CONN. VETERAN'S MONUMENT.

To Be Erected in New Berne National Cemetery--Preparation For its Dedication.

We noticed recently that the State of Connecticut was about to erect a monument to the soldiers from that State who were buried in the National Cemetery at this place and a delegation of Connecticut veterans, some accompanied by their wives, would be down to the dedication. We copy the following reference to the event from the New Haven, morning Journal and Courier:

"Some time ago funds to the amount of \$1,000 were provided by the State of Connecticut for the erection of a monument in memory of the members of the Fifteenth regiment, Connecticut Volunteers who perished by yellow fever at New Berne, N. C., and word was yesterday received by Colonel Upham of the regiment that the monument had been completed at Barre, Vt., where it was in course of construction, and had been shipped to New Berne, N. C., the National cemetery of place having been selected as the site for the memorial. W. H. Lord of this city, secretary of the regimental association, was at once informed and preparations are now being made for an excursion of the members and their families to New Berne to take part in and to witness the dedication. The monument was shipped from Barre September 23d, and will probably be ready for dedication on the selected site by October 22 or 23. The monument is to be erected especially to the memory of those members of the regiment who died of the yellow fever.

"Secretary Lord has also received word from Mr. J. K. Willis, the contractor who is to set the monument, and a New Berne man, that a most cordial reception will be accorded to those members of the association who come to the ceremony, and a warm greeting will be extended. About forty members have thus far signified their intention of going, and Colonel Upham has given notice that if a sufficient number decide to go the price will be only \$20 for the trip and return, with stop-over privileges which will enable all to see many points of great interest. The prospect now is that a sufficient number will be obtained to get these rates. The train will pass through Washington, D. C., Fredericksburg, Petersburg, Richmond, Weldon, Goldsboro, thence to the destination, with stop-over privileges on the return route."

Death of Mrs. Margaret Smith. Mr. W. F. Roundtree received a telegram from Mr. C. M. Cooper, of Henderson, N. C., announcing the death there yesterday morning of Mrs. Margaret Smith, formerly of New Berne, at the residence of her son Mr. J. L. H. Missillier.

Mrs. Smith was a native of this city, and one of its old landmarks. She descended from one of the earliest settlers. She was a daughter of the late Mrs. C. Ivey, an aunt of Mr. A. M. Baker and has a number of near relatives in the city, besides hosts of warm friends.

Mrs. Smith first married Mr. John Lewis Henry Missillier. Her second husband was Col. Smith, of Whiteville, N. C. She was a member of the Missionary Baptist church. She united with it in her early years and maintained a kind pleasant exemplary christian life.

Judge Seymour's Judgment Sustained. The celebrated trial of D. A. McDougald, for the murder of his uncle, in Robeson county, which took place in Fayetteville, is recalled by the following dispatch from Richmond, Va., in the Wilmington Messenger:

"The Court of Appeals [sitting at Richmond] makes a decision in the case of Margaret Conoley against the New York Mutual Life Insurance, which was tried by jury before Judge Seymour at the last May term of the United States Circuit court in Wilmington. This action grew out of the murder of Simeon Conoley for which crime Dan A. McDougald, of Lenoirburg, Richmond county, was tried and acquitted at Fayetteville. The murder of his wife was insured for \$5,000, in favor of his sister, Margaret Conoley, but the insurance company declined to pay the policy. On the trial of this insurance case there was a verdict for the plaintiff upon certain issues which the Court submitted to the jury. Afterwards Judge Seymour gave judgment in favor of the plaintiff.

The defendants' counsel appealed from Judge Seymour's judgment to the United States Circuit Court of Appeals at Richmond, but the court now affirms Judge Seymour and gives judgment for the plaintiff."

A DEADLY INVENTION. A Torpedo to Blow Warships to Pieces--The Chinese to Purchase. Gen. F. M. Clarke of Fort Worth Texas has invented an electrical fish shaped torpedo to be used in naval warfare. It can be so controlled by electrical appliances that it can be projected against warships and blow them to atoms. It has been tested and works to perfection.

Gen'l Clarke has left to complete a deal with the Chinese Government, which is to pay a million dollars for a supply of the torpedoes to be used in the war with Japan; of this the inventor is to have \$60,000 and his partner Col. Fred Grant the remaining \$40,000. Gen. Clarke has received a check from the Chinese Government of \$5,000 to pay the expense of consummating the deal.

The chemicals composing it are Secret known only to the inventor.

A KNOWING BEAR.

Not Only Eats the Bait But Breaks the Gun That Was Titled to Kill Him.

A subscriber tells us an interesting story about a bear at Smyrna, in this county, that has killed a considerable number of hogs. Sunday night five guns were placed on posts with muzzles pointing towards a dead hog the bear had killed near a swamp. An arrangement with which we are not familiar, was fixed so that when the bear began eating the hog the guns would fire and he would thereby cause his own death.

Bruin in this instance seemed to be somewhat smarter than the ordinary bear that ends his life in this manner. He not only went and ate up the hog but took one of the guns and broke the stock into pieces. It is said that the man whose gun was broken, was so mad that he actually cried.

From the latest reports we hear that the bear had not been killed.--Beaufort Herald.

STATE FAIR NOTES.

\$2,600 in Race Prizes--Special Attractions--Exhibits to Surpass Anything Before Seen in N. C. if Not in the South.

The greatest success ever attained by the North Carolina State Fair is assured for 1894 (October 23, 24, 25, 26th) if weather conditions prove favorable.

There is a genuine and wide spread State interest in it. Each succeeding day adds something.

The Agricultural, stock and poultry exhibits will surpass anything ever seen in North Carolina and perhaps in the South.

Among the prominent exhibitors will be the widely known Glencoe farm of Onslow county, the Alamance farm of Alamance; the Vanderbilt estate of Buncombe; the Hege Poultry yards of Forsythe; the Ocoila poultry yards of Craven; the Floral Gardens of H. Steinmetz; the Geesehoe farm of Forsythe, and other prominent farms almost without end.

The race purses are larger than ever before, aggregating \$2,600. Already the entries show horses of noted speed and reputation from Maryland, Kentucky, Virginia, Pennsylvania, District of Columbia, North & South Carolina. All classes are filled, and the racing will be the most enthusiastic and exciting ever seen in North Carolina.

Varied and amusing side attractions are already booked in great profusion. Among them are:

Chase's great Cyclorama of the Battle of Gettysburg; The famous dancing girls, from the World's Fair and "Paris by Gaslight;" Hurd's world's Museum; Mile La Mar, the mysterious Mind Reader, and Francis Morrissey, the King of Occultism; Sherry's wonderful "Working World;" Prof. De Cooper and his wonderful dog "Fitzsimmons," both of whom will make grand and wonder exciting balloon ascensions every day, both descending to the earth by parachute.

Besides the specialties there will be numerous other features of interest--jewelry workers, cane racks, Fortuna Nickel-in-the-slot machines, phonographs, flower workers silhouette artists, card engravers &c, &c.

The railroad rate is one fare for the round trip.
