### Dear Katie:

I waited quite a while for you at the City Pharmacy Tuesday and was rather disappointed by your not coming. I know you would have been there had not the rain prevented. Several young ladies and myself were there and all had a jolly good time, and thoroughly enjoyed the delicious cream and drinks. Don't buy the toilet articles you spoke to me about until you have seen the stock at The City Pharmacy. They have the nicest stock in the city and the prices they give me will surely save you money.

I hope to see you real soon.

Lovingly,

JOHNNIE.

## Important Points of Sewing Machine Construction

- ☞ Did you ever consider what the thousandth of an inch might mean in the adjustment of the needle-stroke on a sewing machine?
- ☞ Or how many little invisible parts there are which may run well for a month or so in a carelessly-made machine, and then by going wrong render it utterly useless?
- ☞ For the perfect construction and thorough testing of these vital details you must depend upon the honor and reputation of the maker.
- ☞ The makers of the Singer Sewing Machine enjoy a reputation vouched for by millions of Singer users all over the world.
- ☞ These millions of Singer users have *proved* the perfection of the Singer by years of steady sewing.
- ☞ The Singer Sewing Machine is built like a watch and runs like one.
