FAMOUS BANK CASE TO BE HEARD AGAIN

Fifth Trial Under Greensboro Indictment Began Today.

WRECKED BANK IN 1897

Maj. W. E. Breese, Joseph E. Dickerson and W. H. Penland Defendant in a Long-Drawn-Out Trial in United States District Court.

Asheville, N. C., July 26.—Sentences amounting practically to life imprisonment may be imposed upon three former officials of the defunct First National Bank of Asheville if they are convicted on all the counts contained in the indictment on which they were arraigned for trial today before Judge Newman in the United States District Court. The three defendants, who are charged with conspiracy and embezzlement, are Maj. W. E. Breese, Joseph E. Dickerson and W. H. Penland.

The First National Bank of Asheville closed its doors twelve years ago. Since that time the cases against its former officers have been before the United States courts in North Carolina almost continuously. Major Breese, who is the most prominent of the three defendants, is now to face a jury for the fifth time. The original indictment was found at Greensboro, in October, 1897. Later another indictment was returned in Asheville, charging the defendants with embezzlement, misapplication of funds and fraud. The Asheville indictment was held by the United States Circuit Court of Appeals to be defective because two members of the grand jury—two negroes—who returned the bill had not paid their taxes. The defendants are now to go to trial on the Greensboro indictment.

At the first trial Major Breese and Mr. Dickerson were tried separately on the Asheville bill of indictment and found guilty. Each was sentenced to ten years in the Federal prison at Atlanta. The case was appealed to the United States Circuit Court of Appeals and a new trial granted on the ground that the presiding judge had erred in charging the jury. At the second trial Major Breese was tried alone and a mistrial resulted. The cases were then removed from Asheville to Charlotte and Major Breese tried for the third time. Another mistrial resulted. Major Breese was tried for the fourth time at Charlotte and convicted, the jury finding him guilty on the misapplication count and on the embezzlement count. The court imposed a sentence of seven years in prison. Again the case was carried up to the United States Circuit Court of Appeals and dismissed on the ground that the Asheville indictment was faulty because two of the members of the grand jury had not paid their taxes.

First Referendum in Tulsa.
Tulsa, Okla., July 26.—The preliminary campaign is ended and tomorrow the voters of this city will have, for the first time since the adoption of the new city charter the opportunity to cast their vote at a referendum election. The election has been called to pass upon an ordinance granting to the Union Traction Company the right to use certain streets of the city, as provided in a franchise recently granted to the company. Under a provision of the new city charter all matters of this nature must be referred to the electorate.

Texas Educators Meet.
Austin, Tex., July 26.—County school superintendents from all parts of the state have arrived here to attend the Institute of County School Superintendents which opens its three days' session here today. The opening session will be held at the engineering building of the State University this evening. According to the program there will be three sessions on Tuesday and two on Wednesday. The list of speakers includes prominent educators.

Spanish War Veterans.
Kenton, O., July 26.—Delegates from all over Ohio are arriving for the annual state encampment of the United Spanish War Veterans, which will be in session here during the next two days. The city is gay with flags and bunting in honor of the visitors and elaborate arrangements have been made for their entertainment. The election of officers is already attracting much attention. A spirited contest has developed for the office of department commander.

Pocket Money for Boys.
The New York Sunday World wants a bright boy in the town to sell the Sunday World. There is a good profit. Write Circulation Manager, The New York World, for details. Next Sunday's World will contain the words and music of the song hit of that great musical comedy now appearing at the Herald Square Theatre, "The Broken Idol."

Thaw Hearing Resumed.
White Plains, N. Y., July 26.—A large crowd of spectators filled the court room here today when the hearing to determine the sanity of Harry K. Thaw was resumed before Justice Mills. It is expected that several days will be occupied with the testimony of experts called by both sides.

GOLDSBORO GIANTS PLAY HIGHLANDERS TIE GAME

In Twelve-Inning Contest Each Team Scored Two Runs.

Fayetteville, N. C., July 24.—The Goldsboro Giants and the Highlanders played twelve innings to a standstill today in a fast and snappy game that developed into a pitcher's battle between Watters and Bussey, the honors resting with Watters, who allowed seven hits to eleven off Bussey, and fanned ten of the Giants, retiring three by the monkey route in the eighth. The game was featured by individual batting, Schumaker and Dobson each getting a single and a triple, Sharpe smashing a triple and two singles in four times up, while Watters secured three singles in four times.

