## A HOLD-UP LOWERS

### The Panama Canal Bill Before the President.

Attitude of President Toward Panama  
And Legislative, Judicial and  
Executive Appropriation  
May Determine Ad-  
judgment.

Washington, Aug. 18.—Important legislation that must be acted on before Congress adjourns stands today as follows:

The Panama canal bill before the President.

The legislative, executive and judicial appropriation bill, approved by the house and now before the senate, with provision abolishing the Commerce court.

The naval, sundry bill, and army appropriation bills, in conference between the two houses.

The general deficiency appropriation bill, before the senate committee on appropriations.

The Indian appropriation bill, conference report pending in the senate.

While adjournment is expected this week, the date is generally conceded to depend upon the President's attitude toward the Panama canal bill and the legislative, executive and judicial appropriation bill. His veto of the latter measure last week was based upon its provisions for the abolishment of the Commerce court and the establishment of a seven year tenure in the civil service; and the house has again removed the veto by passing the measure with the Commerce court provision in it. The senate will determine early in the week whether it will indorse the measure in this form.

Contingencies of a Veto.  
Leaders of both houses are confident that the remaining work on the overdue appropriation bills could be disposed of in three days, were the contingencies of the presidential veto removed.

The President has made it clear to members of both houses that he does not favor the free toll provision of the Panama canal bill; but he has not yet asserted a purpose to veto that measure.

This far, Congress has not succeeded in overriding any of the President's vetoes; and it is not considered likely that either the legislative appropriation bill, or the Panama canal bill, could be repassed by a two-thirds vote if vetoed this week. Those tariff and appropriation measures which the house has repassed over the veto have failed in the senate; and the single bill which the senate repassed, that effecting claims on the Corbett irrigation tunnel, failed by a vote of repassing in the house.

Settlements Being Made.  
A sundry civil appropriation bill, which the appropriation of \$225,000 in the tariff board is at issue in the senate; and the Panama canal bill, which the senate is expected to vote on the 19th. The Panama canal bill, which the senate is expected to vote on the 19th.

The house yesterday asked the senate to compare the Panama canal bill on a hasty basis, and an agreement on the canal bill is expected immediately. Other measures will not take much time for comparison. The senate will take up the Panama canal bill, and the Panama canal bill will be taken up in the morning.

## ACT AS COMMON CARRIERS

### Campaign Fund Will Be Made Public

Banks and Trust Companies Simply  
to Transmit Local Subscriptions  
to Proper Source—Appar-  
tunity Unlimited, Think  
Wilson

New York, Aug. 18.—Banks and trust companies throughout the country are to be asked by the Democratic national committee to receive and transmit to their proper source subscriptions to the campaign fund not only of the Democrats, but of the Republican and Progressive parties.

The plan is in pursuance of the committee's popular subscription idea. Acting Chairman McAdoo made it known today by giving out a statement embodying a letter which he announced he had sent to every bank and trust company in the United States, requesting them to agree to receive and transmit subscriptions to each of the three national parties.

He accompanied his letter to the banks with a letter from Governor Woodrow Wilson who declared that "to bring about the election of a president through a campaign financed by popular subscription would be a distinct and gratifying triumph—Free of sinister influences."

In his letter Mr. McAdoo expressed the idea that the popular subscription movement was directly in the line of freeing Presidential campaigns "from the suspicion of sinister influences," and declared that the Democratic party favored the "financing of Presidential campaigns by the people themselves." He urged need of convenient and responsible agencies for the receipt of subscriptions and asked that banks and trust companies to perform "the same patriotic service" that the newspapers already had undertaken.

"Will you agree to receive and transmit subscriptions to the Democratic national campaign for the Republican national and Progressive national campaigns?"

Must Be Paid...  
"Speaking for the Democratic national committee, I would not ask you to act for one unless for all. This must be a patriotic service to the public and not to any one party. Each day a list of banks agreeing to act will be given to the press."

In order that you may know the attitude of Governor Wilson in regard to popular subscriptions, I enclose copy of a letter from him on this subject, just received."

The letter from Governor Wilson, dated Sea Girt, N. J., August 17, and addressed to Mr. McAdoo, reads:

"Bringing about the election of a President through a campaign financed by popular subscription, and being a distinct and gratifying triumph. It would strikingly evidence the renewed supremacy of the people and would mean the permanent emancipation of our government from those selfish influences which have too long been rolled upon to furnish the campaign funds in return for favors to be bestowed. I am in hearty sympathy with every effort that may contribute to such a result. The idea back of the proposed contribution movement is thoroughly commendable and I hope that you and your associates will push it and make an effective instrument for the attainment of so praiseworthy an object."

