Doth an eternal vigil keep.

No soothing strains of Ma's son,
Can lull its hundred eyes to sleep.

VOL. LXXV, GOLDSBORO, N. C., TUESDAY EVENING SEPTEMBER 5, 1922. NO. 125

RAILROADS MAKE SPECIAL RATE FOR STATES EXHIBITS

Charlotte, N. C., Sept. 5.—The Railroads throughout the southeastern territory have granted a fare and a half for the round trip to Charlotte from September 25th through October 8th on account of the Made-In-Carolinas Exposition. This will mean much greater convenience for the public planning to attend the Exposition, according to the statement of officials interested. It should also mean a greater attendance than would otherwise be the case.

Officers of the Carolina Exposition Company have been greatly encouraged by the hearty cooperation shown this year on the part of the textile industry as a whole, throughout the Piedmont Carolinas. The fact that in the neighborhood of 200 miles will be represented on the floors of the Exposition indicates a very genuine appreciation on the part of the mill men of the value of the Exposition idea. Among the mills which will be represented will be:

Mills of C. E. Hutchison at Mt. Holly, of Mr. Love at Rantlo, those in Gastonia under the direction respectively of Messrs. J. S. Seagraves, James Moore, W. T. Rankin, R. G. Rankin, A. K. Dixon and A. G. Meyers; establishments at Cherryville, Bessemer City, Belmont, McAdenville; approximately all the textile establishments in Cabarrus and Lincoln Counties; Chatham Manufacturing Co. of Winston-Salem and Elkin; the Leaksville-Woolen Mills of Charlotte and Leaksville, the Delgado Mills of Wilmington; several hosiery mills located at Valdese, including the Waldensian Hosiery Mills; Southern Franklin Process Co., Greensboro; S. C. Brogan Mills, Anderson; S. C. Gladwick-Hoskins, Charlotte; Highland Park Mfg. Co., Charlotte; Mooreville Cotton Mills, Mooreville; hosiery mills of Robt. Huffman, Morganton, Earle Textile Company of Morganton; Stonecutter Mills and a number of other similar establishments of Spindale and the Statesville Cotton Mills of Statesville.

Charlotte, N. C., Sept. 5.—It has been officially announced that all of the railroads throughout the southeastern territory have granted a fare and a half for the round trip to Charlotte from September 25th through October 8th, on account of the Made-In-Carolinas Exposition which will be held between those dates. This announcement is particularly gratifying according to a statement made by the officers of the Carolinas Exposition Company, inasmuch as it means greater facility offered the public of the Piedmont Carolinas for attending the Exposition. Last year it was considered that the railroads gave the Exposition favorable treatment beyond the ordinary when the same rate was granted for special days only. The fact that the rate will obtain for the full two weeks of the Exposition indicates in the opinion of officials interested that the idea behind the Exposition movement is winning the kindest and most effective sort of cooperation.

Mr. and Mrs. Vanstory Give Outing To Young People
Mr. and Mrs. J. C. Vanstory are today entertaining a number of the younger people of our city, girls and boys, of the high school circle, with a festive outing by automobiles, at Harrison's Lake, complimentary to their young visitors and kinsmen Frank Rogers and Victor Montgomery, of South Carolina.
The lake is a delightful resort for swimming, boating and fishing, and it goes without saying that the young people will enjoy themselves to the limit.
The party left the city about 10 o'clock this morning, with Mrs. Vanstory as chaperon, and will return late this afternoon.

THE SELF-MADE MAN
is not as a rule a self-satisfied one, because he has not completed the job. Life insurance covers the "builder's risk" while the work is in progress. Family and old age income policies are comfortable assets.
National Life Insurance Co. of N.Y. (Mutual)
H. M. Humphrey, State Manager,
Fourth Floor Borden Building.

TO HELP TO KEEP EDUCATION WORK GOING IN PEKIN

(By Associated Press.)
Peking, Sept. 5.—Peking headquarters of the Rockefeller Foundation announces that, in line with its policy to develop scientific education in China and to support Chinese-operated schools, its China Medical Board, will contribute one half of the expense of buildings, equipment and salaries for instruction in science at the Southwestern University at Nanking and at Nankai College at Tientsin. To each institution \$125,000 is to be contributed for buildings and equipment and \$5,000 per year for three years is to be given for additional salaries. The condition is that each school provide an amount equal to that given by the Foundation.
In addition, the Board agrees to send each institution a visiting professor for one or two years. The Board announces that it is essential to encourage the advance of medical science in China.

