Monday—16 Bales, @ 5.55.

The regular business meeting of the Naval Reserves will be held to-night. The best time to advertise is before the busy season, and not wait till it has arrived.

The Badist meeting corner Pollock and Norwood streets will be held to-night.

The Little Helpers will meet at the residence of Mrs. Geo. Henderson's this afternoon at four o'clock.

A force is in the city advertising Hunting's circus by posters and hand-bills. It will be here on the 20th. The posters are also up here for Main's circus at Wilmington and Goldsboro.

The series of base ball games is ended. New York has won the Temple cup. Seven games were to have been played but New York won the first four and that settles it without going further.

Rev. D. A. Brindle preached his first sermon at the Church of Christ Sunday. It is spoken of very highly by those who heard him, and we believe the congregation is unanimous in admiration of their new Pastor.

Mr. Durham Hassell informs us that his old commander Mr. J. Taylor Wood now in the office of commissions of Pilots at Halifax, Nova Scotia has informed him that he can secure a place for him on a British man-of-war at \$175 per month. Mr. Hassell says he will remain in New Berne.

Mr. Benjamin Sumner Guion and Miss Mary Ellen Walker are to be married this afternoon at 5:15 o'clock at the Episcopal church. They are two of New Berne's most popular young people and the church will no doubt be well filled with the friends of each. After the ceremony they leave on the steamer New Berne for a northern trip.

Messrs. Henry L. Hall, Bookseller; A. E. Hibbard, Jeweler; and Floyd Chadwick, Tailor who have been on Pollock street moved yesterday afternoon to Middle street. They are all in the store just vacated by Bradham & Brock who moved to the corner above, the old stand of Gaskill's Pharmacy when they bought out that business.

Miss Gertrude Bagby of New Berne, who went down to Wilmington last week to become a teacher in the Graded School there, was put in charge of the 9th grade—there are only ten grades in the school. This being assigned to the grade next to the highest is quite complimentary to the young lady who has herself just finished her education. She attended the State Normal and Industrial college last session.

Cottage prayer meetings in various parts of the city are a feature of the revival meetings now in progress. They were held at several places yesterday and appointments made for to-day at Major A. R. Dennison's and Messrs D. M. Hollowell, D. Congdon's, J. J. Wolfenden's, J. B. Toland's and Mrs. M. E. Smallwood's. The meeting at Maj. Dennison's will be at ten o'clock, the one at Mrs. Smallwood's at half past eleven, the others at 11 a. m.

Mr. Emanuel McKee and Mr. W. Irvin Lingling who have been investing for the purpose of purchasing small farms in this State for themselves with the intention of moving down, went up to Goldsboro. As many people as are now coming to North Carolina on similar expeditions it seems to us that any one who handles real estate in this section is standing in his own light who does not carry a business card in both the DAILY and WEEKLY JOURNAL.

Another Storm on the Way. Weather Bureau telegrams to Messrs. Hackburn & Willett yesterday read as follows:

"Tuesday threatening with rain."
"Severe storm now central in Florida. Will extend over South Atlantic coast causing heavy rains and high winds."

No More Joint Debates Wanted. A special to the Wilmington Messenger tells of the speaking by Lockhart and Martin at Lumberton Saturday. It says they spoke to a large mixed crowd, that Martin was completely riddled and Lockhart's sledge-hammer speech made many votes for the Democratic party.

The chairman of the Populist Executive committee immediately after the speaking notified the Democratic committee that no further joint canvass was desired between Lockhart and Martin.

A Head Shot to Populists. The Elizabeth city Falcon Economist says that fusion was a dead shot to Populism in the county of Camden. We quote the following:

"It is said now that there is not a fusionist in Camden county. It has killed the Populist party in that land of starchy hearts and 'steady habits.' From the accounts we have, the Pops in that county are dead, dead, Amen."

"At the last presidential election there were polled at Shiloh, 182 Democratic votes, 140 Republican and 70 Populists. Of this 70, about twelve were Republicans. Not one of the Democratic votes will be given to Squires, the fusion candidate for the Legislature. Not more than five or 7 will vote for Bradlet for Sheriff. There is now no Populist party in Camden county, Fusion annihilated the party."

Congressman Wilson has returned from Europe much improved in health.

ONE ENTERPRISE HELPS ANOTHER

This is a Strong Reason For Every Business Man to Encourage Industries of Every Kind.

The work of rebuilding the Ellis distillery, recently burned, is in progress. The storage shed is now in course of erection, and the building of the distillery itself will soon follow.

To show how one industry effects another, we have been informed, since the fire, of a country merchant of a neighboring county from whom Mr. Ellis would often purchase a thousand to fifteen hundred dollars of naval stores per month. This gentleman would bring the turpentine, &c.; to New Berne in his own boats and would return with them loaded with purchases made of New Berne merchants. Grocers got a good share of this trade, and we are informed of one dry goods merchant who would sell him bills amounting sometimes to four or five hundred dollars in a month.