Three lightning double plays were pulled off in addition to several other plays that took the fans' breath away, while heart disease situations abounded. The visitors scored in the first on a single and triple and in the eighth on two hits, Sharpe driving in the Highlanders' score in the fifth on Schumaker's accustomed three-bagger and fielder's choice and tied it up in the sixth with Dobson's triple and McKernan's single.

Down the Mississippi From St. Louis Will Be Great Demonstration.

St. Louis, Mo., July 26.—President Taft's trip down the Mississippi from St. Louis to New Orleans will be the greatest demonstration in the history of the river. The President's itinerary has been completed and includes stops at St. Louis, Cape Girardeau, Caruthersville, Cairo, Memphis, Helena, and Vicksburg.

There is no doubt about the fact that the people of Goldsboro are growing wiser each day, for an ever-increasing number of them are having their prescriptions filled with Squibb's drugs at The Imperial Pharmacy.

For soda that sparkles, and cream that is creamy, go to The Imperial Pharmacy. They are distinctive.

Prepare to live—Get Squibb's drugs for that prescription, and get well. Squibb's drugs are effective—kept at The Imperial Pharmacy.

There are no "ifs" nor "ands" about the matter. Well informed people know that Squibb's drugs are the standard—ask your doctor. The man who knows lives at The Imperial Pharmacy.

Sensible people are not much impressed when told that "this" or "that is just as good." Take no substitute for Squibb's drugs, in your doctor's prescription. They are the best, and are kept at The Imperial Pharmacy.

Go to The Imperial, thou sick man; get Squibb's drugs, and get well.

Think it over. Isn't it worth while to get the purest drugs at the right prices? You get both at The Imperial Pharmacy.

Whether you are buying or merely passing the time of day, we are glad to see you at The Imperial.

Many of your friends are regular patrons of The Imperial, and you will be welcomed there, too.

There is no doubt about the fact that your good will is genuinely appreciated at The Imperial Pharmacy, and that you get the very best goods at the lowest prices there.

They say that the world's growing better each day. There's a reason—Squibb's drugs at The Imperial.

Just exactly right is the way your pet drink is served at the soda fountain of the Goldsboro Drug Co.

THIRD ANNUAL CONVENTION.

Postmasters of State to Meet in Raleigh September 29-30.

The third annual convention of the Association of North Carolina Postmasters will be held in Raleigh Wednesday and Thursday, September 29 and 30. This decision was made by the executive committee, composed of Postmasters Briggs, of Raleigh; Joyce, of Reidsville; Reynolds, of Winston-Salem; Pearson, of Morganton; Snow, of High Point, and Fitzgerald, of Pelham. Mr. Fitzgerald is president of the North Carolina State League of Postmasters of the Fourth Class and that association will be in Raleigh at the same time. There are in North Carolina one hundred and eighteen presidential and eighteen hundred and twenty-nine fourth class postoffices.

Yes, we did say it, and now repeat it, that there are no lineades like those you get at Goldsboro Drug Co.

PRESIDENT TAFT'S TRIP.

Down the Mississippi From St. Louis Will Be Great Demonstration.

St. Louis, Mo., July 26.—President Taft's trip down the Mississippi from St. Louis to New Orleans will be the greatest demonstration in the history of the river. The President's itinerary has been completed and includes stops at St. Louis, Cape Girardeau, Caruthersville, Cairo, Memphis, Helena, and Vicksburg.

An invitation has been extended to Mark Twain to pilot one of the principal vessels. He was asked to guide one down the river during President Roosevelt's trip from Keokuk, Ia., to Memphis, but was unable to accept. His friends declare that he probably will accept this time, as he has great personal regard for President Taft.

A naval guard, the vessels of the department which are to be sent to St. Louis for the centennial week will make the return trip with the President.

Just delicious is what they all say about the peach ice cream being served this week at Goldsboro Drug Co.

DIXIE DAY AT ALASKA-YUKON EXPOSITION AUGUST 10

Many Noted Speakers Will Take Part in Southern Day Program.