REPORTS SEEING SIGNALS OF MINERS

(By Associated Press.)
Jackson, Calif. Sept. 5.—The miners contended in the far reaches of the Argonaut gold mines since a week ago last Sunday, signalled last night to the man at work in the deep, disused shaft, of the adjacent mine endeavoring to thus cut passage through for their rescue.
Two distinct signals were caught by the rescuers to their repeated today.

DECLINES TO SIDETRACK TARIFF

(By Associated Press.)
Washington, Sept. 5.—The joint steering committee of the senate and house today declined to side track the tariff for the soldiers bonus bill, consequently the latter cannot be called up, until the tariff bill has been disposed of.

Gompers on Labor Day Message

Washington, Sept. 5.—Only by organization, and more organization can the workers of America secure a full measure of economic justice," President Samuel Gompers of the American Federation of Labor declared tonight in a Labor Day message to the American people.
A four year "anti labor war," Mr. Gompers said had demonstrated the power of the trade union to protect its members against organized employers, before whom unorganized labor had found itself "weakened, scattered and helpless." He added that the time had come for laboring men and women at last to present "a united workers front to the powers that prey." The message in part follows:
"Every contest with the owners and manipulators of industry accentuates the truth that the workers have but few outside their own ranks who sympathize with them in their determination to emancipate mankind or support them in their efforts."
"The uncounted victories that organized labor wins, the few temporary set-backs that labor experiences, cry aloud the divine truth that justice for those who toil can only come through the workers' own efforts, their own organization, their own persistency."
"Now is the time for workers to rally more completely under the standards of the union."

Card of Thanks

We wish to thank our friends for their many kind expressions of sympathy during the illness and death of our mother Josephine Cobb.
Needham Cobb and Children.

The Weather

North Carolina: Fair tonight and Wednesday, little change in temperature.

TRAINS TAKEN OFF SOUTHERN FOR IMPORTANT WORK

The Southern Railway company, which has maintained schedules and all its passenger trains during the nine weeks of the shopmen's strike has found it necessary now to curtail passenger trains in order to relieve engines for more important service and announcement was made last night that effective Thursday morning, September 7, six regular passenger trains and four summers would be annulled.
The trains which will be taken off are Nos. 13 and 18 between Greensboro and Goldsboro, 45 and 46 between Danville and Charlotte, and 15 and 19 between Washington and Danville. The summer trains to come off are 3 and 4 between Asheville and Columbia, and 21 and 22 between Asheville and Waynesville. The taking off of Nos. 21 and 22 between Asheville and Waynesville will not however, interfere with these trains between Goldsboro and Asheville.
In discontinuing trains the Southern has sought to take off the least important. At first it was thought likely that Nos. 15 and 16 between Salisbury and Asheville would be discontinued. In fact these two trains were included in the number the corporation commission was informed yesterday would be discontinued. Last night however, trains 135 and 10 were ordered taken off and 15 and 16 left on. Train No. 45 is perhaps the most important train the Southern has been forced to take off. It is the only southbound train between Greensboro and Salisbury from early morning until No. 35 runs in the late afternoon.

SUSPENSION OF COTTON PLANTING

(By Associated Press.)
Washington, Sept. 5.—The proposal of complete suspension of all cotton planting throughout the United States for one year as a means of getting rid of the boll weevil has suggested in the senate today by Senator Smith of South Carolina, who stated that in a conference with experts of the Agricultural Department this was thought to be the most speedy means of suppressing the pest.

Do You Know?

That the total number of deaths in Wayne County in 1921 was 614.
That of these the number from tuberculosis was 73. (More than 11 per cent of the total.)
That the death rate from tuberculosis in Wayne County in 1921 is 167.2 per 100,000 population.
That the records show Wayne County death rate from tuberculosis nearly twice as high as the average for North Carolina.

