A Doll Three Thousand Years Old.

The delight which a little girl sometimes experiences in getting of a doll that belonged to her mother when she was a little girl—a quaint, chin-headed and china-haired little creature, with low neck and short sleeves and very ruffled skirt—is a tame thing when compared with the feelings that any girl must experience over a doll now in the British Museum. This doll is almost three thousand years old.

When some archeologists were exploring an ancient Egyptian royal tomb they came upon a sarcophagus containing the mummy of a little princess seven years old. She was dressed and interred in a manner befitting her rank, and in her arms was found a little wooden doll.

The inscription gave the name, rank and age of the little girl and the date of the death, but it said nothing about the quaint little wooden Egyptian doll. This, however, told its own story. It was so tightly clasped in the arms of the mummy that it was evident that the child had died with her beloved doll in her arms.

The simple pathos of this story has touched many hearts, after thousands of years. The doll occupies a place in a glass case in the British Museum, and there a great many children have gone to look at it.

Mr. Bain to Statesville.

Rev. E. L. Bain, pastor of Trinity Methodist church, was yesterday appointed presiding elder of Statesville district, Western North Carolina Conference, to succeed Rev. J. N. Huggins who died Sunday night. Rev. A. W. Plyler who had been given a nominal appointment at his request as assistant pastor of Trinity church was made the regular pastor.

This sudden shakeup came with out warning to those on the outside. Mr. Bain was just beginning his third year at Trinity, where he has done effective and successful work. His going will be sincerely regretted by all who knew him intimately. He is a graduate of Emory and Henry College, Virginia, and is a vigorous and thoughtful preacher, with the courage of his every conviction. Statesville District is fortunate in securing him as a successor to the lamented Mr. Huggins.

"David Garrick."

By special request Mr. and Mrs. Edouard D'Oize will present the delightful comedy in three acts "David Garrick," at the Opera House, next Monday night.

Mr. and Mrs. D'Oize are too well known in Lenoir to need any introduction and their many friends hail with delight the opportunity to see them again upon the stage and in so excellent a play.

In the little role, Mr. D'Oize has a splendid part which he has played scores of times and gained great popularity. Mrs. D'Oize will again appear as the eccentric and artificial Aramenta Brown, with literary operation. Mrs. W. H. Phillips will again be seen in her charming impersonation of Ada Ingot.

The remainder of the cast includes Miss Anson Tuttle, and Messrs Owen A. Cade, E. F. Allen, Dave Clarke, Baylus Cade, Harry Courtney, C. C. Shell and James Wilson.

The reserved seats will be on sale at Shell's Drug Store Saturday morning. Price fifty cents.

Good people probably do not live longer than others; it just seems longer.

The New Fourteen-Inch Army and Navy Gun.

Great interest attaches to the new fourteen-inch gun for the navy which has been delivered at the navy yard at Washington, where it will be rifled and the breech mechanism installed. On completion it will be shipped to the naval proving grounds at Indian Head, Maryland, for a test. The completed gun will weigh about 63 tons; its projectile will weigh about 1,400 pounds, and the latter will be propelled by a charge of 365 pounds of powder. The extreme range at maximum elevation will be more than 25 miles. As compared with the present navy 12-inch gun, this will be a far more powerful weapon. It will penetrate any armor afloat, at the most distant ranges at which accurate aiming is possible. The army has also a 14 inch gun of much lower velocity and power, which will soon be tested at the Sandy Hook proving grounds. The lower muzzle velocity (about 2,000 feet per second) of the 14 inch gun will give it additional life over the 12-inch gun. After some eighty discharges the rifling of the present 12 inch gun of 2,500 foot seconds velocity becomes so badly worn as to destroy the accuracy. In the case of the 14 inch gun, the erosion is much less, and the gun will be serviceable for about 300 discharges.—Scientific American.

Linville Items.

Mr. and Mrs. Chas. Henley are back with us again, they have been in Erwin Tenn. for quite a while.

Mr. Julius Gragg, of Globe passed through town to day with a load of produce.

Mrs. Loyd Danner, of this place who had an operation performed a few days ago, is getting on nicely.

Mr. and Mrs. E. J. Young and little son Howard of Fascoe have been visiting their parents here. Mr. Mss. E. A. Coffey this week.

At last a cold wave from the North has visited us, though in full submissiveness, for we have been wonderfully blessed this fall and winter with beautiful weather.

Was pleased to see Mr. Walter Gragg of Saginaw N. C. in town Sunday with friends, Mr. Gragg is certainly doing a bustling business in Saginaw.

