Capital of Belgium Now Located at Harve, France

The German Troops Are Rushing Toward Coast And an Attack on Ostend Then on England is Expected

BATTLE IMPENDING IN POLAND

The German People an Enthusiastic Over the Success of Their Armies Look Forward to Aerial Attack On London Soon.

London, Oct. 14—The headquarters of the Belgian government were transferred today to Harve. With the exception of King Albert, who remains at the head of the army and the minister of war, the members of the cabinet with the other government officials and the crops left Ostend by steamer for the French port where they will carry on the affairs of state with the hospitality that has been offered to them by the French government.

The American and Spanish ministers, both of whom are still at Brussels, are the only diplomatic representatives accredited to Belgium remaining in that country.

This is the third move of the Belgian capital since the Germans silenced the forts of Liege. The government moved from Brussels to Antwerp thence to Ostend and today across the line to Harve.

This final change followed quickly upon the German westward advance, which was begun immediately after the fall of Antwerp. Success in taking the chief port of Belgium opened the way for a new play of campaign. This embraces the occupation of the whole of Belgium, including the coast towns, and, if possible, some of the northern French ports.

In accordance with this plan, the invaders have begun to sweep across northern Belgium. Yesterday morning they occupied Ghent without opposition, and now are said to be well advanced toward Bruges on their way toward Ostend before they reach Bruges, as the Belgian army is being reorganized and has been reinforced.

Censorship Is Close.
All dispatches from that region are being censored strictly so nothing has been learned of the operations since Ghent fell into the hands of the Germans. The people are fleeing before the invaders and the steamers from Ostend today were crowded with refugees.

The Germans are making a simultaneous western advance in southern Belgium. Across the border in France a whole army corps has occupied Lille. Cavalry has been seen as far west as Hazenbrouck, which is on the railway leading to both Calais and Dunkirk.

England More in Danger.
This movement, besides being a menace to the allies left wing, if successful would arouse the enthusiasm in Germany as an indication that the promised aerial attack against England is about to be carried out. Already bombs have been dropped on Ostend from aeroplanes, which once reached the coast will be

within easy striking distance of the British coast ports and even London.

Montenegrins Defeat Austrians.
London, Oct. 14—According to a dispatch received in Rome from Cetinje, telegraphs the Rome correspondent of the Exchange Telegraph Company, Montenegrin troops have defeated 16,000 Austrians, supported by six batteries of artillery, at a point northeast of Sarajevo. The Austrians lost 2,500 men in killed and wounded. The Montenegrin losses amounted to 300 men.

Belgian Government Transferred.
Bordeaux, France, Oct. 14—It has been decided to transfer the Belgian government to France in order that it may have full liberty of action.

The foregoing was announced officially here yesterday.

Several Belgian ministers, accompanied by a group of officials, left Ostend early today for Harve, where the French government has prepared temporary offices for them.

King Albert remains at the head of the Belgian army.

Germans Marching on Ostend
Amsterdam, Oct. 14—The Germans now are marching in the direction of Ostend and German bicyclists already have been seen in the vicinity of Eecloo, 11 miles northwest Ghent according to a dispatch appearing in the Telegraf today. German cavalrymen also are quite near Bruges.

Heavy Fighting in Argonne
Berlin, Oct. 14—Via Amsterdam and London.—Heavy fighting continues in the Argonne, two chains of hills in northeastern France, according to an official statement received here today from the German general headquarters under date of October 13. Violent attacks by the enemy east of Soissons have been repulsed, it is said.

Russians Claim Siege of Przemysl
London, Oct. 14—It is officially announced at Petrograd that the siege of Przemysl is progressing, according to a Reuter dispatch from the Russian capital. The Russian artillery is rapidly destroying the forts, which however, continue an energetic resistance. The Przemysl garrison, it is further announced, does not exceed 30,000 men.

Cotton Prices Lower.
The price of cotton has suffered another drop and is now selling for less than it has for several years. The reason for this drop is that the manufacturers are not able to collect for their goods, and are hesitating to buy more cotton just now. The farmers are uncertain as to what to do, whether to sell at a loss or trust to better prices later. The situation will perhaps take on a more promising outlook soon and if the cotton can be kept off the market it will help matters to a certain extent.

