LOCAL BRIEFS.

Items of Interest in and Around the City.

—Juniors meet in regular session tonight.

—Mr. I. F. Dortch is quite ill at his home on William street.

—The many friends of Dr. W. H. H. Cobb will learn with regret of his illness. Since Tuesday night Dr. Cobb has been confined to his home.

—There will be a large attendance at tomorrow afternoon's game of ball in this city, as there are lots of "fans" between here and New Bern, and most of them will be rooters for Goldsboro, and they will be here in force, by special train.

—Just because you do not go out to see the baseball games does not signify that you are a "knocker"; but, if you are a "knocker," go out to see the games, and if you have anything in you at all that is good, you'll find yourself "rooting" for your home team—and just this rooting will start you off right, and first thing you know you'll be saying nice things for your town instead of knocking it. Try it! We've The Best Town in the State.

—Automobiles are good things to teach men how to take long walks back home. That party of Goldsboro "fans," chaperoned by Mr. W. T. Yelverton, viz: Walter Hill, Charlie Edgerton, Bob Pipkin and Leslie Yelverton, who went to Raleigh yesterday afternoon to witness the game between the Giants and Red Birds, did not exactly "walk" home, but they did not get here till sometime after three o'clock this morning. They can tell you the reason why. Ask them.

—It is a good sign in this State that the towns generally are waking up to the need for crystallization of effort in the matter of stimulating their industrial and commercial interests. Business men are working better together to this end, and the good results are already apparent. There is more public spirit in the towns of North Carolina now than there has been for many years. This means that there is going to be a large increase in general business, and that the confidence of the people on the ground is going to be largely strengthened for future development. Organized effort is a big asset for any town. It means that a unity of purpose and a consolidation of activity are at work, not so much for individual advantage as for the good of the town. A pull all together can accomplish a great deal where single-handed effort will achieve comparatively little.

CHAT ABOUT YOUR FRIENDS.

Miss Sadie Lou Britt, who has been visiting friends at Weidon and Wake Forest, returned home yesterday.

Mr. and Mrs. A. Roscower and children went to Wrightsville Beach this afternoon to spend a few days.

Miss Edith Clark, of Wilmington, who has been visiting her little friend Miss Mattie F. Parker, in this city, left today to visit friends and relatives in Henderson and Warrenton, N. C.

Mr. Robert Lee Uzzell, youngest brother of Mr. A. T. Uzzell, arrived in the city today from Norfolk, where he is living, and will spend some time visiting relatives in this section. All his many friends hereabouts will be glad to see him.

If you're going to buy a thin suit for hot weather, don't imagine that "anything will do." You want assurance of quality a good deal more in thin, unlined clothes, than in the heavier goods.

There's where the Hart Schaffner & Marx all-wool, excellent quality comes in. The thin suits they make keep shape and look dressy and stylish long after the cheap stuff hangs like a rag.

Have the quality; it really costs less than it's worth