Methodist Deacons Show Increase

(By Associated Press.)
Missoula, Mont. Sept. 5.—The growth in the Methodist Episcopal church from three deaconesses in 1890 to 1,028 deaconesses and probationers in 1922 was told today by Dr. D. W. Howell of Buffalo, N. Y., corresponding secretary of the General Deaconesses board, in speaking before the general conference of the board in session here.
"The value of property under the direct auspices of the board increased from \$281,908 in 1894 to 12,767,050 in 1922," he said. The value in 1912 was \$4,832,347 at which time the present form of the board was adopted.
"In Europe there are 907 deaconesses working throughout Switzerland, Germany, Denmark, Norway and Sweden. Property there is valued at \$1,495,589."

Hold Regular Meeting Philathea Class Tonight

The regular monthly business meeting of the First Baptist Senior Philathea Class will be held tonight at Mrs. A. P. Pezway's on South William Street at 8 o'clock.

TRYING HARD TO FIND A WAY TO MAKE CHINA PAY

(By Associated Press.)
Tokyo, Sept. 5.—The government and banks of Japan are trying to devise some scheme whereby that are known as the Nishihara loans to China totalling 100,000,000 yen may be recovered or at least the interest of 7,500,000 yen a year, which has not been paid since the loans were negotiated in 1918, may be secured. When the loans were made by the Industrial Bank and the Banks of Korea and Formosa, it was expected that China would give the banks certain concessions, but these have not been forthcoming. The banks have had to pay the interest to the investors who bought the bonds and there seems no prospect of China being able to repay the interest, much less the capital which was to have been spent on railways in Manchuria and Mongolia and in the development of mines in the Amur and Kryn provinces.
Of the total, 50,000,000 yen was to be refunded in July, 1923, and the balance in 1924. At a meeting of representatives of the banks and government three plans were suggested but no definite conclusion was reached. The plans were: new loans to be readjusted by means of reparation; a fundamental readjustment to be effected by raising Chinese custom tariff. The first plan was rejected as contrary to the retroactive policy of the Government, the second was well-nigh impracticable since China is unable to pay interest on the existing loans. The third plan held out many difficulties before it could be made effective.

SOUTHERLAND NOMINATED TODAY

(By Associated Press.)
Washington, Sept. 5.—Senator Harding today nominated Justice of the U. S. Supreme Court.
Within ten minutes after his nomination reached the senate it was confirmed by that body in open executive session, without the formality of the usual reference.

SHANGHI EXPORTS TO U. S. DROP

(By Associated Press.)
Raleigh, N. C. Sept. 5.—By agreement between counsel on both sides the restraining order issued out by the Seaboard Air Line before Judge Connor, of the U. S. Federal court, some time ago, was continued in court here today for a hearing until October 2.

Shanghi Exports To U. S. Drop

SHANGHI EXPORTS TO U. S. DROP
Shanghi, Sept. 5.—Declared exports from Shanghi to the United States fell off \$15,545,488 in the half year ending June 30, as compared with the total for the corresponding period in 1921, according to a report compiled by the American consulate at Shanghi. The decrease is largely accounted for by a decrease of nearly 12,000,000 in gold bar shipments this year.
Total exports from Shanghi for the half year period were valued at \$21,654,797. The total for the first half year of 1921 was \$37,198,255, included in the total given are exports to the Philippines of \$15,221 as against \$68,333 in 1921 and to Hawaii of \$34,714 compared with \$56,177 in the preceding period.

An Interesting Colored Family

Dear Argus:
It may interest your readers to know something of a certain very respectable colored family, Handy Barnes and his wife Julia, living in Fork township, near Rosewood.
Julia has been married twice, the first of these interesting events occurred when she was fifteen years old. She is now fifty-five and the mother of twenty children, ten boys and ten girls, ten each by her two husbands, showing no partiality to either, and these twenty children honor her with twenty-one grandchildren.
Handy Barnes and Julia have the appearance of well fed, neatly dressed, self respecting people.
I came to know them through their trade in furnishing us with vegetables. Julia generally delivers the vegetables while Handy keeps busy tending the crop.
A. R. Morgan.

