TELEPHONE No. 54.

FRIDAY, APRIL 18, 1913.

Our esteemed friend Mr. Savage, of Blowing Rock, takes issue with us in regard to the execution of two of the Allen gang connected with the awful Hillsville tragedy. We are glad to publish his communication and join heartily with him in wishing the time may soon come when the reign of the Savior's teachings, will have full sway over and control the lives and actions of mankind. But that time has not yet arrived, and until it does come, human laws for the protection of human life

and society, must be upheld. Therefore we are constrained in this case to endorse the course of Governor Mann, who "having full knowledge," after most thorough and critical investigation, refused to interfere with the execution of the men.

By an oversight of the School Trustees, or some body charged with the duty, the notice for the election on Graded School bonds, as provided for in an act of the recent Legislature, has not been published therefore no election on this question can legally be held on May the 1st as the law directs. This will leave the school in the present condition until another meeting of the Legislature, which will possibly be held in the fall of this year. It is unfortunate that the trustees must continue to renew obligations at high rates of interest, which were intended to be provided for by a bond issue at a lower rate.

The article on Taxation, in

this issue from the pen of Rev. C. T. Squires, is good and will meet with hearty endorsement, from many persons, but those who advocated and tried to put those ideas into laws, by the recent Legislature, failed. There is therefore no remedy available until the re-assembling of the General Assembly, in the mean time what is to be done with the conditions that confront the town and the Graded School?

We are publishing in this issue a comprehensive and accurate financial statement of the condition of the Graded School as prepared by Messrs. S. S. Jennings and E. F. Allen, two expert accountants. This is right and proper that such a statement be made public and we trust the town authorities will do likewise at the proper time.

Heavens! Let us hope that the criminal court judge will not wear hobble skirts.

NOT A CENT.
(From The Boston Globe.)
Happy is the man who is content
With moderate wealth and store;
Unhappy he whose mind is bent
On ever gaining more.
The road of endless greed is long.
The journey dark and rough;
So he but does himself a wrong
Who seeks more than enough;
For, with the piling up of wealth,
There comes the added care,
That when shall fail his strength and health,
Will every joy impair.
And yet on one the habit grows
To dig, to drudge, to save;
And ere a mortal hardly knows
His call comes from the grave.
Then people wonder and surmise,
When he has passed from earth;
And some are startled with surprise
When told what he was worth.
For, when his will is read, they find,
Whate'er his heart's intent,
All that he had he left behind,
Nor took with him a cent.

"Why," said the teacher,
"does a bride invariably desire to be clothed in white at her marriage?" As no one answered, she explained. "White," said she, "stands for joy, and the wedding day is the most joyous occasion of a woman's life."
A small boy queried, "Why do the men all wear black?"

Special Demonstration
AND SALE ON
GREAT MAJESTIC RANGES

One Week
Only

April 21st to 26th

One Week
Only

SAVE \$8.00

As a special inducement during our demonstration week only, with every MAJESTIC RANGE sold (prices always the same) we will give free one handsome set of ware as illustrated here.

* Every piece of this ware is the best of its kind; Not a piece that is not needed in every kitchen. It cannot possibly be bought for less than \$8.00. This ware is on exhibition at our store. Don't fail to see it.

SPECIAL

All during this week a special demonstrator direct from the MAJESTIC FACTORY will be glad to show you "ALL ABOUT RANGES"—SHOW YOU why the MAJESTIC is the best range on earth at any price.

Come, If You Intend to Buy or Not.

EDUCATION lies in KNOWING THINGS—KNOW why the oven of a range is heated—KNOW how the water is heated—WHY the MAJESTIC uses so little fuel—KNOW how a range is made inside and outside. This education may serve you in the future. Don't overlook a chance to know things shown by one who knows. COME.

MAJESTIC RANGES ARE MADE IN ALL SIZES AND STYLES

Which Shall It Be?

Do you intend to continue laboring, burning valuable fuel and destroying high-priced food with that old worn out cook stove?

You know that old stove eats up a lot of fuel each year.

You know you have trouble in getting it to bake just right, in fact, spoil a batch of bread every once in a while—you know it costs considerable for yearly repairs.

Stop and think and figure. Wouldn't it pay you to buy a good range—a range with a reputation—

The Great Majestic Malleable and Charcoal Iron Range?

You make no mistake in buying the GREAT MAJESTIC—it's the range with THE REPUTATION—ask your neighbors. Then, too, it's made just right and of the right kind of material—MALLEABLE AND CHARCOAL IRON riveted together practically air tight—lined with pure asbestos board—parts being malleable can't break—has a movable reservoir and an oven that don't warp—that's why the MAJESTIC uses so little fuel, bakes just right every day in the year (browns bread just right all over without turning), heats 15 gallons of water while breakfast is cooking—properly handled lasts a lifetime, and costs practically nothing for repairs.

Don't buy the range you expect to last a lifetime, "unsight unseen," you'll be sure to be disappointed. Come to our store during demonstration week, see the GREAT MAJESTIC—find out why the MAJESTIC is 300% stronger than other ranges where most ranges are weakest.
