PONY CONTEST MOVING ON AT A RAPID PACE

Little Contestants Becoming More Enthused Each Day

NEW NAMES ARE ADDED

The Pony Contest is moving on at a rapid pace. New names are being added to the list every day and the little folks are busy Monday being the initial day much was done by the contestants, but even more was accomplished yesterday as they seem to become more enthused each day. It will be of interest for all contestants to work hard this week as the names of the three leaders will be thrown on the canvass at the Palace Theatre Monday night. Let your friends see that you are busy and they will feel more disposed to help you. Probably every contestant have friends that would gladly give them a year's subscription to the Daily Reflector or renew their present subscription for another year. Remember that a year's subscription gives you fifteen hundred votes and that you are given the same number for all renewals for a year. You also receive one hundred votes for every dollar worth of advertising and job work that you turn in at this office. Don't enter your name and then sit down and imagine that some one is going to do all the work for you, and that all you will have to do is to come up and claim the pony at the close of the contest. As before stated the winner must be a hustler, and one that will continue as such to the end. z

Linesman Electrocuted At Burlington

BURLINGTON, March 3.—Ralph Warren, a young linesman for the new Piedmont Railway and Electric Company's plant here, was electrocuted today at 1:30 o'clock by coming in contact with a live wire. The severe wind of the past few days had crossed the lines in so many places that it became necessary to send out a large force of linesmen this morning to get the wires straight. Only experienced men were sent, and they had been cautioned particularly to be very careful. Young Warren had just started to climb one of the light poles to adjust some wires where the railroad crosses Park avenue. In some way he came in contact with a wire as soon as he started up the pole and fell back on the ground unconscious. People rushed to him at once, and a physician was secured in a few minutes. He lived only about five minutes and did not regain consciousness. The deceased was born in Caswell county, but came to Burlington when a small boy and has spent his entire life here. He was 24 years old. December 1913 he was married to Miss Page, of Greensboro.

Negro Burned to Death in Attempt to Escape Guard House

Daniel Mitchell a negro arrested here last Friday by the local officers for Green county authorities charged with larceny, was burned to death at Walstonburg last night. The negro hoping to gain freedom set fire to the guard house in which he was confined, but failed in his effort as his body was burned to crisp and the building completely destroyed. It is thought that the wind turned the blaze in a direction that the convict had not dreamed, therefore he was burned to death before he could escape.

Attorneys for the woman entered a plea of guilty of second degree murder yesterday, and the plea was accepted.

The woman, who is 67 years old is accused of having killed her six-year-old grandchild, Rogena Putman, last spring by placing the child in a cave on a mountain side and walling the entrance up, leaving the child to die from exposure to cold and starvation. The crime was committed during the cold weather of last March and excited intense indignation in this county. The aged prisoner is now in Haywood jail, whence she will be taken to Raleigh later in the week.

TO WELCOME WORLD'S TOURISTS.

NEW YORK, March 4.—New York expects to entertain a big collection of baseball enthusiasts at the end of this week, when the world's tourist will be welcomed here from their long trip. A special train carrying several hundred Chicago fans is due to reach town tomorrow and other large delegations are reported about to start from Philadelphia, Boston, Pittsburg, Washington and other cities.

The Biltmore Hotel has been selected as headquarters for the demonstration of welcome and the touring Giants and White Sox will be taken there after their arrival on the Lusitania on Friday. On that day there will be meetings of the officials and club owners of the National and American leagues and it is likely the gathering will be taken advantage of to hold meetings of other baseball organizations. On Saturday night virtually all of the men who control the national game, together with an army of players, sporting writers and invited guests, will gather about the festival board at the Biltmore at the great banquet arranged in honor of the globe-trotting baseball teams.

BASEBALL CHATTER

It is said that George Suttman, the Rochester second baseman who led the International league in batting last season, has jumped to the Baltimore Federals. Manager McGraw has written home to the effect that the world trip has made a star ball player out of Jim Thorpe, the celebrated Indian Athlete now with the Giants. Johnny Evers is beginning to think that his \$20,000 bonus to sign with the Boston Braves may turn out to have been nothing more than a dream. Jack Barry, short-stop of the Philadelphia champions, started training some time ago by indulging in daily practice in the baseball gymnasium at Holy Cross College. What's this! The Springfield Three-I league baseball club scheduled to play exhibition game with the St. Louis Federals. More troubled for organized baseball. Clark Griffith has placed the Federal league in the freeracker class. Meaning that the new outfit will explode on or about the Fourth of July.

NEW YORK, March 3.—Work for thousands was furnished in New York and vicinity by the snow storm. The demand for men far exceeds the application by several thousand. Besides the regular force the street cleaning department had 5,000 men at work removing snow last night, and it was estimated today that 10,000 more would be needed if the principal traffic streets were cleared.

While the city, railroads and private companies were seeking men to remove snow, yet there are ninety meetings by small groups or soft drinked "fun groups" who meet their need of food and a place to sleep.

Last night at St. Mark's Protestant Episcopal church two hundred and fifty or more men were fed and offered work of twenty five cents an hour shoveling snow, but a flood to work at that price, demanding thirty cents an hour.

Rev. William Miller Gaudin, welcomed the men on behalf of the Socialist Fellowship of St. Mark's and said that unemployment was terrible. He then introduced Frank Tamberbaum as chairman of the meeting.

"At last we have a chance to let the city know what we want," Tamberbaum, who is an Industrial Worker of the World leader, began. "We are members of the working class. Everything in this city was created by our hands or the hands of our brothers and sisters. We have a right to share in every house and in every man's loaf of bread. What's more, we are going to make the city give it to us or take it."

WANTS \$1 A DAY.

"We want \$1 a day, but we will not work for fifty cents or \$1 a day. We want more wages and more conditions and we will not work unless we get them. We would rather go to jail."

Representatives of labor unions and socialists and fraternal organizations have arranged for a general conference tomorrow where plans will be made to aid the unemployed.