Appearing at The Acme Theatre Tonight

Across John Fox Jr.'s strolls sweep the winds of the Kentucky monomials. Stark and aloof they stand—a massive fateful background for the passion and romance, the hate and love that make his stories as rich in feeling so distinctive in beauty. John Fox knows the very heart of these mountain men and women as no other writer can know them. Those who have read Mr. Fox's widely read book "The Little Shepherd of Kingdom Come" will be lost in happy bewilderment as they watch Sidney Teters dramatization in this splendid production, which appears at the Acme Theatre tonight at 8:30 p. m.
Some people are inclined to take things for granted, until they sack up against a hint.
Some men are born great some acquire greatness, and others put up a successful bluff.
A proud lineage may be a social asset, but many a family tree bears only wall flowers.
A pessimist is a person who would care to be clever for fear of contracting hay fever.
Handy Barnes and his wife. They are not only all that Mr. Morgan is impressed that they are, but more. They are as industrious in seeking intellectual development as in physical comforts. Handy has been a subscriber of the Daily Argus for twenty-five years.—Ed. Argus.

GREEK ARMIES ADMIT DEFEAT NOW WANT PEACE

(By Associated Press.)
London, Sept. 5.—The general opinion in official circles here today, based on late dispatches from the fighting front is that the defeat of the Greek armies, in Asia Minor by the Turks is complete.
Nothing, it is believed, can now save the Greek forces there from overwhelming disaster.
As a further evidence of the victory of the Turks the Greek government has appealed to the allied Powers to intervene to secure an armistice with the Turks, who have completely driven the Greek armies from the field.
The powers are said to have forwarded Greece's petition to the representative of the three allied powers in Constantinople to discuss with the Turkish government the bringing about of a suspension of hostilities.
It is hoped that such a conference between the allied representatives in Constantinople and the Turkish government will result in bringing about a meeting of plenipotentiaries of the two warring nations in a mutual zone—southwest of Iamid, and that such a meeting will be productive of a speeding and permanent cessation of hostilities.

SUPREME COURT RESIGNATION

(By Associated Press.)
Washington, Sept. 5.—It may be that Associate Justice W. R. Day, of the U. S. Supreme Court, will resign shortly, dependent upon to what extent he may find his duties as German Claim Adjuster interfere with his duties on the bench.

Kiwians Enjoy Big Barbecue

A very pleasant social feature anticipated for some weeks by the members of the Kiwanis took place at the waterworks yesterday evening where the losing teams in the recent contest for attendance gave a barbecue on the lawn to their successful rivals. The captains of the winning teams were Messrs. L. A. Raney and James Hatch, while the thirty members captained by Messrs. Cone and McMillan furnished the feast and the trimmings. This consisted of all the accompaniments of an orthodox Carolina barbecue, and the occasion was enjoyed by about fifty members. The evening was ideal for such an outdoor banquet, there was good singing by the famous and nearly famous vocalists of the club, under the baton of Kiwanian Howell and everybody had a royal good time.

Cadillac Motor Co. Buys One-Lunger

In celebration of its 20th birthday as a producer of Cadillac cars, the Cadillac Motor Car company has purchased for itself, as a birthday present, a little one-cylinder Cadillac automobile, built in 1902. The Cadillac organization is 27 years old and began building autos in 1899, but did not take the name of Cadillac until 1902.
The ancient one-lunger chug-chugged its way up to the new 19 acre plant of the Cadillac company in Detroit, the other day, without faltering. President H. R. Rice took the grandfather of Type 61 out for a spin, and returned pronouncing the old car as "fit as a fiddle."
The model A Cadillac has a curved hood concealing the water tank, a chain drive, and a motor amidship, it cranks from the side.
The nucleus of the present Cadillac Motor Car company was organized in 1895, when a group of men formed a company for the production of gears for "chainless"

BIG MEETING HELD AT SAN ANTONIO HELP COUNTRIES

(By Associated Press.)
San Antonio, Texas, Sept. 5.—An International Court of Arbitration "whose purpose and function shall be the avoidance of war, and the peaceful settlement of international disputes," is formally resolved upon by the Pan-American Round Table of San Antonio, according to an announcement today by Florence T. Griswold, director general.
Dispatches from Washington recently giving prominence to a proposed American League of Nations have occasioned the sending of letter by the director general of the local Round Table to Dr. L. S. Rowe, director general of the Pan-American Union, Washington, and President Brum, of Uruguay, South America, suggesting that a Pan-American Court of Arbitration would be of greater significance. The republics of South America, for many years, frequently have made effective use of the principles of arbitration, reads a resolution of the local body, sent to Washington, and "in one instance the president of the United States tendered the services of the country alone, or in conjunction with other countries of this hemisphere, to render all possible assistance in solving an international dispute between Chile and Peru."
It also is the earnest desire of the local body, based on its proximity and closeness of connection with Mexico, to "stimulate a stronger friendship with Mexico by creating a common ground where our people can meet with Mexicans for the purpose of solving our international