It can readily be seen that those merchants who receive at the benefit of this trade from the party we are speaking of and others, were almost as much interested in seeing the distillery resume operations as the owner. If the market for the naval stores were entirely cut off, of course this gentleman as well as those who handle them in smaller quantities would have sought another market and have made their purchases where they sold—it is but natural that they should.

Now as this is so patent in the case of something that is established and is temporarily stopped, it is easily seen that it would be corresponding beneficial to the merchants themselves to encourage and to invest in industries that will create a market here for every product possible; the money paid out to the sellers and the hands or operators will in the natural course of events, quickly be transferred to the tills of the merchants and make matters livelier all around.

Every industrial enterprise in the city, the distilleries, the saw mills, the planing mills, the shingle mills, the fertilizer factories, the cotton ginneries, the knitting factory, the ice factories, the foundries and all other plants that give labor employ do their share and a very good share in contributing to the prosperity of the city. What has been done on this line is good but the number of such establishments should be greatly multiplied and diversified.

Business men should ponder these questions. Other cities are forging ahead by manufacturing and if they can we surely can for we have natural and other advantages which many of them have not.

Coming and Going.

Mr. W. T. Caho went off yesterday morning on a business trip through Pitt and Hyde counties.

Mr. T. A. Harris, Salesman of L. Shultz & Co., left for Baltimore yesterday morning on a pleasure trip.

Mr. Ed. Swindell, of Middleton, Hyde County, is in the city on both business and pleasure.

Mr. and Mrs. Hill Humphrey returned last night from their bridal tour. They are registered at Hotel Chattawka.

Mrs. K. E. Johnson returned home from New York where she has been visiting friends.

Mr. C. T. Watson, Mr. Thos. Daniels and Mr. Geo. N. Ives went down to Morehead on business.

Mr. L. H. Cutler returned from Greensboro.

Mr. Geo. Allen who has been in the city, left returning to Raleigh.

Miss Jennie Hughes left on the steamer Neuse yesterday afternoon. She will join her sister Mrs. Edmund Strudwick at Norfolk and they will proceed together to New York on a pleasure trip.

The Date of the Dedication.

A letter to Maj. W. L. Palmer speaks of the time for dedicating the Federal monument and says it will be about Nov. 14th. One to Mr. Walter Fulford, inquiring how many of those coming he can accommodate speaks definitely that the dedication is to take place on the 14th and says the veterans and some ladies with them will arrive on Tuesday of that week and leave on Thursday.

Mr. J. E. Willis of this city, who has charge of erecting the monument does not think however that this date is reliable. He has been in correspondence with the President and Secretary of the society and also with the contractors and he has been looking for the date to be fixed earlier. He will soon, however, have notification of the time himself.

But the letters to which we allude say that from forty to sixty will come. Maj. Palmer's letter states in addition that one of the regiment, Rev. Harry Burns will probably make the address and a New Berne clergyman is to be invited to offer a prayer.

Inquiry is also made about "our old wagon master." That is our townsman, Mr. R. C. Kehoe.

Resolutions of Respect.

Whereas, it has pleased Almighty God to remove from our midst our beloved sister, Alice R. Higg, Resolved that we the members of New Berne Lodge "Faith, Hope and Charity," an organization whose name indicates its purpose, most humbly and reverently bow in submission to this dispensation of our Heavenly Father, remembering that he doeth all things well, which has removed from us one whom we have learned to love because of her Christian character and fidelity to our cause which she had espoused.

Whose pure heart was ever sympathetic, and whose hand was ever extended to aid suffering humanity.

That we tender to her bereaved husband and family our heartfelt sympathy.

That the members of this Lodge do wear the usual badge of mourning for 30 days, and that these resolutions be spread upon our records and a copy sent to the family, and published in the New Berne Journal.

REV. W. R. GALES IN NEW BERNE

THE EVANGELISTIC MEETINGS.

The Opening Meeting—A Large Audience—Impressive Services—Synopsis of Sermons.

The undenominational series of meetings to be held in the Presbyterian church of this city under the charge of Evangelist Weston R. Gales of Greensboro, commenced Sunday night. It was in the main a union meeting. Nearly every other church in the city closed to participate in it, and at the first ringing of the bell the congregation began pouring in so rapidly that the pews and gallery were quickly filled and then the chairs from the lecture room were brought over and placed in the aisles for the remainder of those who attended.

Gospel Hymns were used and will continue to be used throughout the services. The church is partially supplied with the books, but it is well for all who have books of their own to bring them as it is desired for every one to be supplied and to join in the singing.

The meeting having been opened with prayer and praise Mr. Gales read the first ten verses of the second chapter of Ephesians, and a few verses from the 24 chapter of James. After reading he commented briefly on the passages showing how one agreed with the other, and that while we are saved by grace, grace is as sure to produce fruit as a live tree is to put forth its buds and leaves and bear whatever pertains to it.