BURGLARY NEAR AYDEN.

A Negro, Amos Wooten, Climbs in Window of Residence.

Last night while Mr. O. C. Manning was attending church at Bethany, which is near his home, a negro, Amos Wooten, made an attempt to enter his house. Mrs. Manning and the children were alone and had retired. Mrs. Manning was awakened by a noise and upon sitting up in bed saw the negro climbing in the window. She ran out and screamed, and as the church services had just been dismissed help came immediately in answer to her cries. Blood hounds were phoned for from Wilson at once and search made for the negro. At one time early this morning he was located and was near capture but escaped and is still at large. The sheriff and a large number of citizens are still looking for the negro and his early capture is expected.

The negro had formerly worked on Mr. Manning's farm and is about 25 years old. Mr. Manning's home is about 3 1-2 miles from Ayden.

A BOND ISSUE TO BUY COTTON

Washington, Oct. 13—Southern senators conferred again today over the revenue bill amendment they will introduce tomorrow proposing an issue of \$250,000,000 in Federal bonds to purchase five million bales of cotton and a tax of one cent a pound on a future crop to care for unsold cotton.

A series of petitions from Georgia cotton men urging Federal aid were presented to the Senate by Senator Hoke Smith. Among them was a telegram from the president of the Georgia State Bankers' Association, urging that Congress be kept in session until legislation to aid the South could be passed.

Democratic leaders were inclined to think introduction of the cotton amendment would not long delay passage of the war revenue measure. Senator Simmons, chairman of the finance committee, said he believed it would be passed by Saturday.

IT IS INSISTED THAT CONGRESS AID THE SOUTH

Unless the Needed Relief is Given the Adjournment May be Delayed Some Time

ADJOURNMENT IS EXPECTED

Senator Martin States That The Appropriations of This Congress are Less, Expecting the War Bills, Last Republican Session

Washington, D. C., Oct. 13—Efforts by Southern members of Congress to procure legislative relief for the cotton States aroused doubt today as to the time of adjournment. Democratic leaders would make no predictions.

Representative Underwood, the House leader, said this issue practically had made impossible adjournment by next Saturday night.

Senator Simmons, in charge of the war tax measures, insisted a vote would be reached by Saturday night. An amendment will be proposed tomorrow by Southern Senators to provide for a \$250,000,000 government bond issue, purchase of 5,000,000 bales of cotton, or one third of the season's crop. No one would venture a prediction upon the fate of the amendment. Should it be defeated Southern members may delay final action on the measure pending another effort to secure relief.

Senator Martin, chairman of the appropriations committee, replying to the charges of extravagance which have characterized practically every Republican speech in opposition to the tax bill, started a heated argument when he asserted the large appropriations were due to "making right the wrongs committed by the Republican party." He cited the proposed \$25,000,000 indemnity payment to Colombia.

Senator Martin said Democratic appropriations for 1915 exceeded those for 1913, the last year of the Republican administration by \$96,888,000, but he classified as "extraordinary expenditures," \$103,000,000 of the Democratic appropriations which he claimed were incident to the Mexican crisis and the war in Europe. Appropriations for routine governmental expenditures, he said were in reality some \$8,500,000 less than the last Republican appropriations.

Bankers Outline Their Attitude Toward Entry Into New Currency System

Richmond, Va., Oct. 13—Savings banks and trust companies represented in the American Banker's Association specifically outlined their attitude toward their entry into the nation's new currency system today when they recommended that the general convention appoint a committee to confer with the Federal Reserve Board over changes in the law that would make membership more attractive. Several speakers at the joint meeting of the two sections urged that State banks be permitted to enter the new system and continue their business along the lines it now is conducted. Others contended that regulations of the reserve board should permit examinations by officials of regional banks who understood local conditions. It also was asserted that unless there were changes in the law State banks entering the system might face a conflict between State and Federal examiners.

