One case of importance on the docket is the case of State vs. Simmons for the killing of his brother 8 months ago.

Three Hundred Conversions Under Evangelist Lee.

Evangelist Lee, who is known to our people from meeting he has held in New Berne and neighboring places, has just closed a very successful series at Bedford City, Va. The Christian Advocate summarizes the results thus: "It continued three weeks and resulted in over 300 conversions—127 for the Methodists, 93 for the Baptists, 38 for the Presbyterians and eight for the Episcopalians."

The whole community was stirred, and several political meetings at which some of the very prominent men of Virginia were to speak, had to be postponed or abandoned.

Jones and Oswalo Election.
Every Democrat in Jones county is elected by from 25 to 100 majority. On account of late opening of the polls which resulted in the loss of some votes the Beaver creek and Cypress creek precincts were thrown out.

Passengers on last night's W. N. & N. train who left Jacksonville late say that two precincts in Oswalo, one strongly Democratic and one strongly Fusionist were likely not to be counted. Fusionists, as well as the Democrats were equally strong in favoring adhering to the law and having them throw out on account of late opening.

The Presbyterian Orphan's Home.
"Our Fatherless Ones" says of the children gathered in the Barren Springs Orphan's Home:

"Our children are beginning to count the days till Thanksgiving. There is no day in the year, except Christmas, that they enjoy more. It is indeed a day of thanksgiving here, for the many nice things we receive on that day make us feel that the Presbyterians of North Carolina love their orphans and honor the Master, and that God's goodness is great in raising up such liberal and sympathetic friends to minister to the fatherless."

"Fifty two healthy, hearty children take seats daily, three times a day, at our tables; fifty-two romping, racing children test the strength of their garments daily on our yards; fifty-two cunning, curious, or diligent, dutious children puzzle their brains daily in our school; fifty-two lively, light-hearted, industrious, ingenious children work daily in our farm, garden or yard, or at the needle or tray. Some body must watch, somebody must work, somebody must pray. Reader, what part is yours?"

The Times says of Mr. Milton: "He was a man beloved by all for those traits of character that rendered him one of God's noblemen, always ready to respond to any call for help or assistance, ever ready to give aid or comfort to the distressed and unfortunate; a good christian character, with love for all and charity to cover the mistakes of others. THE FIRE DEPARTMENT.

The City Council Decide to Purchase a Hook and Ladder Truck and to Sell One of the Fire Engines.

On recommendation and petition of W. D. Barrington, chief of the New Berne Fire Department, the Board of City Council have decided to purchase a hook and ladder truck. The matter was left with the fire department committee and the Mayor to make a suitable contract for its purchase and then report to the Board.

A well equipped truck has been needed for some time and the citizens will approve of its purchase.

There have been times, especially when the buildings on fire have been iron-covered stores when the judicious use of hooks in tearing away sheets of iron so that the water could be thrown squarely upon the fire might have resulted in the saving of property worth many times what such a truck would cost. The purchase is a wise one.

Another action of the Board affecting the Fire Department was the passing of a motion looking to the selling of one of the steam fire engines, as it is not considered necessary to own two now that good water works are in the city.

The figures on the Legislature as prepared by the leading Democratic newspapers here show 65 fusionists and 46 Democrats in the House with seven counties yet to hear from. The Democrats concede that the fusionists have thirty Senators against their twenty.

Liquor Licenses Granted.
At the session of the Board of City Council, the following persons were granted license to sell liquor for the ensuing 6 months:

M. Dismway, J. P. Rodman, D. W. Patterson, Jno S. Garrett, J. F. Taylor, Wm. Colligan, Thos. Bowden, A. M. Edwards, L. J. Taylor, J. W. Moore, John D. Dinkins at two places, N. C. Hughes, H. Danenberg, E. W. Bryan, C. H. Taylor, col., W. H. Johnson, col., and Noah Powell, col.

REPUBLICAN ESTIMATE.
As to Their Majority in the Next House of Representatives—A Majority of 106 Claimed—Democrats Concede 56.

Chairman Babcock of the Republican Congressional campaign committee estimates the next House will be 121 Democrats, 331 Republicans and 4 Populists, giving the Republicans a clear majority of 106 over all.

The Republican Congressional Campaign committee closed up its headquarters Wednesday. Several attempts were made that morning by Chairman Babcock and Secretary McKee to prepare a table showing the relative party representations in the next House, but each time fuller returns received threw out the calculation. The Democratic campaign committee concedes a Republican plurality of fifty-six in the next House.

At 8 p. m. on the 7th, inst. Mr. Babcock gave out the following statement:

"Returns received up to this hour show that we have elected over 250 members, with several other States to hear from. We have carried the solid Congressional delegations of twenty-three States. We have carried the majority of the delegations in thirty States, thereby enabling us to elect a President in case the election should be thrown into the House. The returns indicate that we have secured control of the next Senate by a majority of one to three without counting the vote of North Carolina, which has undoubtedly elected a Republican Legislature."

