#### NEW ADVERTISEMENTS.

Manhattan Jewelry Co.—Auction sales.

#### COTTON SALES.

Monday—96 Bales, 4.75 to 5c.

Capt. Ben Willis brought up another hundred boxes of fish for Messrs. Fernie Gaskill & Co., and Mr. C. T. Watson from Portsmouth.

Yesterday was the last night of the special tickets to the Welcome Week celebration were good and as a consequence a pretty good number of the visitors who stayed as long as possible returned home last night.

Capt. Murphy and his son, Llewellyn, of Roanoke Island, were recently drowned by the capsizing of their boat in Oregon Inlet. The body of the captain was recovered in New Inlet, eight miles from the scene of the disaster. The son's body has not been found.

The county commissioners were busily engaged yesterday examining into the financial standing of the securities on the bonds of the several recently elected county officers. The work of examination was not concluded—it will be continued to-day. No bond has been passed upon yet.

There were between 400 and 600 boxes of specially fine fresh fish—very large trout, fine sea mullets, &c., at Roanoke Island wharf being packed Saturday night for shipment Sunday. This is a very large amount but as high as 1300 boxes of fish have been shipped from there at a time. Come to the East Carolina Fair and learn of this industry.

#### Bought Season Tickets to the Fair.

Mr. Chas. Reizenstein Sec'y. & Treasurer of the East Carolina Fair had an application yesterday for four season tickets. It is needless to say that he sold them.

This is the earliest that any tickets to the Fair have ever been sold, and as the Fair is yet nearly three months off it shows the interest that is being taken in it.

#### Election of Fire Company Officers.

The following were the officers of the New Berne Steam Fire Engine Company elected last night.

L. J. Taylor, Engineer; F. B. Lane, Foreman; A. E. Hubbard, Ass't. Foreman; W. P. Bue, Sec'y; A. H. Banzer, Capt. of Hose; F. M. Chadwick, Treas.; H. P. Willis, Practical Engineer.

At a meeting of the 5th Ward Hose Company last night the following were elected officers for the ensuing year: Foreman, C. J. McCarthy; Assistant Foreman, J. A. McKay; Secretary, Wm. McKay; Treasurer, Wm. Harrison; Capt. of Hose, E. M. Harrison; Representatives, Wm. W. Cook and G. P. Hassell.

#### Hotel Chattawka Arrivals.

M. E. Blakeley, New York; W. C. Cowgill, Cambridge, Ohio; Leopold Cohn, city; F. C. Hatch, Boston; E. C. Chaytor and wife, Winona; C. A. Hill, Iowa; C. P. Jones and wife, Indianapolis; Mrs. C. P. Jones, Indianapolis; N. Metzger, Norfolk, Va.; J. Chumler, St. Louis; W. T. Jones, N. O.; A. D. Black, Wilmington, N. C.; J. P. Lance, Reading, Pa.; C. L. Mattocks, Pollockville; Kelley E. Terry, Stella; Richard B. Snow, Stella; C. B. Spain, New York; G. H. Burnbough, Lynchburg, Va.; Mark Dintness, Philadelphia; J. T. Quarles, Baltimore; H. A. Whiting, Wilmington, N. C.

#### Coming and Going.

Mrs. Geo. Gaskill left yesterday morning in company with her mother, Mrs. Styron, to visit the latter at her home in Durham.

Mrs. Geo. Green and her daughter, Miss Annie left for Durham on account of the serious illness of Mrs. Green's mother.

Rev. G. D. Lancaster of Roanoke Island, Rev. G. L. Seabolt of Vanceboro; Rev. J. J. Porter of Kennebec and Rev. Mr. Gattis of Durham, who with his sister Miss Minnie, has been teaching school at Monteo passed through en route to Durham to attend conference.

Mr. and Mrs. J. W. Ironmonger who have been visiting relatives near the city left yesterday on the steamer Neuse for their home. Mr. Ironmonger has also been looking after the farm which he owns here and which he intends to place on the market.

Mr. Brooks French, of Wilmington, N. C., Mr. C. A. Hamner, of High Point, N. C., are registered at The Albert.

Rev. G. G. Harley and family left yesterday morning for Durham to attend conference. Mr. Harley as we have stated will not return to New Berne, having made up his mind to join the Western Conference. He and his estimable wife have made many friends in the city who regret to part from them.

Mr. and Mrs. S. K. Eaton returned on the Steamer Neuse from the North. Mr. Eaton made his purchases of Christmas jewelry while away.