RESOURCES OF THE COUNTRY COMING TO THE TOP AGAIN

Washington, Sept. 5.—Resources of the national banks of the country amounting to \$20,706,000,000, on June 30 showing an increase of \$529,000,000 over the May fifth call and an advance of \$188,000,000 over June 30, 1921, according to an analysis of returns for the last bank call issued last night by Comptroller of the Currency Crisinger.
Between May 5 and June 30, he stated, resources of national banks in each federal reserve district were "increased with the exception of banks in the Atlanta district, which showed a reduction of \$3,489,000, the amount of increase ranging from \$828,000 in the Dallas district to \$273,182,000 in the New York district.
Loans and discounts, including rediscounts on June 30 amounted to \$11,248,000,000, an increase since May 5 of \$64,000,000 but a reduction since June, 1921, of \$755,000,000. Holdings of United States government securities amounting to \$2,385,000,000 on June 30 increased by \$268,000,000 during the year and by \$161,000,000 since May 5, 1922. Other securities held aggregated \$2,277,000,000 on June 30, an increase of \$115,000,000 over May 5 and of \$272,000,000 over a year ago.
A tendency to carry less cash in the vaults of the banks was reported, the amount of June 30 standing at \$324,000,000 which was a decrease of \$5,000,000 since May and a decline of \$48,000,000 since June last year.
Balances due from banks and bankers, including lawful reserve, aggregated \$4,236,000,000 on June 30, an increase of \$74,000,000 since May and of \$404,000,000 since June, 1921.
Capital stock of the banks on June 30 more than on May 5 and more than 000 more than in June, 1921. Surplus and undivided profits of \$1,241,000,000 on June 30 was \$19,000,000 greater than a year ago but showed a reduction of \$22,000,000 since May, attributed to payment of dividends at the close of the six months period.
National bank circulation outstanding on June 30 amounting to \$726,000,000 was reported as the greatest on record, an increase of \$5,000,000 since May and an advance of \$23,000,000 over June a year ago.
The total deposits of national banks on June 30 aggregated \$13,359,000,000, an increase since May of \$234,000,000 and since June a year ago of \$1,178,000,000.
Liabilities to other banks and bankers on June 30 was \$2,953,000,000, a reduction since May of \$47,000,000 but an increase, since June, 1921, of \$465,000,000.
The amount of bills payable on June 30, was \$228,000,000 while rediscounts amounted to \$280,000,000, the combined reduction of bills payable and rediscounts since May being \$28,000,000 and since June a year ago \$963,000,000.
"The decided reduction," Mr. Crisinger said, "in the liability of national banks for bills payable, representing all obligations for borrowed money, which took place in the 15 months preceding June 30, 1922, together with similar reduction on account of rediscounted paper is evidence of the fact that our national banks are standing on their own stiles" so to speak; are in a strengthened position, and abundantly able, and are in fact in a better position, to take care of the requirements of commerce and industry made upon them, than they have been at any time, since the signing of the armistice."
The number of reporting banks on June 30, he added, was 8,244 which was 99 more than a year ago, while the percentage of loans and discounts to total deposits on June 30 was 63.92 compared with 70.93 on May 5, and with 73.47 per cent on June 30, 1921.
You never can tell. Even the backslider may take affront.
Fools and children tell the truth but the good die young
Bicycles.
The second milestone marking the progress of Cadillac came in 1899, when the Detroit Automobile company was organized. This company changed to Cadillac Automobile company in 1902. Since 1905 the organization has been known as the Cadillac Motor Car Company.