The late President Le Conte of Hayti died in his bed, which is more than many of his predecessors did.

Portugal imported 955,000 tons of Welsh coal during 1911; the Canary Islands, 938,000 tons; yet of all this quantity, none surpassed the quality of our Black Hand coal. We solicit your coal trade. W. H. Griffin, The Coal and Wood Dealer, Phones 47 and 28.

Two Bright Young Men Wanted for  
Annapolis and West Point  
Examinations.  
Competitive examinations for appointment of midshipman at the U. S. Naval Academy at Annapolis, Md., and a cadet at West Point, will be held at the Graded School in Goldsboro, N. C., on Thursday, Aug. 23, 1912.

The entrance examinations will be held in April and June, 1912, which will give successful candidates and alternates time to take a preparatory course for these examinations.

The midshipman must be between the age of 16 and 20 years for Annapolis and the cadet between 18 and 22 years for West Point at the time of entrance examinations next year. A rare chance for two bright young men in the 3rd N. C. District. It may be the last chance for 5 years hence and these vacancies must be filled next year elsewhere, if the 3rd N. C. District cannot supply these young men.

Boys, get busy, and win these splendid chances of education and future success.

Yours truly,  
JNO. M. FAISON, M. C.

## ROLLA WELLS IS EARLY ON THE JOB

### Democratic National Treasurer Is After Small Contributor.

THE PEOPLE ARE TO HELP

There is to Be No "Tainted Money" Used in Electing Wilson and Marshall.

New York.—A small, smooth shaved, middle-aged man with a coat of tan that gave evidence of much outdoor life recently came into the Waldorf carrying a suitcase early in the afternoon and registered as "Rolla Wells, St. Louis, Mo."

The smooth shaved little man, who is to be the watchdog of the Wilson campaign money from now on, was asked for vital statistics, whereupon it was learned at first hand that he is a banker and ex-mayor of St. Louis, is fifty-six years old, was graduated at Princeton in 1876, or three years before Governor Wilson was graduated; that he has two sons who are Princeton men and a grandson who some day will be a Princeton man; that he had no notion of seeing New York this summer until the Wilson organization selected him as its treasurer and that just at the appointment in his mind is that the new job cut in seriously upon a most beautiful vacation which he and Mrs. Wells had been enjoying in a camp at Little Traverse Bay, Michigan.

Mr. Wells believes in getting at his desk at 8 o'clock in the morning.

"We are going to raise our campaign fund through the small contributions," said Mr. Wells.

"I am sure that a large part of the money will be raised by popular subscription."

"The people have confidence in Woodrow Wilson, and they will give what they can of their means to elect such a man president."

"I am a great believer in publishing the names of contributors."

"These are men who can well afford to give the committee \$500, but I want to assure the public that we are not going to have any tainted money."

"We are appealing to the people, and we are relying on them to help elect Wilson and Marshall."

"I have two boys who have been graduated from Princeton, one five years ago and one seven. But it is not because ours is a Princeton family that I like Governor Wilson. He is a great big man and the type that we should have in public life."

Woodrow Wilson says this is not a time to be afraid to "speak out in meeting." That he was not afraid is demonstrated by his logical speech in accepting the Democratic nomination.

Roosevelt was willing to crawl from the White House to the capitol in 1903 if he could help his friend Root. Today he would like nothing better than meeting Root up a dark alley.

The Democrats are depending on the small contributor to help elect Wilson and Marshall. The appeal is being made to the people, and the people are responding.

The Democrats are not taking the election of Wilson for granted. They are working and working harder than in a score of years and working as a united party.

Farmers have awakened to the folly of the so called blessings of a protective tariff.

Winning with Wilson means more than a mere Democratic victory; it means restoring real prosperity.

## LAWYERS INTERESTED

### SUPREME COURT JUSTICES ON A WORK WHICH WILL REVOLUTIONIZE FEDERAL TRIBUNALS.

Washington, Aug. 18.—With the aid of an elaborate card index system, three members of the Supreme court of the United States are laboring this summer over a new set of rules for equity practice in Federal courts which are expected to almost revolutionize the work of these tribunals.

The three are Chief Justice White, and Associate Justices Lurton and Van Devanter. They expect to be able during the next term of court to lay before the full court the result of their labors. Once the court has given its approval, the new rules will be promulgated for enforcement throughout the Federal courts of the United States.

The work is the result of a determination of Chief Justice White, settled upon shortly after he became the head of the court. He regarded the present rules, unamended through the decades, as instruments of delay and invitations to tremendous cost bills.