MONDAY'S PROCEEDINGS.

### THE COMING COLONISTS.

Fifty Pennsylvania Farmers with Their Families Will Leave for This City Within a Month—Mechanics Also in the Number—Ample Capital for Success.

The Pittsburg Press gives quite a lengthy notice of the company of farmers and mechanics that is organizing there to settle upon fifty thousand acres of land near this city.

The Press says that within thirty days over eighty residents of that city and surrounding towns will leave to make permanent homes here.

We give other facts about the immigration, as told in the Press.

This colonization scheme is one of the largest ever developed in that vicinity. It was originated by an Allegheny firm and is the outgrowth of the present financial depression and the enforced idleness among the working classes in the north.

Fifty farmers, with their families will start for their new settlement within the next thirty days. Most of these were formerly residents of Neville Island, but since the island has been sold and subdivided into city lots, they have been in quest of new farming lands.

A number of the farmers had a meeting a short time ago and it was decided that a representative should be sent to investigate the new district. He was accompanied by one of the members of the real estate firm. They returned on Wednesday last week and a most favorable report was made. This being done a number of farms were at once purchased and the owners will leave in advance of the colony.

Twenty machinists and ten blacksmiths formerly employed by the Westinghouse company have also joined the colony.

The first detachment will leave Pittsburg in a few days. These will go to prepare homes for those who are to follow.

It is said that revised large contracts have already been let for the erection of saw mills, and the work of cutting timber and breaking soils for the crops will be commenced as soon as possible.

The financial backing which Messrs. Tomb, Johnson & Co., the firm having the organization in charge now have it is considered will make the colony a success and if it proves as successful as is expected, many others will be induced to settle in the same neighborhood.

### PROSPEROUS FACTORIES.

Cotton Mills of This State Running Day and Night to Keep up With Orders.

The reports from cotton factories are very encouraging. The Charlotte News tells of the brisk work the factories of that city have to do to keep up their orders.

It says that "day and night the wheels of the cotton mills of Charlotte are running, ceasing only during the Sunday hours. This means a double force of hands for each mill, and consequently a doubling of the weekly pay roll. The Victor Mills now pay out in wages \$33,000 annually. Its pay roll hereafter will be \$65,000 monthly. The Charlotte Cotton Mills (Oates Brothers) has been running day and night regularly, and now all the other mills are arranging for continuous day and night work, within a week, and the other mills will fall into line as soon as they can get the necessary force of hands."

Such reports as the above give good encouragement for embarking in the manufacture of cotton goods. North Carolina has more mills and more spindles at work than any other Southern State but there is room for many more. More attention to the South to the manufacture of cotton will have a wholesome effect. It creates a home market and by making a labor demand it may result indirectly in causing a decrease of the amount of cotton raised with a resultant advance in price and better prices all around.

Let us have factories in New Berne and Craven county and more in the State. It would pay the farmers themselves to join together and establish factories.

The figures on the factories on three leading Southern States are given as follows:

North Carolina has 142 cotton mills, with 691,016 spindles, 12,143 looms, 1,994 cards. South Carolina has 62 mills, with 155,229 spindles, 17,740 looms and 1,269 cards. Georgia has 67 mills, with 536,769 spindles, 12,134 looms and 1,885 cards. North Carolina therefore leads in the number of mills, spindles and cards.

### VIOLATIONS OF LIQUOR LAWS.

The Portion of the Law Authorizing a Revoking of the License for this Cause.

Sec. 1,117. Laws 1888. If any person shall sell spirituous, or malt, or other intoxicating liquors on Sunday, except on the prescription of a physician and then only for medical purposes, the person so offending shall be guilty of a misdemeanor, and punished by fine or imprisonment or both in the discretion of the court.

Revenue Act, 1893. Section 33.—Provided, however, that the board of county commissioners, upon satisfactory evidence that such applicant (for license to sell spirituous liquor) has been convicted or has been found to have confessed his guilt in a court of competent jurisdiction of any violation of the laws of this State or any other State regarding the sale of spirituous liquors, may refuse to grant an order to the sheriff to issue license to such applicant.

### CONGRESS ASSEMBLES.

The President's Message—He Recommends Changes in the Tariff Act and Agrees With Carlisle on the Financial Question—An Elastic Currency Needed.

WASHINGTON, D. C., Dec. 3.—Congress is again in session.

The President's message has just been read. The tariff and the financial questions are given prominent attention.