Chairman Babcock's figures show that the Republicans have carried the following States by solid Congressional delegations: Connecticut, Colorado, Delaware, Idaho, Indiana, Kansas, Maine, Massachusetts, Michigan, Minnesota, Montana, Nebraska, New Hampshire, New Jersey, North Dakota, Oregon, Rhode Island, South Dakota, Vermont, Washington, Wyoming, West Virginia and Wisconsin. The number of districts he claims the Republicans carried in the other States are: Alabama 3, Arkansas 1, California, 6, Illinois 21, Iowa 10, Kentucky 5, Maryland 4, Missouri 7, New York 29, North Carolina 3, Ohio 12, Pennsylvania 27, South Carolina 1, Tennessee 4, Texas 3, Virginia 3.

BOUND OVER TO COURT.

Four Cases Against Willis, the Embellishing Express Agent—The Matter Still Being Investigated.

A special from Florence, S. C., to the Wilmington Messenger says that T. F. Willis the defaulting agent on the Southern Express company at Kingstree, who was arrested at Wilmington at the instance of Mr. J. P. Steffer, representative of the Guarantee Company of North America, has been taken to Singtree in the custody of an officer. He appeared before Trial Justice Staton on the 4th, on four warrants for grand larceny and forgery. Evidence was introduced in one case and the preliminary hearing waived as to the remainder. He was held to bond in the sum of \$300.

There are several charges in abeyance, which will be presented later. The case is being thoroughly investigated. The embellishment at present is nearly \$1,000, with the probabilities of an increase as further developments are made.

SPECIAL FROM RALEIGH.

Everything Looks Gloomy—Butter and Holton Make Big Claims.

The following special received at a late hour last night is not very encouraging to Democrats:

RALEIGH, N. C. Nov. 8.—State and Judicial tickets have been carried by Fusionist by a majority of probably some twenty thousand.

Butler claims it by thirty thousand and Holton by forty thousand.

Legislature will be controlled by Fusionists who will have a majority of at least twenty on joint ballot.

Three Democratic Congressmen have been elected—Woodard, Lockhart and Shaw. Crawford's defeat in Ninth District is conceded.

Wake county gives fusion majority of over twelve hundred, though official count has not yet been completed.

The figures on the Legislature as prepared by the leading Democratic newspapers here show 65 fusionists and 46 Democrats in the House with seven counties yet to hear from. The Democrats concede that the fusionists have thirty Senators against their twenty.

CRAVEN RETURNING BOARD.

The Count of the Vote Commenced Yesterday—Will be Continued This Morning.

The Board of Canvassers of Craven County met at the 12 o'clock noon. Messrs W. W. Clark and O. H. Guion, attorneys, were present stating they represented certain Republicans and Populists candidates, if any contests arose. Mr. C. R. Thomas on the opposite side representing the Democratic party and Democratic candidates, was also present.

The canvassing board decided that they preferred to conduct the canvass of votes uninterrupted by arguments of attorneys during their session, and on motion, proceeded at once to a compilation and count of the returns.

The count was proceeded with through the afternoon but not finished. The first and second townships, Fort Barnwell and city of New Berne were disposed of, except the Fourth ward. The question of the late opening of the polls by which there was a failure on the part of some voters to cast their ballots was raised and the final consideration of this ward was postponed to this morning so that witnesses could be heard from.

Present Hon. J. J. and Fort Barnwell precincts were thrown out on account of the polls having been opened too late.

SAVED BY WARNING SIGNALS.

Vessels Valued at Millions of Dollars Made Secure From Danger And Lives Saved.

It is well understood that the warnings of the weather Bureau as to the coming of storms, frosts, cold waves, and so on, have been of great benefit both people on sea and land since the bureau was established. The Washington Post has gathered and published figures as to the number and value of vessels and cargoes that were prevented from being exposed to the fury of the two recent storms by these warnings. The figures are large and will give a good idea of the value of the service. They show that during the storm of September 24-29, 1894, 1,089 vessels, valued at \$17,100,000; and during the storm of October 8-10, 1,216 vessels valued at \$19,188,000, making a total of 2,305 vessels valued at \$36,288,000, remained in port on the Atlantic and Gulf coasts, secure from danger throughout the periods for which warnings were issued.

Of these vessels it is probable that a large proportion would have gone out but for the warnings, and it is fair to assume that had they done so, nearly all of them would have encountered the storms and been more or less damaged, if not entirely lost, as the records, as far as given, of those that went out in face of the warnings, show that in every instance they suffered severe injury or were destroyed. Reports from the region traversed by the storms give the warnings credit for saving a considerable number of lives, one station alone—Charleston—reporting that over 100 lives were probably saved by this means.
