. tones up the stomach and digestion, rids the system of that tired, worn-out feeling, and imparts vigor and strength to every part of the body. It purifies and enriches the blood, stimulates the secreting and excreting members to better action, quiets the over-strained nerves, and makes one feel better in every way.

SACK SUITS are the commonest garments worn by men in ordinary daily activities; the regular thing for business. That's all the more reason for having!

Hart Schaffner & Marx clothes; because the sack suits they make for us are not common looking at all; they're distinguished; a man dressed in one of our suits looks different; looks dressy, stylish, without being extreme in dress.

The fine tailoring does it; the correct design in style; and the quality of all-wool fabrics helps the general effect. There are no other clothes that compare with them in these points.