Cleveland says that the tariff needs changing. He wants coal and iron on the free list, and he favors the popular bill.

The President endorses Secretary Carlisle's financial policy. He says bonds cannot be depended upon to support the gold reserve, and that there must be an elastic currency.

### NEW BERNE AND OTHER N. C. PATENTS JUST GRANTED.

Mr. E. T. Gaskill, inventor of the maltster filling machine of which he and Mr. F. T. Patterson are proprietors, received his patent yesterday.

Other North Carolina patents granted on the same day were: S. E. Allen, Winston, Combined brace, clamp, step fastener, and support for step ladders; J. H. Brown, Mooreville, Well tiling coupler; T. Lytten, Lowell, The shrinking and up-setting device; M. C. Sorrell, Raleigh, Cradle; J. W. Faten, Durham, Combined fire place and ventilator.

### NEWS IN BRIEF.

The Cathedral in the City of Mexico was badly damaged by the recent earthquake.

A number of large stills in this State were captured by revenue collectors last week.

An appeal has been made to the Pope to intervene in behalf of the persecuted Christians in Armenia.

Rear Admiral Walker has been assigned as chairman of the Lighthouse Board in place of Rear Admiral Greer.

Governor Flower has refused to honor the requisition of the Governor of Texas for the indicted Standard Oil officials.

"Uncle Billy" Patterson who died in West Philadelphia on Friday, had been for forty-three years an engineer on the Pennsylvania Railroad, and was never hurt in an accident. Then there are undoubtedly two "Billy Pattersons."

Col. Oates was inaugurated governor of Alabama in great shape and without disturbance. The other fellows kept off the grass and got but a cold bite of the honors; but Capt. Kull has by no means lost hope of an ultimate vindication.

A train on the South Carolina and Georgia Railroad was derailed by train-wreckers near Columbia. The cars took fire and the whole train was destroyed.

Mr. Byard presided at the anniversary of the Scottish Corporation festival in London. The compliment had never before been paid to any foreign ambassador during the long history of this organization.

The vote of North Carolina for Chief Justice is: James E. Shepherd, Dem., 127,593; W. T. Faircloth, Rep., 148,345. Fusion majority, 20,751. Judge Walter Clarke, whose name was on both tickets, received 272,038 votes which was within 5,017 of the total polled by both Judges Shepherd and Faircloth and it is the largest vote by more than a hundred thousand that was ever by any other man in the State.

The Morning Times of Newark, N. J., suspended publication on Nov. 30th. It was first issued October 5, 1891, and was owned by Thomas C. Barr. All of the obligations of the concern have been, or will be met. In his valedictory, Mr. Barr says: "Mr. Barr's investment in the enterprise was \$200,000, and all he has to show for it is a copy of the first and last issues of the paper, which he will save as costly souvenirs."

Oates was inaugurated Governor of Alabama on Dec. 1st, and the capital was as orderly as on any like occasion. Kull's purpose failed utterly—he made a ridiculous display of himself. Being refused to speak in the capitol he unburdened himself in the streets and took the oath of office. There were few Kolbits in the city and no signs of disturbance. As a precautionary measure however, several bodies of troops had been massed at the capitol.

### Baptist Mission.

### NEW BERNE KNITTING FACTORY.

The Increase in its Capacity and the New Lines of Work it is Now Entering Upon.

The recent addition of eight sewing machines and twenty-one ribbers to the machinery of the New Berne Knitting Factory makes an increase in the capacity of the mill of seven hundred pairs of hosiery per week. It not only increases the capacity but enables the mill instead of confining operations to men's half hose as has been almost exclusively the case in the past, to turn out in addition to these a good line of misses, childrens and ladies ribbed hosiery—heretofore practically nothing has been done in the way of manufacturing these latter except the making of a few sample pairs to show what could be accomplished.

The need for additional operatives which has been made by the increase has as yet been only partially filled. There are now over a dozen places waiting to be filled by the first good applicants.

The old hands are becoming quite proficient. The best are now able to turn out good work with rapidity, and in consequence earn quite gratifying remuneration.

Such an institution as the knitting factory is great benefit. It gives good, honorable employment to worthy girls and women who otherwise would not be able to provide as well for themselves as they can with such a factory in operation, and of course the benefits of the money the operatives receive flow on to merchants and others.

Success to the Knitting factory. We hope that the present increase may be but a predecessor of still greater enlargement in the no distant future.