RESOURCES OF THE COUNTRY COMING TO THE TOP AGAIN

Washington, Sept. 5.—Resources of the national banks of the country amounting to \$20,706,000,000, on June 30 showing an increase of \$529,000,000 over the May fifth call and an advance of \$188,000,000 over June 30, 1921, according to an analysis of returns for the last bank call issued last night by Comptroller of the Currency Crisinger.
Between May 5 and June 30, he stated, resources of national banks in each federal reserve district were "increased with the exception of banks in the Atlanta district, which showed a reduction of \$3,489,000, the amount of increase ranging from \$828,000 in the Dallas district to \$273,182,000 in the New York district.

National bank circulation outstanding on June 30 amounting to \$726,000,000 was reported as the greatest on record, an increase of \$5,000,000 since May and an advance of \$23,000,000 over June a year ago.
The total deposits of national banks on June 30 aggregated \$13,359,000,000, an increase since May of \$234,000,000 and since June a year ago of \$1,178,000,000.
Liabilities to other banks and bankers on June 30 was \$2,953,000,000, a reduction since May of \$47,000,000 but an increase, since June, 1921, of \$465,000,000.
The amount of bills payable on June 30, was \$228,000,000 while rediscounts amounted to \$280,000,000, the combined reduction of bills payable and rediscounts since May being \$28,000,000 and since June a year ago \$963,000,000.
"The decided reduction," Mr. Crisinger said, "in the liability of national banks for bills payable, representing all obligations for borrowed money, which took place in the 15 months preceding June 30, 1922, together with similar reduction on account of rediscounted paper is evidence of the fact that our national banks are standing on their own stiles" so to speak; are in a strengthened position, and abundantly able, and are in fact in a better position, to take care of the requirements of commerce and industry made upon them, than they have been at any time, since the signing of the armistice."
The number of reporting banks on June 30, he added, was 8,244 which was 99 more than a year ago, while the percentage of loans and discounts to total deposits on June 30 was 63.92 compared with 70.93 on May 5, and with 73.47 per cent on June 30, 1921.
You never can tell. Even the backslider may take affront.
Fools and children tell the truth but the good die young
Bicycles.
The second milestone marking the progress of Cadillac came in 1899, when the Detroit Automobile company was organized. This company changed to Cadillac Automobile company in 1902. Since 1905 the organization has been known as the Cadillac Motor Car Company.

RESOURCES OF THE COUNTRY COMING TO THE TOP AGAIN

Washington, Sept. 5.—Resources of the national banks of the country amounting to \$20,706,000,000, on June 30 showing an increase of \$529,000,000 over the May fifth call and an advance of \$188,000,000 over June 30, 1921, according to an analysis of returns for the last bank call issued last night by Comptroller of the Currency Crisinger.
Between May 5 and June 30, he stated, resources of national banks in each federal reserve district were "increased with the exception of banks in the Atlanta district, which showed a reduction of \$3,489,000, the amount of increase ranging from \$828,000 in the Dallas district to \$273,182,000 in the New York district.
Loans and discounts, including rediscounts on June 30 amounted to \$11,248,000,000, an increase since May 5 of \$64,000,000 but a reduction since June, 1921, of \$755,000,000. Holdings of United States government securities amounting to \$2,385,000,000 on June 30 increased by \$268,000,000 during the year and by \$161,000,000 since May 5, 1922. Other securities held aggregated \$2,277,000,000 on June 30, an increase of \$115,000,000 over May 5 and of \$272,000,000 over a year ago.
A tendency to carry less cash in the vaults of the banks was reported, the amount of June 30 standing at \$324,000,000 which was a decrease of \$5,000,000 since May and a decline of \$48,000,000 since June last year.
Balances due from banks and bankers, including lawful reserve, aggregated \$4,236,000,000 on June 30, an increase of \$74,000,000 since May and of \$404,000,000 since June, 1921.
Capital stock of the banks on June 30 more than on May 5 and more than 000 more than in June, 1921. Surplus and undivided profits of \$1,241,000,000 on June 30 was \$19,000,000 greater than a year ago but showed a reduction of \$22,000,000 since May, attributed to payment of dividends at the close of the six months period.
National bank circulation outstanding on June 30 amounting to \$726,000,000 was reported as the greatest on record, an increase of \$5,000,000 since May and an advance of \$23,000,000 over June a year ago.
