

# The Value of Good Digestion

Is easy to figure if you know what your stomach is worth. Kodol keeps the stomach at par value, by insuring good digestion. Kodol cures Dyspepsia.

Kodol insures good digestion by absolutely duplicating Nature's normal process, in perfectly digesting all food taken into the stomach. While Kodol is doing this, the stomach is resting—and becoming strong and healthy. A strong and healthy stomach guarantees a sound and active brain. The man with a sound stomach—a stomach that is doing for the body just what Nature intended it to do—is the man who is always prepared for any emergency. He is "there with the goods." The man with a sick stomach, is a man sick all over. When the stomach is irritated by undigested food, the blood and heart are directly affected. Then dizziness, natural sleeplessness, sick-headaches, vertigo and fainting spells, and even serious brain trouble develop. Kodol will prevent these. Spurring the stomach and brain to special effort by "tonics" and "stimulants" doesn't cure anything, or accomplish any good. Neither does dieting. Indigestion and the serious ailments which it induces can be averted and corrected only by natural means. Kodol supplies this natural means. It performs the stomach's work for it—just as the stomach should perform it—while the stomach takes a little rest, "for the stomach's sake."

## POLITICS AND POLITICIANS.

Ohio has had four Democratic governors in thirty years, Healy, Campbell, Patterson and Harmon.

Edmund W. Wakolee, a member of the New Jersey senate, is being boomed for the Republican nomination for governor in 1911.

At seventy-six years of age, John P. St. John, ex-governor of Kansas and Prohibition candidate for President in 1884, still takes a keen interest in politics.

The platform adopted by the recent Republican state convention in Pennsylvania contains a warm endorsement of President Taft and his administration.

Friends of Governor Patterson, of Tennessee, express the opinion that he will not only be re-elected governor next year, but will be the choice of Southern Democrats for President in 1912.

William E. Chandler, former United States senator and ex-Secretary of the Navy, is out with a statement urging all progressive Republicans to support President Taft in his attitude on the income tax.

Prohibitionists in Nebraska are actively at work with a view to making the liquor question the paramount issue in state politics. The leaders of both the older parties already are being urged to define their position in regard to the question.

Many persons well informed in regard to Ohio politics prophesy that ex-Governor Myron T. Herrick will be a candidate for United States senator to succeed Charles Dick, of Akron, whose term in the Senate will expire March 3, 1911.

Republican leaders in Maryland are preparing to take the new election law in that state into the courts with a view to testing its constitutionality. The law contains a "grandfather" clause, and the Republicans declare that it was passed by the Democratic legislature for the sole purpose of freezing out the negro voters.

Woodrow Wilson, president of Princeton University, who had a brief mention last year as a candidate for the Democratic nomination for the Presidency, is to be put forward for the Democratic nomination for governor of New Jersey. Ex-Senator James Smith, Jr., the Democratic leader of New Jersey, is sponsor for the movement.

A hard fight is expected in the state primary in North Dakota next year when United States Senator McCumber will be put up for re-election. It is expected that former Senator Hansbrough will work for the defeat of McCumber, as he blames the senior senator for supporting the movement which led to his defeat for re-election.

The Wisconsin legislature has adjourned after a session lasting five months, during which time it considered 1,567 bills and 160 resolutions. Of the bills passed 555 became laws and twenty-six were vetoed. One of the unusual features of the session was the fact that all of the governor's vetoes were sustained.

## OLDEST IN THE WORLD.

The Brothers, Triplets, Born in Wilkes County, Now 76 Years Old.

Washington, D. C., June 28.—Recently the state of Wisconsin claimed the distinction of having the oldest living triplets in the world. There are three brothers, the Windecker triplets, who live in Byron, Wis., and who recently celebrated their sixty-first birthday. But the Windecker triplets are mere youngsters in comparison with the three Gibbs brothers, of North Carolina, two of whom are living in Wilkesboro, N. C., and one in Atlanta, Ga. These three brothers, who were born May 2, 1833, are veterans of the Confederate army, and are vigorous and hale for their age.

Representative Cowles, of the Eighth North Carolina district, accepted the challenge of Wisconsin, and immediately procured the facts, which unquestionably give the palm to the North Carolina triplets, who are products of his district. Speaking of the Gibbs triplets, Mr. Cowles said:

"Each has a large family and several grand-children. Our people do not practice race suicide, have never practiced it, and the result is a strong, healthy population, morally and physically. It is not unusual to see families in which there are ten and twelve children, and I have heard of as many as twenty-one children in one family. The Gibbs triplets, who were born in Wilkes county, are unquestionably the oldest triplets in the world. They are thirteen years, one month and seven days older than the Windecker triplets. They are in their seventy-seventh year.

## WARSHIPS PUT TO SEA.

Machinist on Maine Fell From Sleep to Death.

Norfolk, Va., June 29.—The battleship fleet assembled in Hampton Roads proceeded to sea as a whole today for drills and maneuvers along the coast en route to port destinations in New England. The first vessels to depart were the Mississippi and New Jersey, which got under way late yesterday afternoon.

These were followed today by the battleships Maine, Minnesota, Vermont, Wisconsin, Kansas, Georgia, Virginia, Ohio, Louisiana, the cruiser Tacoma and the supply ship Celtic.

The Louisiana left the Norfolk yard yesterday afternoon for Hampton Roads. The cruiser Tacoma is the only vessel in the fleet still painted white. All the others are in their "war time" coats of gray.

Oscar Perenstol, a warrant machinist on the battleship Maine, fell from a hammock in which he was sleeping aboard ship in Hampton Roads last night and was killed. The body was today brought to the Naval Hospital at Portsmouth. The victim's home is in New Jersey.
