LOCAL BRIEFS.

Items of Interest in and Around the City.

—Mr. J. M. Hollowell is able to be out after a few day's illness.

—Workmen continue to lay rails on the William street extension of the trolley line.

—Mr. A. O. Clement has returned from Kenansville and his studio will be open tomorrow.

—The committee of the Over-Comers Men's Bible Class will meet tonight at 7:45 at the Friends' Church.

—Mrs. F. B. Edmundson was taken to Raleigh Tuesday to undergo a slight operation. She was much improved today.

—The subject of Rev. W. G. Hubbard's discourse at tomorrow night's prayer meeting in Friends' Church will be, "Should Women Preach and Act as Pastors?"

—Messrs. Sam Draper, Frank Barnes, John Handley and Tom Edmundson went fishing yesterday and returned in the afternoon with forty fine specimens of the finny tribe.

—The commencement exercises of Eureka graded school are being held today, at which Messrs. E. A. Wolts and E. T. Atkinson will make addresses. They were driven over to Eureka this morning by Mr. A. A. Miller in his automobile.

—Are you taking part in the city beautiful? It is a good movement that ought to appeal to the public spirit and civic pride of every property owner and householder in Goldsboro. Join the procession and do your part in making the city more attractive and more healthful.

—There are many and urgent enquiries going the rounds these days as to when the freight trains will be entirely eliminated from East and West Centre street, as there is more objection to the freight trains than to the passenger trains. But when our citizens reflect that it has not yet been a month since the passenger trains were deflected into the new depot, and that the coal chute at the south end of the city, and the water station at the north end cannot be removed in a jiffy, they will realize that it will take some little time to make the changes necessary to turning all through trains round the city. All these things will come in due time.

—No thoughtful person desires a life full of leisure. A few could perhaps go along comfortably with such a life, but the average man could not and should not. The primal cure has become the primal blessing and the busiest man in a community is as a rule the happiest man in it and the one that lives the longest. Work and plenty of it at that seems to be a prerequisite to contentment and a happy life. Possibly we have holidays enough, but if we have not it is easy to establish more, and a proper division between work and play will be established in each age and by each people. Material progress is important, but it is not all that goes with right living.

PARK DAY.

Everybody in Goldsboro Should Get Ready to Celebrate the Day As It Should Be.

Park Day will be celebrated as usual on the first Monday in May—next Monday.

The orator of the day will be Mr. Clarence E. Poe, of Raleigh, who is well known as a speaker of eloquence and sound judgment.

To the most artistically decorated vehicle in the parade will be awarded a handsome silver loving cup, offered by the Woman's Club.

Another feature of the day's program will be a Maypole dance by a number of the school children.

The Civic Improvement League would have this the most successful Park Day in the history of our city, and invites all citizens to co-operate in making it a great occasion for civic enthusiasm and inspiration.

CHILD'S DREADFUL SKIN TROUBLES

Had Sixty Boils when but Six Months Old—Was Annually Attacked by a Humor—It Looked Red Like a Scald and Spread Over Half Her Head—Both Troubles are Cured.

NO PRAISE TOO HIGH FOR THE CUTICURA REMEDIES

"When my little Vivian was about six months old, her papa had a boil on his forehead. At that time the child was covered with prickly heat and I suppose in scratching it, her own head became infected for it broke out in boils, one after another. She had about sixty in all and I used Cuticura Soap and Cuticura Ointment which cured her of them entirely. Then, sometime later, her little feet got sore between the toes. Being afraid it was salt rheum, I spoke to our doctor. He gave me a powder which dried it up, but soon after it broke out behind her ears. They cracked half way around and the humor spread up out to her head until, on several occasions, it was nearly half covered. The humor looked like a scald, very red with a sticky, clear fluid coming from it. This occurred every year. I think it was toward the spring, I bathed it with warm water and Cuticura Soap and applied Cuticura Ointment which never failed to heal it up. The last time it broke out was when she was six years old. It became so bad that I was discouraged. Then I procured a bottle of Cuticura Resolvent which soon cleared it out of her blood. I continued the use of Cuticura Soap and Ointment with the Resolvent until she was perfectly well. She is now about eight years old and has never been troubled in the last two years. We also find Cuticura Resolvent a good spring medicine and we are just giving the children Cuticura Resolvent Pills as a tonic. We do not think any one can praise Cuticura Remedies too highly. Mrs. M. A. Schwerin, 674 Spring Wells Ave., Detroit, Mich., Feb. 24, 1908."