Seattle, July 26.—August 10 has been finally decided upon for Dixie Day at the Alaska-Yukon-Pacific Exposition and the committee having the matter in charge is making strenuous efforts to have one of the most elaborate programs of the season fully arranged for that date.

Prominent speakers from all over the Southland have signified their intentions to come and have graciously accepted the invitation extended them. Hon. Henry Watterson, of the Courier-Journal is one among the most noted of the sons of the Sunny South who will delight the visitors with eloquence and oratory on that day, and in addition to the orations, banquets and excursions with which the program fairly bristles, a chorus of 500 voices will be on hand to sing the old plantation songs and jubilee melodies so dear to the heart of every patriotic acion of the stock of chivalry.

The date selected is particularly auspicious for the reason that August, being one of the hottest and most unbearable months in the South, is as delightful as springtime in the Pacific Northwest, and just the season when the exposition will be in the zenith of glory from a scenic point of view. No section of the country will receive a heartier welcome nor be accorded a more generous reception than the sister states lying south of that imaginary line drawn by Mesara, Mason and Dixon.

For one week only, beginning with Monday, July 26, we will sell the regular 25 cent size of Squibb's Talcum Powder for 17 cents. This cut is made for the sole purpose of demonstrating to you the unexcelled goodness of all Squibb products, Squibb's Spices and Squibb's drugs. Imperial Pharmacy.

We will absolutely return your money to you without question, if you will buy a can of Squibb's Talcum Powder, and don't agree with us that it is the best you ever used. Imperial Pharmacy.

You would be satisfied with no other drugs for that prescription if you knew the great merit of Squibb's drugs at The Imperial Pharmacy.

THIRD ANNUAL CONVENTION.

HUNDREDS VISITED WRECK SUNDAY

Temporary Bridge Will Be Completed by Tomorrow.

DELAY IN PASSENGER TRAFFIC

Conveyances Used in Transferring Passengers Around the Wreck. Trains to Operate on Schedule Tuesday.

Hundreds of visitors witnessed the work Sunday of erecting a temporary structure across Neuse river to replace the steel bridge partially destroyed by the serious freight wreck on the Atlantic Coast Line Friday. The wrecking crew is slowly removing enough of the debris to allow the driving of piles for the temporary bridge.

The railroad officials announce that trains will cross this temporary bridge Tuesday, thus avoiding the delay to all trains on this division of the Atlantic Coast Line since the wreck.

Saturday and Sunday all passengers were transferred around the wreck in conveyances from this city by way of the county bridge across Neuse river. This required at least an hour. All baggage has been checked over the main line by Wilson.

The wreck is one of the worst to freight trains that has occurred for some time. The engineer had received the signal from the bridge watchman to proceed and cut loose his air. The down grade to the bridge made it impossible for the engineer to detect that the truck of one of the cars had left the rails.

The mayor has secured an extra supply of brooms for this purpose.

Leslie Croom, colored, was charged with fighting Friday night and is the first offender to receive a "sweeping sentence." He began work today.

YOUNG MAN TAKES HIS OWN LIFE SUNDAY IN ROWA

Salisbury, July 26.—A terrible tragedy, whether suicidal or accidental, is not positively known, occurred at Organ Church, this county, about twelve miles southeast of Salisbury, just before noon today. The particulars as learned here late this afternoon are as follows:

Mr. Henry Klutz and family had gone to Organ Lutheran Church to worship, leaving a young son, Clarence, aged about twenty years, at home, he having been complaining of feeling unwell. When the family returned from the services to their home they were horrified to find the young man lying across the bed in his room dead with a rifle ball through his heart and the weapon, a small rifle, lying by his side.

The unfortunate young man was a cousin of Mr. George O. Klutz, a prominent citizen of Chestnut Hill and a brother of Mr. John W. C. Klutz, for a long time chief clerk to Postmaster Ramsay, at one time chairman of the county Republican executive committee.

WILSON'S TWO EFFICIENT MILITARY COMPANIES

Won Many Honors at Camp Glenn. Two Members Secured Highest Grade.

As stated in last week's Argus, our two local military companies returned on the fifteenth from a week's encampment at Morehead City. This camp was participated in by the entire Second Regiment, composed of twelve companies stationed as follows: Company A, Tarboro; B, Kinston; C, Rocky Mount; D and E, Goldsboro; F, Fayetteville; G, Washington; H, Clinton; I, Edenton; K, Wilson; L, Lumber Bridge; M, Wadesboro. The band is stationed in Kinston and the headquarters of the regiment is at Washington.

