GOVERNOR CRAIG IS TO SPEAK AT UNVEILING

Ceremonies Will Be Held Friday, November 13, Splendid Program to Be Arranged

GREAT EVENT IN PITT COUNTY

Every Man, Woman and Child Expected to Do Everything Possible to Make Occasion a Great and Successful Event.

The committee appointed to select a speaker and to fix the day for unveiling the Confederate Monument beg to announce to the people that they have fixed Friday November the 13th 1914, for these ceremonies.

We are also delighted to be able to announce that the Governor of the State has consented to honor the occasion with his presence and deliver the address. We are sure that a great host of people will come to hear our eloquent and beloved Governor Craig.

We beg that the committees which have been appointed will get to work on the matter committed them and have everything in readiness and these in addition to this let every man, woman and child in Greenville consider that each is appointed a committee of one to do all possible to make that occasion a great event in the history of Pitt county.

And we also announce that all the citizens of the county are confidently expected and are cordially invited to attend and participate in these ceremonies. It is a county affair and we want every citizen to feel that it is his celebration and that he is called upon to make it a great success.

A full program of the order of the exercises will be published later. THOS. J. JARVIS, F. G. JAMES, F. C. HARDING, R. H. WRIGHT, Committee.

NORTH CAROLINA BUREAU OF VITAL STATISTICS

The Bureau of Vital Statistics is a comparatively recent addition to the machinery of the Board of Health having been put into operation the first of the year. It is one of the most important and useful bureaus in the entire State. The purposes of this Bureau is to keep an accurate list of the births and deaths occurring in the State. The records kept by this Bureau are of use to almost everyone at some time or other, especially in matters requiring exact dates and other information not ordinarily kept. By means of this bureau we are able to determine the death rate and birth rate for the State. In legal matters such statistics very often are of extreme importance for they furnish reliable and complete information.

Below we give the number of births and deaths reported since the Bureau has been in force.

There were 100 births reported up to October 10 of which 66 were white and 34 colored.

The deaths reported for Greenville number 65, 33 white and 32 colored; for Greenville Township 43, 22 white and 21 colored.

Rev. Robert King, a Presbyterian Evangelist, is spending a few hours in the city on his way to Kenville.

