BASEBALL BUNTLETS.

Another one of our players arrived last night in the person of N. W. Black, a pitcher from Pennsylvania. Black has pitched in the West for the past few seasons, and has had considerable experience. He has been practicing up at Elon College, and should be in pretty good condition to stand the hard preliminary practice that the boys will have to go through.

Men are working on the diamond today, to fit it for practice, as it was in pretty bad shape, and the men that have been working out for the past few days have been afraid to take many chances on it.

The boys were out again and performed for about three hours in the afternoon, and were watched very closely by those that went out to see them. Everybody is much pleased with their showing so far, and are looking forward to some good battles this summer.

Some more men are expected by tomorrow, and it will not be long now before they are all here.

OF INTEREST TO BARACAS AND PHILATHEAS IN THIS CITY

Annual Convention to Be Held in Asheville in June—Special Railroad Rates.

A letter of much interest to Baracas and Philatheas in Goldsboro has been received by members here. The letter is as follows:

Raleigh, N. C., April 22, 1909.
Dear Baracas: Our next international convention will be held in the beautiful city of Asheville, N. C., June 19 to 23, 1909.

As members of the transportation committee it devolves upon us to perfect transportation arrangements for delegates and friends attending this convention.

This is to advise that arrangements have been made with the officials of the transportation companies for special rates from all parts of the State to Asheville and return, as per the enclosed schedule. We are very fortunate in getting a good rate, and we have also been assured that if a sufficient number of tickets are sold a special, or cars, will be put on, which will reach Asheville in time for the first session of the convention.

This promises to be the greatest convention in the history of the Baracas movement, and will open on the night of the 19th of June. Therefore, we want you to arrange to leave home in time to make the trip and we want you to make the trip in the day, so that you will get the benefit of the scenery, which is some of the grandest in the world, in the "Land of the Sky." This is the most attractive section we have ever visited, and as you will note above, a very interesting program has been arranged.

Please notify us at once just how many, and give the names of each person who is going. Do this at once and send in additional names as they decide.

Extending you a hearty invitation and assuring you of a pleasant trip, we are,
Yours for Baracas,
L. W. ALDERMAN,
W. A. COOPER,
EDWIN W. YATES.

The round trip fare from Goldsboro will be \$9.85.

SUPREME COURT UPHOLDS DECISION OF LOWER COURT

No Error in the Case of Price Heirs vs. Griffin Heirs, of This County.

The Supreme Court has handed down an opinion of "No Error" in the case of Price heirs versus Griffin and heirs for the possession of certain lands near Seven Springs.

The opinion is as follows:
"Under the maxim 'Nemo est haeres viventis,' the word 'heirs' necessarily refers to those who are living after the death of the ancestor, and, hence, in a conveyance to one for his life and then to his 'surviving heirs,' the word 'surviving' is surplusage and does not operate to take the deed from under the operation of the rule in Shelley's case."

THE ONLY DOG AND MONKEY FIRE DEPARTMENT IN WORLD

Will Be Seen Here Next Tuesday With Gentry Bros.' Big Shows.

The only dog and monkey fire department in the world is coming to Goldsboro Tuesday, May 4, when the Gentry Brothers' shows, with their world of trained animals, will be in this city. Monkeys are natural mimics, and it was through this trait that the monkey fire department with the Gentry shows was organized.

Around the winter quarters of the shows there is a fire department. At any hour of the day or night trainers are liable to be turned out of bed by an alarm of fire. It matters not whether the alarm is merely a test or a real fire, the men have to go through with their drill.

At one of these drills Archie, the biggest monkey with the Gentry shows, got out of his cage. It was at a time when no one had a chance to catch him. The monkey, however, needed no restraining hand. In the practice drill he fell into line with his trainers. One of them saw him tugging at a line of hose.

That one trick destined Archie to be a fire fighter. He was taught the fire drill. Other monkeys were also instructed, and from that beginning the fire department of simians has developed. The "horses" with this department are dogs. Every one of the animals knows his business perfectly, and the presentation of the fire in the Hotel deMonk is a feature that brings an unstinted outburst of applause from the children that visit the show.

The Gentry Brothers' shows will give two performances in this city, on Tuesday, May 4. In the morning their street parade of glist and color will traverse the main thoroughfares. The prices for this date only are reduced to 25 and 35 cents.

It is possible to drive a state to water, and make it drink, too.

Put This Stove In Your Kitchen

It is wonderfully convenient to do kitchen work on a stove that's ready at the instant wanted, and out of the way the moment you're done. Such a stove is the New Perfection Wick Blue Flame Oil Cook-Stove. By using it you avoid the continuous overpowering heat of a coal fire and cook with comfort, even in dog-days The

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

is so constructed that it does not add perceptibly to the heat of a room. It differs from all other oil stoves in its substantial CABINET TOP, with shelf for warming plates and keeping cooked food hot, and drop shelves for holding small cooking utensils. Has every convenience, even to bars for towels. Three sizes. With or without Cabinet Top. If not with your dealer, write our nearest agency.

The Rayo Lamp is the ideal lamp for family use—safe, convenient, economical, and a great light giver. If not with your dealer, write our nearest agency.

Surprising, What Kodol Will Do

For you, when you need it. But the longer you neglect indigestion, the more you will suffer before Kodol can restore Good Digestion.

And, of course, indigestion if neglected long enough, brings on serious diseases in which Kodol cannot benefit you. Some of these there is no help for at all.

There are, in fact, very few ailments which cannot be traced directly to impure blood. And impure blood is always due to a disordered stomach.

Use Kodol and prevent Nervous Dyspepsia. Kodol will effectually assist Nature to secure a complete restoration of good digestion. It does this by at once digesting all food in the stomach and keeping it digested, until the stomach is rested and can resume its own work. Kodol removes the cause—and the effect quickly removes itself.

When it is recalled that Apoplexy, Heart Disease, Cancer—and even Consumption—are due to poor digestion and poisons thus transmitted to the blood, and throughout the system—the importance of maintaining good digestion is at once realized.

We knew what Kodol would do before ever the first bottle was sold. If we did not know just what it will do, we would not guarantee it the way we do.

It is easy for you to prove Kodol—the next (or the first) time you have an attack of indigestion. And you will certainly be surprised at the results. It is perfectly harmless.

There can be no harm in trying something that may do you a great deal of good—when it costs you nothing if it doesn't.

Our Guarantee
Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 5¢ times as much as the fifty cent bottle.
Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.
