The Railroad rate case has unearthed some pretty damaging facts in regard to affairs in Raleigh. John C. Drewry, State Senator from Wake County and President of the Times Publishing Company, was the recipient of \$4,000 from the Southern Railway ostensibly for advertising for the Company. But the general impression is the money was paid as a subsidy, to buy the influence of Drewry and the paper for the railroad. Upon the heels of this startling discovery comes a letter from Mr. Henry A. Page, of Moore county, to Josephus Daniels, of the News and Observer, intimating by questions that Mr. Daniels received also large sums from the Seaboard Air Line for like purposes. So all in all, it pretty safe to say there is a whole lot of corruption and graft of one kind and another going on at our State Capital. Some years ago the affairs of the Atlantic & North Carolina railroad were investigated and enough of the committee's findings were made known to show a great deal of favoritism and graft, while the most important findings of the committee were never made public. Under the circumstances it is about time for North Carolina to elect a Governor that would make a general house cleaning at the capital and one who would give less time and attention to partizan politics than any of our recent Governors have done.

That was a disgusting performance in Raleigh, last Sunday, when the large audience in the court room "slopped over" and applauded the acquittal of the Rowlands, who were tried for the murder of Engineer Strange. They were not proven guilty of the crime, but a good deal of the testimony showed they had been guilty of improper conduct in several ways and to applaud their acquittal and shower them with flowers was, to say the least, in very bad taste. It is a sad commentary, when a man and woman who had traveled and passed as man and wife, before they were married, are thus given an ovation, because a jury failed to convict them of murder.

Doing Business Again.

"When my friends thought I was about to take leave of this world, on account of indigestion, nervousness and general debility," writes A. A. Chisholm, Treadwell, N. Y., "and when it looked as if there was no hope left, I was persuaded to try Electric Bitters, and I rejoice to say that they are curing me. I am now doing business again as of old, and am still gaining daily." Best tonic medicine on earth. Guaranteed by J. E. Shell, druggist. 50c.

After a man is married he wonders why he promised his wife not to do certain things, and she wonders why she ever believed those promises.

Kelsy News.

The farmers of this section are mostly through foddering and have had a nice fall for the business.

Messrs. Lem, Hill and Bloom Wright left the 8th for Bluefield, W. Va.

The writer had the pleasure of attending the teachers meeting held at the Cone school house at Blowing Rock the 5th of October.

Aunt Polly Ann Coffey, a very old lady, had the misfortune to fall the other day which resulted in a broken hip bone.

Good luck to the News.

DYSON.

Trial Catarrh treatments are being mailed out free, on request, by Dr. Shoop, Racine, Wis. These tests are proving to the people—without a penny's cost—the great value of this scientific prescription known to druggists everywhere as Dr. Shoop's Catarrh Remedy. Sold by J. E. Shell's Drug Store.

Skyland Institute.

On Monday, the 7th inst., the above named institution opened its doors in the cause of education. For two years the school has been closed, much to the regret of the community, but, owing to unavoidable circumstances, it was deemed wise to do so, now, however, the Board of managers have re-opened the school on a sound basis and have sent a band of workers here who are ready to help our boys and girls to get a good, practical education.

The School was opened by the Principal, who, in a few words welcomed all and hoped the school would be a help as in the past, after which the hymn "Wonderful words of Life" was sung, a portion of scripture read and prayer offered by Rev. W. R. Savage, another hymn "My Country 'Tis of Thee," was sung by the audience and Skyland Institute was declared open for another session. The classes were assigned to their various rooms and their teachers introduced to them and work began in earnest.

The following compose the Faculty and school household:
Miss Alice A. Flagg, Principal.
Miss Carrie M. Michael, Asst. Prin. and head of the High School Grade.

Miss Carria E. Baker, in charge of the Intermediate Grade.

Miss Esther Ruth Robards, Head of the Primary Department.

Mrs. A. Beatty, Matron.

These ladies will welcome all to the institute and hope that the community at large will aid them by their sympathy and prayers in the work they have undertaken which is to help other christian workers of this region in the grand work of education, their motive an unselfish one, their object to help others to help themselves.

Home Recipe

Get from any prescription pharmacist the following:
Fluid Extract Dandelion, one half ounce; Compound Karagon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.

The above is considered by an eminent authority, who writes in a New York daily paper, as the finest prescription ever written to relieve Backache, Kidney Trouble, Weak Bladder and all forms of Urinary difficulties. This mixture acts promptly on the eliminative tissues of the Kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism.

Some persons who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs.

Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation, it is said, was established by it.

A druggist here at home when asked stated that he could either supply the ingredients or mix the prescription for our readers, also recommends it as harmless.

A man may get a big reputation for being good when he only deserves one for being careful.

When a man is suspicious about your success it is a sign he has done some bluffing himself.
