What the Klondike Strawberry Offers to Mt. Olive.

The Only Berry That Can Be Sold Un der Contract in Advance, Eliminating the Uncertainties of a Fluctuating Market.

Every reader of The Argus for years part knows of Calvin Brock, the colored philosopher of Wayne county, the man who usually makes more money every year growing strawberries and truck than the Governor's salary, and therefore, as he facetiousyears ago, he "could not afford to go into politics, even if he could be made governor, for he makes more clear money on his farm than the Governor out of his office."

GOOD ROADS MEETING.

Many Prominnt Men in Attendance at Washington.

Washington, D. C., June 23,-Many Goldsboro prominent officials and other public men were present at a meeting in this city to consider the subject of good roads. The occasion was the reception tendered to two "scout" cars which are seeking the best route for a long-distance endurance run next fall between New York and Atlanta, Ga. At one o'clock the scouting party was received at the White House by President Taft. The good roads meeting followed.

One of the principal speakers was President W. W. Finley, of the Southern Railway, who declared that the development of the motor vehicle had given a great incentive to the good roads movement throughout the United States. Aside from the importance of good roads to the automobilists. Mr. Finley said, they have a farmer as well as for the owner of the Railroaders, that they are looking the automobile. Yesterday's game with Rocky Mount was even snappier and of briefer duration than the game of Tuesday afternoon, and enthusiasm locally ran

The contest lasted seventy minutes and only twenty-nine men faced Stochr, who pitched a pretty game, allowing but three clean hits, walking none and fielding his position gracefully. A pretty running catch by Smith and a fast double play, Fulton to Gettig, was the main features Wright brothers were today granted for Goldsboro, while those of the visitors deserving mention are Thorpe in center-field and Smith, pitcher, who vielded but three clean hits.

One of the most singular plays, or rather misplays, ever witnessed here and perhaps never pulled off before in the history of baseball, was the one by O'Gara, who was playing first for Rocky Mount today with no one on bases in the sixth. Crockett hit a grounder to O'Gara, who fielded it well, about eight feet away from first and started toward the sack. EXCURSION TO MOREHEAD CITY Crockett seeing there was no chance to beat it, slowed up and O'Gara immediately threw the ball to the pitcher and ran on to tag the sack with no ball. Crockett, of course, kept going and was safe, went to second on an error and scored on Zanelli's hit to left. In the second Zanelli drew a pass and played off first a little, Murthe Rocky Mount team, is now of the lots for his friends. Giants and accompanied the team to

Washington, D. C., June 23 .- In un-

Calling up the tariff bill immediately after convening at ten o'clock, Mr. Aldrich asked that the lumber schedule should receive first attention. He had no sooner taken his seat than Senator McCumber, who, in the interest of the treeless Northwest, has been a persistent advocate of free lumber, arose and presented an amendment reducing the finance committee's rate of \$1.50 per thousand on sawed lumber to the House rate of \$1 per thousand. This was generally recognized as a test proposition, as sawed lumber has been the bone of contention from the beginning. The North Dakota senafor did not find it worth while to enter into any argument in support of his provision, but permitted it to go directly to a vote. The result was against him and was another triumph for the Aldrich rates, the vote standing twenty-four in favor of, and fortyfour against the reduced rate. Party lines were so entirely destroyed on this vote that if one should be called upon to judge from this ballot alone, he would never be able to determine