Mr. Gales divided his regular sermon into five tests for Christians, or as he amended it those in the church to apply, not to their neighbors but to themselves to see if this living faith was in them. The tests were taken directly from the scriptures and were:

1st.—Confessing Christ with the Mouth:—"I thou shalt confess with thy mouth the Lord Jesus and shall believe in thine heart that God raised him from the dead, thou shalt be saved. For with the mouth man believeth unto righteousness and with the mouth confession is made unto salvation." Romans 10:9-10.

2d.—Love to the Brethren. "We know that we have passed from death unto life because we love the brethren. He that loveth not his brother abideth in death." 1 John 3:14.

3d.—Continuing in the Word:—"Then said Jesus to the Jews which believed on him, If ye continue in my word then shall ye abide in me, and ye shall not see death. For whosoever shall keep his sayings, he shall not see death, but shall have life everlasting." John 8:31.

4th.—Denying self.—"And He said to them all, if any man will come after me, let him deny himself and take up his cross daily and follow me." Luke 9:23.

5th and last.—Bearing Fruit:—"Herein is my father glorified that ye bear much fruit; so shall ye be my disciples." John 15:8.

In speaking upon the divisions of his subject Mr. Gales showed that confession of Christ by the mouth is not simply bearing the name of Christian by living in a Christian land, not alone the confession made by joining the church but confessing by daily walk in life and by talking about him to companions, by loving to talk about him. "Out of the abundance of the heart the mouth speaketh," if Jesus Christ is first in the heart he will be talked about—it is not first he does not dwell there.

Under the second head he showed that love to the brethren must overstep the bounds of narrow denominationalism and must extend also beyond religious bounds. He touched upon the subject of gossip and showed that proper love would cause the bearer of a damaging story, instead of rolling it as a sweet morsel under the tongue, to go to the one on whom it was told, try to reclaim the erring one if the story be found true and help him or her to combat the slander if false. The speaker trembled for the salvation of any one who did not love his brother and placed no value upon his profession. "He that loveth not his brother abideth in death."

Under the head of continuing in the word the evangelist said he would be afraid to ask how many held family prayers. He showed the need of hiding God's word in the heart to keep out sin. That as we must eat to live so must we feed upon the word to sustain the spiritual life. The reason of weakness was that the word was not hid in the heart.

Under the fourth division he showed that self denial must be practiced in order to be saved. Among the denials he pointed out that must be observed was (Continued on page 4th.)

HAPPENINGS OF THE DAY.

Six masked robbers at Muskegee, Indian Territory, made a railroad agent open the iron safe from which they took \$500, and then skipped.

Beatrice Van Dressden, a young lady balloonist, fell from the height of 1,500 feet near Buffalo, N. Y., Sunday and was instantly killed. Her body was driven nearly a foot in the ground.

A British steamship the Jeannette is now at Wilmington loading with cotton for Europe at the cotton compress of Messrs. Alexander Sprunt & Son. The ship can carry from eleven to twelve thousand bales of cotton. She has a tonnage of 2,179.

Sugar is going to be cheaper if Chicago's stock on hand reaches far enough. For some time there the big dealers have been running on a uniform price until they had accumulated a little more than they wanted to stand, up the agreement on Monday, the 8th, went to pieces, hence anticipated reduction in prices.

SPEAKERS OF PROMINENCE.

Four Leading Democrats of the State to Make Addresses at Seven Springs.

Friday of this week (12th inst) is the time for the big Democratic rally at Seven Springs.

An unusually fine array of oratorical talent will be present making a political treat for all who attend. The speakers are Hon. Thos. J. Jarvis, Hon. C. B. Watson, Hon. Thos. W. Mason and Hon. Lee S. Overman. Such speakers ought, and doubtless will draw an immense crowd even from long distances.

The issues of the campaign will be honestly and fairly discussed, and all are invited to attend.

The Murderer Mills Sentenced.

George Mills the Wake county murderer, who brutally slew his niece Lina Wimberly, was found by the jury guilty of murder in the first degree. Judge Lynam sentenced him to hang Nov. 30th. A new trial was refused and the Judge warned Mills that he need not hope for either a new trial or executive clemency.

Wimberly, the girl's father will be tried at the January term, and it is thought Mills will be reprieved till then that he may testify. We look on this delay as wrong. He should have been tried at this term of court, and he and Mills, if found guilty hung as soon after as possible. By delays swiftness may die or get out the way or something else happen to defeat the ends of justice, and this leads to a contempt of law and to a temptation to people to take the law into their own hands.

"In the making of a shoe is the selling of it."

A well known J. P., came to our store some time ago and said: "Have you another pair of shoes like these I have on?" He said he had been wearing them 2 years. They were the Stacy Adams & Co's. Waukenphast. They will not wear every one that long but they are good shoes and it pays to buy that kind. See us if you need a pair. Do you need any Underwear? See us, 50, 75, and \$1.00.