Those of our readers who are versed in military matters know that this regiment is considered the best and foremost of the organizations of the State, and we therefore feel especially proud in stating on unquestioned authority that our two Goldsboro companies again carried off first honors. The work at this last camp was more varied than usual, special stress being laid on rifle practice. Capt. S. Cohn, who is the inspector of rifle practice of the regiment, had immediate supervision of this branch of instruction, and we are told that the results were most gratifying to all concerned. Captain Rowles, the army officer detailed at the camp to represent the War Department, spoke in highest terms of the work done, and His Excellency Governor Kitchin, who personally inspected the camp and rifle range, was highly pleased.

Our two efficient companies were especially commended for their appearance, their work on the rifle range and at drill, and their soldierly deportment at all times. Both Capt. J. Wash Blizell, who commands Company E, and Capt. Neul R. Morgan, the commanding officer of Company D, received for themselves, as well as for the members of their respective commands, many important details and in the military service this is the mark of honor, the reward for meritorious and faithful service. In rifle shooting these two companies also made the highest marks, each company qualifying an "expert rifleman," which is the highest grade to be attained under the course of practice followed by the militia throughout the country. These two expert riflemen, Sgt. S. E. Malone, of Company D, who led the regiment with a total score of 219 points, and Lieut. E. C. Prince, of E, who came next with a total of 318 points, are the only two militiamen who have ever attained this grade in North Carolina.

MRS. PARKER SAYS NOT VINDICTIVE.

Only Desires to Clear Name of Her Brother, Lieut. Sutton.

INQUIRY INTO DEATH OF LIEUTENANT SUTTON WILL OCCUPY THREE DAYS, THEN ADJOURNMENT WILL BE TAKEN TO AUGUST 1.

Annapolis, Md., July 25.—"I am not vindictive; all I desire is to clear my brother's name of the disgrace of suicide."

So spoke tonight Mrs. Rose Sutton Parker, sister of Lieut. James N. Sutton, of Portland, Ore., the circumstances of whose death the court of inquiry will continue to investigate tomorrow.

With the opening of the second week of the investigation tomorrow the pendulum is expected to swing and witnesses will be called on "the other side," to refute the theory of suicide. Mrs. Parker will perhaps be the principal witness in that respect. Her testimony is expected to disclose several important points in refutation of the suicide theory, based on the facts obtained by her and her mother in their indefatigable work during the past two years, which resulted in the re-opening of the case. She will probably not testify until the remaining two or three navy witnesses on hand are disposed of. Prof. Gilbert C. Coleman, of the Naval Academy, and Lieut. Templin M. Potts, Jr., of the Marine Corps, will probably be witnesses tomorrow. The inquiry is likely to occupy two or three days now, and then adjournment until August 1, when Surgeon F. C. Cook, U. S. N., and Lieut. Harold H. Uley, of the marine corps, who have been subpoenaed as witnesses, are expected to arrive from abroad.

MRS. PARKER SAYS NOT VINDICTIVE.

Only Desires to Clear Name of Her Brother, Lieut. Sutton.

INQUIRY INTO DEATH OF LIEUTENANT SUTTON WILL OCCUPY THREE DAYS, THEN ADJOURNMENT WILL BE TAKEN TO AUGUST 1.

Annapolis, Md., July 25.—"I am not vindictive; all I desire is to clear my brother's name of the disgrace of suicide."

So spoke tonight Mrs. Rose Sutton Parker, sister of Lieut. James N. Sutton, of Portland, Ore., the circumstances of whose death the court of inquiry will continue to investigate tomorrow.

With the opening of the second week of the investigation tomorrow the pendulum is expected to swing and witnesses will be called on "the other side," to refute the theory of suicide. Mrs. Parker will perhaps be the principal witness in that respect. Her testimony is expected to disclose several important points in refutation of the suicide theory, based on the facts obtained by her and her mother in their indefatigable work during the past two years, which resulted in the re-opening of the case. She will probably not testify until the remaining two or three navy witnesses on hand are disposed of. Prof. Gilbert C. Coleman, of the Naval Academy, and Lieut. Templin M.
