VOL. LXXIV.

GOLDSBORO, N. C., MONDAY EVENING, MARCH 6, 1922

NO. 125

COMMITTEE WILL **VISIT HOLDINGS**

(By Associated Press)

Washington, March 6 .- It was definitely settled in official circles here the Fleishman Yeast Company and today that not only will the congressional committee visit and thoroughly inspect the governments holdings at Muscle Shoals, Ala., but it is probable that the committee while there will be given such insight into the vastness of the government's investments there, and the comparatively small further appropriation that would now be required to complete the utilities, that such appropriation - may be recommended.

Mr. Frederick Engstrom, of Wilmington, N. C., a bidder for the works, has been giving the comsome revelations on the whole situation.

Among other things he urges the government to complete the dam that will effectually harness this great water power, before considering its lease to any one.

'Brer Adams' Officiates

Great Ovation Given Beloved Pastor on Returning to His Pulpit Yesterday

Rev. G. T. Adams, the beloved pastor of St, Paul M. E. church, known in Rotary as "Brer Adams," who has been absent from his pulpit for near three months-laid up in his home by a broken leg, held his first service since his accident westerday morning, and was greeted by a great congregation joyous to greet him back again.

The Godly and greatly loved divine appeared on crutches, and conducted the services and preached sitting in the pulpit chair.

expressions of love and appreciation of the Goldsboro people who nad been so solicitious, attentive and generous to him during his period of recuperation, and the sermon that followed was thought by many to be the finest he had ever delivered.

We Go Forward

Night Service at Post Office is Soon to be Inaugurated

Postmaster Simkins yesterday said that he expected to receive the official department order instructing him to put on two new clerks within the next forty-eight hours and they will be promptly put on. Patrons of the office will then have mail from four directions put up every night following the arrival of the Greensboro, Wilmington, New Bern and Rocky Mount trains.

Arrangements are also being made at the post office for the addition of a number of extra lock boxes. Applications for practically the enlarged capacity of the office are already on file.

Wayne Legion Post After Radiophone

The Wayne post of the American Legion is going to "put one over" on every other Legion post in North Carolina and incidentally give the Legion posts throughout the United States a good run for first money.

Arrangements are now under way for the installation of the Radiophone. When it is here and located in some comfortable room, Goldsboro folks the dead limbs of trees. REHEARING IN THE FLEISHMAN CASE

(By Associated Press.)

Washington, March 6 .- Arrangemenis were completed today between Revenue officials for the rehearing of the case charging the Fleishman Company with the diverting of industrial alcohol.

Commissioner Blair said the case on appeal would be heard upon the evidence already in hand, on which former action was taken, and that no new evidence would be ad

Unemployment In Denmark Has Been Steadily Increasing

Copenhagen, March 6 .- Unemployment in Denmark has been steadily increasing month by month, averaging 20 per cent for the whole of 1921 and culminating in December with 23.5 per cent of the total number of Danish workers, according to official reports.

High wages and the dumping of cheap central European goods are generally blamed for this state of

Economists, however, are of the opinion that unemployment in Denmark, as elsewhere, is a natural consequence of the fact that more than half of Europe's population are unable to buy even the barest ne-

Some statisticians assert that the country is too small for her fertile population of less than 3,250,000.

Hornets Are The Original Paper Makers

(By Associated Press)

Kansas City, Mo., March 6 .- Hornets are the original paper makers. The paper that is made by them is in many respects similar to ours and it is quite possible that we gained our ideas of making paper by watching these busy little workers. They, however, have always while with us the use of that article is a comparatively recent development in the paper making in-

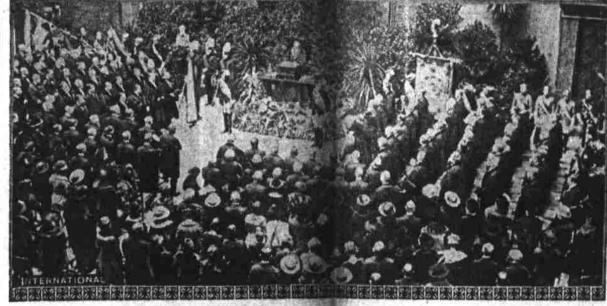

To the hornet, the making of this paper is of the greatest Importance as it furnsihes the material for the hives in which they raise their families.

Their method of constructing these hives is an interesting one, After first selecting a place, they cover it with a muscifaginous paste to which they fasten their nest.

The material that they use is wood obtained from old fences or essentially paper. When very good sometimes two or three times before

Their hives are composed of horizontal tiers of hexagonal cells about the size of those in the comb of Suppose death should call you away honey. These tiers are placed one tonight (it often comes when least above the other and are supported tures opened steady: May 17.73, welcome for new faces." expected), are your affairs in shape by columns, the whole being en- July 17.05, Oct. 16.40, Dec. 16.23, "Thank you, sir," she replied to leave? County Commissioners Have Busy Day Otherwise

This has been a busy day with Wayne county's Board of Commisstoners.

The morning hours of the sitting were taken up with the opening of the sealed bids for the county's \$200,000, 15 year 5 1-2 per cent funding bonds.

The bidding was quite vigorousthough sealed-there being a large number of bids tendered.

When all the bids were opened publicly, a calculation was made, and it was found that the National Bank of Goldsboro's bid for its clients, Keane, Higbie and Company, of Detroit, were the highest bidders. their bid being \$205,600 and accrued interest, being a premium of \$5,600. This speaks well for the financial standing of Wayne County in the estimation of the business world at large-not only as to premium paid large number of bids submitted ---This afternoon as we go to press