Thousands of suggestions for amendments to the present rules have been received by the court committee of three through its secretary, W. J. Hughes, of the department of justice. They came from judges, bar associations and individuals and lawyers. The suggestions were written off in triplicate and indexed on sheets and Chief Justice White and Associate Justices Lurton and Van Devanter each furnished with a set.

State's Attorney to be Principal Speaker at State Council Jr. O. U. A. M.

Raleigh, Aug. 18.—Attorney General T. W. Bickett will deliver the public address Tuesday night when the State Council Jr. O. U. A. M. meets here in its 22nd annual session. Alderman W. A. Cooper will preside over the meeting and Mayor Johnson and State Treasurer Lacy will deliver addresses of welcome. L. T. Hartsell, of Concord, will respond for the Juniors. Between 500 and 600 delegates will be in attendance, representing a membership of 27,000.

The State Farmers' Convention and Institute will be held at the A. & M. College next week, beginning Wednesday and continuing through Friday. The program includes every-thing of value to farmers and their wives in conducting the farm and household. Low board rates have been provided and the railroads will give special rates. Many Raleigh people will attend the meetings, especially the women interested in domestic science.

## PAINT PUT ON.

Think of pain put on and not by the gallon.

A gallon of paint in the can is of no account to anybody. Put it on. Now reckon its cost and value.

The secret is: One paint goes twice as far as another. A good one goes as far as a bad one.

You have a job, say an average job. It'll take 10 gallons Devos and 12 or 15 or 18 or 20 of middling paint—very poor and trash. You know painters' wages in your town. Put the price of a gallon of paint and the painter's day-wage together. You see, we can't.

Devos costs less than any inferior paint; there are hundreds of them. One paint is as good as another, so long as it lasts good; one lasts months and another years; and the one that goes furthest lasts longest.

WELVERTON HARDWARE CO.  
Sell it.

## IN DEFENSE OF SENATOR SIMMONS

### CAMERON MORRISON IS HEARD IN GREAT ORATORICAL EFFORT HERE TODAY.

At noon adjournment of court here today the attendance was invited out to the public speaking rostrum to hear Mr. Cameron Morrison, of Charlotte, speak on the political issues of the campaign, as a Democratic speaker, and all who were present at the time, including those who had come for the purpose of hearing Mr. Morrison, adjourned to the grounds aggregating between 200 and 300.

Mr. Morrison was introduced by Col. W. T. Dorich, county manager of Senator F. M. Simmons, and in very bad taste, as many think, proceeded to denounce the senatorial supporters of error in this city and give his reasons as their reasons for supporting the governor. However, Mr. Morrison was present, and he was cordially received. His personality is pleasing, his voice is rare and winsome, his flow of language is ready and rhetorical, his endurance is marvelous, and his speech is earnest and his purpose is real.

His presentation of the cause and the candidates of the National and State Democracy was eloquent, and when he got down to the real purpose of his visit—the presentation of the candidacy of Senator Simmons, he talked like a book—ex-cathedra. He abused the governor, ridiculed and reviled him for the speeches he is making throughout the State and included Governor Kitchin's "office holders" in his trade, as if it were a crime for Governor Kitchin to appoint any man to office, as it is every governor's executive duty to do, and as if every man so appointed were subsidized by such appointment, thereby reflecting upon the integrity of some of North Carolina's best men in all walks of life, after years of patriotic service to their State and the party. But the average public of this day and time know pretty well how to measure such speech, as they know, too, how to measure the men that make them, and so Governor Kitchin and his "office holders" suffer no great detriment at the hands of Mr. Cameron Morrison.

His presentation of Senator Simmons' record and his advocacy of his cause was very earnest and eloquent, and gave great satisfaction to the senator's friends hereabouts, and at the same time caused no great discomfort among Governor Kitchin's adherents, so that, altogether, we may say Mr. Morrison's speech was very much enjoyed.

## DIED.

Needham Whitfield Outlaw, Jr., Age 3 Months and 5 Days.

In the Goldsboro Hospital at 2:00 o'clock this morning, there passed to God who gave it the angel spirit of little Needham, infant son of Mr. and Mrs. N. W. Outlaw, of Greenville, who was brought here by his parents last night critically affected, and while the operation was successful, the little one could not withstand the shock.

The remains were taken back to Greenville this morning for interment.

Mr. and Mrs. Outlaw, young parents, knitted closer by this, their first great sorrow, have the infinite sympathy of all our people—who are their people, and while He who said "Suffer little children to come unto me for of such is the kingdom of heaven," had need for the child, they will be drawn heavenward themselves by their thoughts of their baby boy—an angel forever awaiting them there.