Special Edition of Reflector Will Show Wonderful Advantage of Greenville

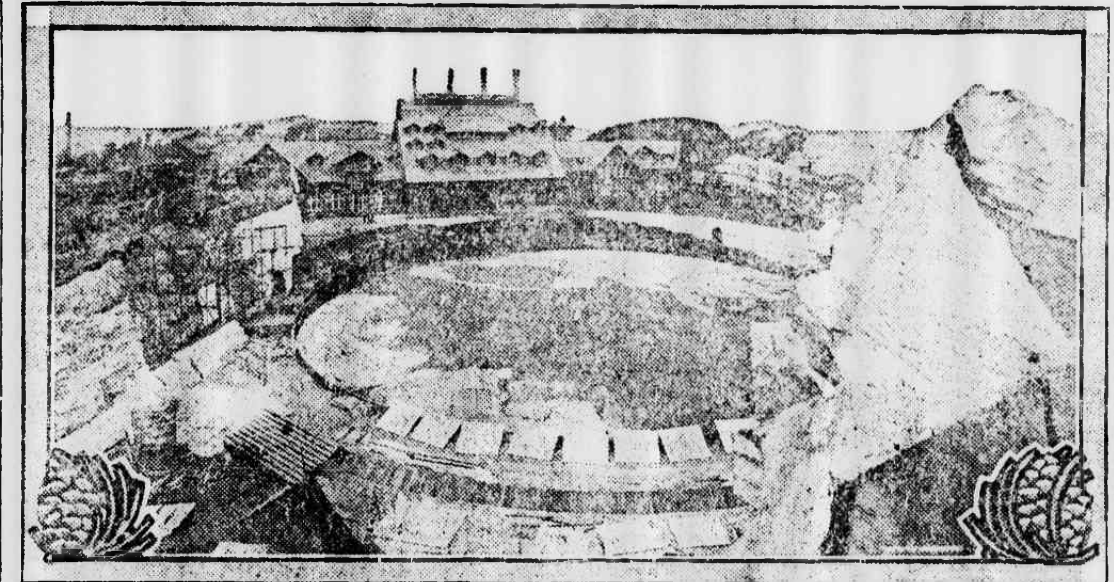

At the present time Greenville is suffering less from existing conditions than any town in the South. Our people are not feeling the hard times we hear so much about on all sides. The farmers of Pitt county are comfortably situated. They have a ready market for their produce and with this money coming in they do not need to sell their cotton at the ruinous prices it is now bringing. In fact all is well in this part of the county and we have no cause to complain. But we ourselves are the only ones who know about this state of affairs. How many people outside of this county know about this wonderful land of ours? Until we let others know about the opportunities and advantages of this county we will not get the full benefit of our favorable situation. The more people we can reach the more chance we have of attracting them to our county and as a means of reaching the greatest number of people the newspapers cannot be beat. The Reflector is going to make a special effort to reach a great number of people soon by issuing a special Development Edition in which Greenville and Pitt county will be shown up as never before. It will be a regular compendium of facts told in story and picture so well arranged and gotten up that it will arrest and hold the attention of its reader until the last page has been read. The fact so forcefully portrayed on its pages will be convincing to the reader and will start people to thinking about Greenville. It will make them act and action is what we want and what you or anybody else wants. 10,000 copies of this edition will be and as this splendid issue is to come printed and judiciously distributed, cut in a few day quick action is necessary to get a write up in this paper. No a line of story matter in this paper will be paid for, but on the other hand the Reflector is spending money to get it. This special edition goes to all subscribers of the Reflector and to thousands of others. This is Greenville's one great opportunity to let others know about these good things we have mentioned and the wise man will seize this opportunity which may not come again.

RAILROAD SECURITIES THAT ARE HELD ABROAD

Washington, Nov 2.—Statistics have been gathered which show that over five billions in American railroad stocks and bonds are held abroad. In response to inquiries directed to American roads, replies have been received from 114, and estimating from the figures quoted, which were based by the roads on the dividend checks, the round figures of five billions were reached. The importance of this fact at this time is that these immense foreign holdings from the stumbling block to the reopening of the security exchanges, except with restrictions to prevent free and open trading. Foreigners in the troubled zone not only find difficulty in liquidating their own securities, but they must accept most severe reductions in value. Naturally, in order to obtain funds they will sell that upon which the sacrifice is the least: where the best price may be realized. American stocks and bonds, if the market was wide open, would come over in vast quantities.

Mrs. Cletus Lancaster and Miss Nora Lancaster of Vanceboro are visiting at Mr. E. L. Clark's and attending the convention.

MARVELS OF YELLOWSTONE PARK IN VAST REPRODUCTION PANAMA-PACIFIC INTERNATIONAL EXPOSITION, SAN FRANCISCO, 1915

Copyright, 1914, by Panama Pacific International Exposition Company. One of the most marvelous features of the huge Panama-Pacific International Exposition in San Francisco in 1915 will be a gigantic representation of the Yellowstone National park, built by the Union Pacific railroad at a cost of \$400,000, under the supervision of Mr. J. R. Rathbun, the famous producer, who is now in San Francisco supervising the work. In the background of the picture is seen an exact duplication of the Old Faithful Inn. The large circular space in the center of the picture will be filled by a topographical map 220 feet in diameter and reproducing the topographical features of the park. The man on the right is looking over a cliff 100 feet high; a little below him there will be a waterfall 85 feet high, falling into a great basin below the cliff. There will be wonderful geysers in the park, which will be one of the most attractive sections of the "Zone." The above view shows this wonderful exhibit as it appeared while under construction in September, 1914.

Believed Germans Are Ready to Abandon Effort to Reach Belgian Coast

Turkey Has Apologized For Her War like Actions But More Than Apology Wanted

AFRICAN REBELLION BROKEN

German Cruiser Still on The Job.—Austro-Germans are Repulsed in Poland and Russians Gain in Prussia.

London, Nov. 2.—Turkey has apologized for the war-like operations of her fleet under German commanders in the Black Sea, but it has been stated authoritatively that more than an apology probably be asked and a demobilization of the Turkish army. It is expected much trouble will be met in settling the difficulty.

Germans Fight Hard.

The Germans continue to strike hard blows on the Allies lines in an endeavor to reach the coast, but have found every road blocked. The floods and Belgian Army together with the British fleet have effectively barred their way and they are practically at a standstill.

Attacks have been made on the allies lines at many points but without success. It is believed the Germans are making a last effort to reach the coast, and that if it fails, they will fall back to control Belgium.

The fighting continues on the east Prussian frontiers, in Poland and in Galicia. There are no important results reported in Poland and it is believed no battle of any importance will be fought until the Russians overtake the retreating Germans.

Rebellion in South Africa Broken.—The backbone of the rebellion in South Africa seems broken. Colonel Maritz's command in the Northern Cape Province has been defeated.

TRADE BALANCE RESTORED.

Exports During October Will Be On the Heavy Side.