The appointment of a committee to confer with the Federal Reserve Board was proposed by Sol Wexler of New Orleans. Immediately it was adopted by the joint meeting, and tonight and savings banks section committee was named for submission to the general convention, which will decide on Thursday whether it will approve the plan.

Several of the speakers who contended that changes in the law would be necessary agreed, however, that their participation would be desirable to bring about a unified currency system.

SOUTHERN RY. CONTROLLED BY SOUTHERN MEN

Richmond, October 13—Dr. Edwin A. Alderman, president of the University of Virginia; John Kerr Branch, banker of Richmond; Dr. John C. Kilgo, of Durham, N. C., bishop of the Methodist Episcopal Church South; Robert Jamison, of Birmingham, Ala., and Charles Steele, of New York, were today elected directors of the Southern Railway Company, thus making a majority of the board Southern men and fulfilling the hope expressed by President Fairfax Harrison in his first address before a Southern audience when at Chattanooga on January 29, he said: "I look forward to the time when there may be more Southern men sitting on our board of directors."

Piedmont and Northern Plans.

Charlotte, N. C., Oct. 14.—The directors of the Piedmont and Northern Railway Company who operate a high speed electric interurban line between Charlotte and Gastonia, and Greenville and Greenwood, S. C., are planning to build an extension between Spartanburg and Gastonia, a distance of thirty-two miles. The company proposes to extend the line northward from Charlotte to Concord, N. C., about twenty-five miles, and has also in view the extension from Concord to Salisbury, Greensboro and Durham, N. C. The work on the Concord branch will be the first started.

Ideal Truck Farms will be sold at Auction Saturday October 17 10:30 a. m. Ash Thigpen Farm.

BOSTON BRAVES ARE CHAMPIONS WITHOUT DEFEAT

Athletics Lose to Superior Batters and Base Runners Four Straight Games

VICTORY CAUSES SURPRISE

The Victors are Congratulate Their Defeated Rivals—The Leagues are Now Tied on Victories—Mackmen Take Defeat Gaily

Fenway Park, Boston, Oct. 13—The Boston Braves are the world's champions of 1914. They defeated the Philadelphia Athletics today by a score of 3 to 1, winning the series with four straight games, the champions of the American League not capturing a contest.

Rudolph pitched a masterful game, winning his second contest of the series today. The Philadelphians could not catch his elusive slow ball when his would have sent runs over the plate.

The Boston outgamed and outplayed their opponents today in every department of the sport. They clinched their victory in the fifth inning after two men were out with Rudolph's single, Moran's double and Ever's solid blow to center.

It is the first time that a world's series has been won in four straight games and after the last man was out the Athletics rushed over and congratulated their rivals. The spectators went mad with joy and paraded the field singing and cheering.

Boston made it another holiday today. Thousands took the day off and thronged to Fenway Park hours before the gates were opened. Nearly every seat in the unreserved stand was filled at noon and hundreds stood up against the fences. Reserved seats sold at a premium. Over 30,000 persons were in Fenway Park by game time.

Silk Exposition at Patterson.

Patterson, N. J., Oct. 14.—An Industrial Exposition and National Silk Style Show is now being held in Patterson, the pioneer silk city of the United States. The affair is under the direction of the Patterson Chamber of Commerce. The exposition proper is being held in the Patterson Armory, the centre of which is given over to the silk exposition while the other industries of Patterson tenant the surrounding booths. The silk display is one of the finest ever seen in the United States. The production of silk from the egg to the finished broad silk and even the complete gown is shown.

The National Silk Style Show includes a display of the season's latest in gowns as well as a demonstration of the extent of the Patterson silk industry. The gowns included in the display are all "Patterson Made" and were designed by American modistes.

Meeting at Methodist Church.

Revival services are being held this week at the Methodist Church. Two preaching services are held daily, at 3:30 and at 7:45. The pastor, Rev. J. M. Daniel, is being assisted by Rev. Mr. McCracken, of Raleigh. The attendance has been good and the public is invited to attend all of the services.
