The students and faculty of Wake Forest College have been having trouble over the matter of hazing. Several students were suspended temporarily for practicing it and about 75 other students made application to be admitted to the University. It is passing strange that the young men of the present day, most of them, do not appreciate at all their opportunities. Now, here is one of the leading educational institutions of the State, seriously hampered and hindered in its work, because of a lot of rattle-headed boys bent more on having what they call fun, than on trying to get an education. This thing of permitting the students to run the schools is working an injury to the cause of education and the young men who are such ardent clamorers for their rights. When they grow up to manhood they will regret that they spent so much of their time in hazing and cultivating athletic sports. The mental and moral training of students have become secondary considerations in most of our colleges.

Doing Business Again.

"When my friends thought I was about to leave this world, on account of indigestion, nervousness and general debility," writes A. A. Chisholm, Treadwell, N. Y., "and when it looked as if there was no hope left, I was persuaded to try Electric Bitters, and I rejoice to say that they are curing me. I am now doing business again as of old, and am still gaining daily." Best tonic medicine on earth. Guaranteed by J. E. Shell, druggist, 50c.

Serious Shooting Near Mt. Airy.

Mount Airy, N. C., Oct. 11.—News has just reached this city of a desperate shooting scrape near Ward's Gap, Va., several miles from Mount Airy (in which two men were probably fatally wounded.) The men are brothers-in-law, Sydney Tow and Orville McMillian. They quarreled Sunday morning over family affairs, McMillian accusing Tow of abusing his wife. In the afternoon the men met again, Tow in the meantime having borrowed a shotgun. He was observed by McMillian as he approached and McMillian secured his own gun and both men began firing. McMillian was shot in the stomach and lower limbs, while Tow's wounds are in the shoulders and neck. Both men are dangerously wounded and both may die of their wounds.

Bitten by a Spider.

Through blood poisoning caused by a spider bite, John Washington of Bosqueville, Tex., would have lost his leg, which became a mass of running sores, had he not been persuaded to try Bucklen's Arnica Salve. He writes: "The first application relieved, and four boxes healed all the sores." Heals every sore. 25c. at J. E. Shell's Drug Store.

Twenty-Two Drowned.

Charlotte Observer. Sault Ste Marie, Mich., Oct. 12. The Steel steamer Cyprus, owned by the Lackawanna Transportation Company, and on her second trip down the lakes with a cargo of ore was wrecked last night in Lake Superior off Deer Park, which is about 80 miles from Grand Marais, and all of the crew of 22 excepting the second mate were lost; he was washed ashore near Deer Park lashed to a large raft and bar. He is in critical condition and is being given careful medical attention in the hope that his life can be saved. He has suffered terribly from cold and exposure in addition to the battering of the waves, two bodies have also washed ashore at Deer Park. The Cyprus was a new boat 440 feet long with a capacity of 7,400 tons. She had made but one trip to the head of the lakes and was bound down on her second trip. Further details of the disaster seem to indicate that the foundering of the new ship was due to a sudden leak through which the waters rushed with such volume as to overcome all efforts to keep the vessel afloat. The second mate, C. G. Pitz, is the sole survivor. Two other bodies both with life preservers strapped upon them have been found by the life savers near the place the cyprus foundered. The mate Pitz was so exhausted by this battle with the seas and seriously injured in the surf that but little information can be gathered from him at the present time.

Afflicted with Sore Eyes for 33 Years.

I have been afflicted with sore eyes for thirty-three years. Thirteen years ago I became totally blind and was blind for six years. My eyes were badly inflamed. One of my neighbors insisted upon my trying Chamberlain's Salve and gave me half a box of it. To my surprise it healed my eyes and my sight came back to me.—P. C. Earls, Cythiana, Ky. Chamberlain's Salve is for sale by J. E. Shell, Dr. Kent and Granite Falls Drug Co.

Powder Explosion.

Industrial News. FONTANET, Ind., Oct. 15.—Fontanet was practically destroyed today by the explosion of the plant of the DuPont Powder Company. The dead number from twenty-five to fifty. More than six hundred persons were injured and every building in the town was wholly or partially levelled to the ground. Where stood a thriving and busy town of 1,000 people this morning' tonight there is ruin and scattered wreckage. The dead and more seriously injured have been taken away. Five hundred inhabitants' all more or less wounded, remain to gather their scattered household goods and sleep under tents and on cots, guarded by soldiers of the state.

Thomas A. Edison, the great American inventor, says "Fully eighty per cent. of the illness of mankind comes from eating improper food or too much food; people are inclined to over-indulge themselves." This is where indigestion finds its beginning in nearly every case. The stomach can do just so much work and no more, and when you overload it or when you eat the wrong kind of food the digestive organs cannot do the work demanded of them. It is at such times that the stomach needs help; it demands help, and warns you by headaches, belching, sour stomach, nausea and indigestion. You should attend to this at once by taking something that will actually do the work for the stomach. Kodol will do this. It is a combination of natural digestants and vegetable acids and contains the same juices found in a healthy stomach. It is pleasant to take. It digests what you eat. Sold by J. E. Shell, Dr. Kent and Granite Falls Drug Company.

A round shouldered, man is of great use in a community, for the sight of him makes others straighten up.—Acheson Globe.

A snob is a man trying to act like the hero in the novel girls go wild about.

It is as hard for the average man to see his faults as the virtues of his fellows.

There is such a big difference between what a man is and what he claims to be.

A man is up against tough luck if he marries a woman who knows that she knows more than he does.