There will be a Christmas entertainment at the Linville School House Dec. 24th this entertainment will be held for the purpose of celebrating Christ's birthday. Doors open at 8 o'clock promptly.

Mrs. Tom Sherrill of Kelsey passed through town this week on her way to Colorado where she will join her husband, Mr. Sherrill has took up land in the State of Colorado and they will doubtless stay quite a while.

Luck to the News,

K.

The Baptist State Convention in session at Wadesboro has the largest attendance in the history of the organization. Mr. C. W. Dowd, editor of the Charlotte News, was elected president and Mr. N. B. Broughton, of Raleigh, was for the twenty-seventh time elected Secretary.

Christmas Packages.

The Southern Express Company issues the following annual card to its customers with instructions which are pertinent at this peculiar season of the year:

"1. All packages of freight or merchandise should be properly packed, so that all ordinary handling, such as packages must have in transportation, will not result in the breaking of contents. The strength of the box or wrapper must always be proportionate to the character or weight of the contents. All packages should be securely tied and should be plainly marked with a marking brush or a strong tag on a label printed or written with plain black ink pasted on the package.

"2. If there are any old marks on the package they should be thoroughly obliterated. No package should be sent to the express company with two marks thereon, even though both marks are the same. One mark is enough.

"3. If there are two places of the same name in the same State, always put the name of the county on the package. When you send a package to a city always give the full address of the consignee, the street and number. It is always well to send a letter by United States mail, advising the consignee that you have sent a package by express.

"4. Do not pack in one box one class of matter that might injure another class.

"5. Remember that glass will not carry without breakage unless properly packed. If you send a glass of jelly in a package of nice dress goods and the glass breaks you will spoil your goods.

"6. When shipping always tell the receiving clerk what the value is, so that such care may be given to it as its value may require.

"7. Do not put any money or valuables whatever into a freight package."

A White Partridge.

In the early part of this week, a gentleman residing at Montmorenci killed a snow white partridge—so far as known the only one ever heard of by residents of this city or section.

The bird was seen in a covey of ordinary partridges near Montmorenci, by Mr. Louis Mills, who chanced to have his gun with him. The other birds flew when Mr. Mills came near them, but the white one left his companions and took refuge under some bushes. In this way Mr. Mills got a shot at it, and succeeded in bagging the most peculiar bird ever seen here.

It is presumed that the white partridge is a hybrid, and it was probably the instinct of some other bird which caused it to hide rather than take its chances in the air, as being white would make it peculiarly susceptible to the sportsman's gun. Only one feather on the bird had the color of a partridge.

The white partridge had been seen several times by hunters around Montmorenci, but it remained for Mr. Mills to bag it. Mr. Reg Courtney owns the bird and he expects to have it mounted by a taxidermist.—Aiken Journal

For a Lame Back.

When you have pains or lameness in the back bathe the parts with Chamberlain's Liniment twice a day massaging with the palm of the hand for five minutes at each application. Then dampen a piece of flannel slightly with this liniment and bind it on over the seat of pain, and you may be surprised to see how quickly the lameness disappears. For sale by J. E. Shell Druggist Dr. Kents Druggist.

FOR AGED PEOPLE

Old Folks Should be Careful in their Selection of Regulative Medicine

With advanced age comes inactive bowel movement and sluggish liver. Nature is unable to perform her proper functions and requires assistance. Otherwise, there is constant suffering from constipation and its attendant evils. Old folks should never use physic that is harsh and irritating.

We have a safe, dependable and altogether ideal remedy that is particularly adapted to the requirements of aged people and persons of weak constitution who suffer from constipation or other bowel disorder. We are so certain that it will completely relieve these complaints and give absolute satisfaction in every particular that we offer them with our personal guarantee that they shall cost the user nothing if they fail to substantiate our claims. This remedy is called Rexall Orderlies.

Rexall Orderlies are eaten like candy. They have a soothing, healing, strengthening, tonic and regulative action upon the dry mucous lining and the relaxed muscular coat of the bowel. They produce a natural, successive contraction and relaxation of the muscular fibres of the bowel walls, generating a wave-like motion which forces their contents onward and outward; thus simulating nature in perfect bowel movement. They tone up and strengthen the nerves and muscles and restore the bowels and associate organs to more vigorous and healthy activity. They may be taken at any time without inconvenience; do not cause any griping, nausea, diarrhea, excessive looseness, flatulence or other disagreeable effects. Try Rexall Orderlies on our guarantee; 36 tablets 25 cents, and 12 tablets 10 cents. Remember you can obtain Rexall Remedies in Lenoir only at our store.—The Rexall Store, The Lenoir Drug Company.
