A. A. JOSEPH,
GOLDSBORO, N. C.

Dear Katie:

I waited quite a while for you at the City Pharmacy Tuesday and was rather disappointed by your not coming. I know you would have been there had not the rain prevented. Several young ladies and myself were there and all had a jolly good time, and thoroughly enjoyed the delicious cream and drinks. Don't buy the toilet articles you spoke to me about until you have seen the stock at The City Pharmacy. They have the nicest stock in the city and the prices they give me will surely save you money.

I hope to see you real soon.

Lovingly,

JOHNNIE.

ALTERATION SALE

Our people are quick to appreciate real bargains and our store was thronged during the entire week of our July Clearance. On Saturday, the last day of the week we were as busy as at any time.

We are now in the midst of preparing for our Fall Business. We found last fall that the space devoted to our ready-to-wear department was inadequate. We are now about to make some alterations in this department and in order to save confusion and avoid the damage consequent upon carpenters visits we have made some important price concessions in our ladies ready-to-wear and in a few other lines. WITNESS THE FOLLOWING.

LINGERIE DRESSES!

We offer seven dainty Lingerie Dresses at about half price. We have them in White, Light Blue and Pink, embroidery and lace trimmed. These sold regularly at from \$5.00 to \$8.50. Alteration Sale Prices \$2.50 to \$4.19.

SILK COSTUMES!

These beautiful gowns have come in for a greater share of admiration than anything in our ladies-wear department. Such magnificent style and taste coupled with moderation of prices was never before seen in Goldsboro.

So, if at the old prices they were considered extra values, think what a real opportunity you now have with these dresses marked to half-price.

One \$18.00 Dress for - \$10.00
Two 25.00 Dresses for - 12.50
Two 27.50 Dresses for - 15.00
Two 32.00 Dresses for - 17.50

LADIES' - SUITS!

It is hardly necessary to dwell on the good points of our Ladies' Suits; their style, their fitting proportions, their intrinsic value judged by their proportionate adaptability to cost. Suffice it then to say that we prefer losing an extra dollar or two on a suit rather than carry them through the carpenters upheaval.