Washington, D. C., Nov. 2.—Restoration of many trade currents and establishment of substantial export balance by American commerce in October was indicated in statements issued by the Treasury department. Telegraphic reports from cities which handle about 72 per cent of the country's export trade, showed that from October 5th to 31st, inclusive, a trade balance of more than \$33,000,000 was established.

If figures from the remaining ports show the same proportions, the October gain over the export balance for September will amount to more than \$17,000,000. Part of the increase was ascribed to cotton shipments which had been almost suspended by the European upheaval. During the week ending October 28th, 112,053 bales of cotton were exported. On last Thursday alone, 43,903 bales were sent aboard.

Total exports from the principal cities from October 5th to 31st amounted to \$129,963,631, and imports \$106,341,261. The imports represented about 87 per cent of the total for all the country, and the exports 72 per cent. In September the exports were worth \$156,337,333, compared with imports of \$140,689,611.

ANOTHER LANDSLIDE.

Navigation in Panama Canal Is Again Closed.

Washington, D. C., Nov. 2.—The Panama canal has been closed to navigation by another landslide. Col. Goetz has to have it open again by Wednesday. Col. Goethals cabled the canal commission late today "Rapid movement of slide material in the break north of the Gold Hill, blocked the channel Saturday. Hope to open channel by Wednesday." As understood at the canal office this slide is only an aftermath of the big slide of October 14th.

BOGUS CHECK EXPERT IN NORTH CAROLINA

Kinston, N. C., Nov. 2.—Officers in this section are on the lookout for H. O. Williams alias T. A. Turner, a bogus check man who is believed by the W. J. Burns Detective Agency to be operating in this territory. The First National Bank of this city has been advised by the Burns people that he "is liable to put in an appearance in any town of this section at any time." Williams is 23 years old, five feet eight inches tall, weights 140 pounds, is fair complexion, has dark hair and eyes, is neat and well dressed and is inclined to talk good deal on first acquaintance. He usually claims that he represents the Louisiana Wholesale Provision Company and presents checks supposed to be drawn by that company in his favor on the City National Bank of Knoxville, Tenn. He has recently been in Greenville.

Provisional President of Mexico is Elected at Convention Held Sunday

Mexico City, Nov. 2.—A dispatch received here from Aguascalientes says that General Eulalio Gutierrez of was elected provisional president of Mexico shortly after midnight last night. The election is for a period of twenty days only.

El Paso, Tex., Nov. 2.—The conference of revolutionary chiefs at Aguascalientes has disregarded General Carranza's protest and elected Eulalio Gutierrez provisional President of Mexico, according to an official report reaching the border today.

Insist Villa and Zapata Resign.—Washington, November 2.—General Carranza will insist on an absolute acceptance by the convention at Aguascalientes of his condition that both General Villa and Zapata retire to private life along with himself. Should they reject his stipulations civil war will result.

The United States has addressed a note through the Brazilian minister in Mexico City to General Carranza reiterating its willingness to withdraw American forces in Vera Cruz, but insisting on a compliance with the original demands of the State Department for certain guarantees.

A copy of the note was sent simultaneously to the American consular agent at Aguascalientes to be laid formally before the Mexican national convention. The document sets forth that the United States has been ready and willing for some time to evacuate Vera Cruz, but has waited for three specific guarantees, namely, that Mexicans who served the United States during the American occupation be not afterward punished for their acts, that customs duties collected by the American officers should not be reimposed upon merchants, and that the municipal taxes collected not similarly be imposed a second time.

GREENVILLE TOBACCO BOARD OF TRADE MEETS.

The Greenville Tobacco Board of Trade held its regular monthly meeting on November 2. President and all members being present. The usual monthly market report was read showing satisfactory sales for the month of October both as to pounds and price.

It has been customary heretofore to start sales after November 1st at 9:20 instead 9 o'clock but on account of the unusually heavy sales expected this season it was deemed advisable to continue the opening hour at 9 o'clock during November.

At the suggestion of Mr. Ficklin the Board made a generous contribution to the Red Cross Society to be used especially for the relief of the Belgians suffering from the effects of the European war.

CHICAGOANS POPULARIZE AMERICAN MUSIC.

Chicago, Ill., Nov. 2.—The first of the "native" concerts to be given by the Chicago Symphony Orchestra, wherein all foreign music is banished and all of the airs are America's product, takes place tonight. Six of those distinctively American concerts will be given.

Georgia Fair Opens Tomorrow.—Macon, Ga., Nov. 2.—The eleven-day Georgia State Fair will open here tomorrow, and in preparation for the event, many attractions have been gathered and a notable exhibit prepared.
