THE JOURNAL.

C. T. HANCOCK, - - - Local Reporter.

Entered at the Post Office at New Berne, N. C., as second-class matter.

NORTH CAROLINA IN THE SENATE. The last months of Hon. M. W.

which the Washington Post, among he was asked: other things, says:

"The main speech of the caucus was made by Senator Ransom, of North Carolina, It is not too much to say that to many of the Senatore, Senator Ransom's address was in the nature of a revelation. For years he has not made a lengthy speech in the Senate and his abilities as an orator were as a sealed book to his younger colleagues. Yesterday, however, he held the r undivided attention for nearly an

pleaded against the Senate being work. swept off its feet, so to speak, by. the current of the passing hour. He rehearsed the long years during which the Senate had been true to the traditions and the purposes of the founders of the Government; he pictured that body as the only barrier between absolutism and the people; and with impassioned tones appealed to his colleagues from the South to remember that if had not been for the power intrusted to a minority, the people of that section might have been without the representation which they now en-

a depth of feeling that carried conviction, and when he concluded his brilliant peroration, even the friends of cloture were moved to commen. "The effect of Senator Ransom's

proposition to change the rules he could no longer hold such opinions in the face of the arguments which tioned they were kept in boxes in had been uttered. Other Senators a garret through which a brick including Mr. Palmer, of Illinois and Mr. Pasco, of Florida, added their strength to the anti-cloture side, and againts the tide of opposition Mr. Vest, Mr. Vilas, Mr.

George and Mr. Berry were pow-

Great as was the speech of Senator Ransom on last Thursday, he is forest leaves be sure to have them expected to deliver a greater one perfectly dry. on the 7th of January. On that day he will present resolutions in honor of the late Senator Vance, of North Carolina. It will be worth a pilgrimage to Washington to hear Ransom's enlogy on Vance on that occasion. It will be a memorable address. Memorable becouse Ransom will be the speaker and Vance his subject. Memorable because it will be the last speech of a great Senator from North Carolina for many years. The men who are to follow Ransom and Vance in the Senate will fitly illustrate the truth that,

"Pigmies are Pigmies still, Tho' perched on Alps." -and the close of the 53rd Congress will bring to mind, "How blessings brighten as taey take their flight.

Astronomy Proves the Existence of God. The sun is composed of inert mat ter and could not have made itself. It is 888,646 miles in diameter. swinging, as we believe, to Alcyone by the attraction of gravitation, and holding in its mighty attrac tive grasp, Mercury, 35,000,000 miles distant; Venus, 66,000,000; Earth, 91,000,000; Mars, 139,000,-000; Jupiter, 476,000,000; Saturn, 872,000,000; Urauus, 1,753,000,000; and Neptune, 2,746,000,000 of miles

All these worlds, with their 21 satellites, it carries in its vast swing among the unnumbered systems, diffused through vast immensity, clothed in splender and rolling in majesty, and yet for thousands of ages it has never collided a

agie system! No plonk work, constructed upon a must exact system of mechanics,

displays, such order as is seen ong the revolutions of the stellar systems, Order logically presupposes design, design necessarily involves intelligence. Intuitively we must see that intelligence which planned, created, and holds systems landed, created, and holds systems are now. The third Friday night in each month.

AN ELECTRIC RAILROAD

Between Baltimore and Washing on, D. C .- To Have Speed of Sixty Miles an

BALTIMORE, Dec. 6 .- The Eikins-Widener-Newbold syndicate is electric trolley road in the world. It month. is to be the Washington and Baltimore Boulevard Line, thirty-two miles long, contracts for seventeen miles of which will be let in a few to be in operation by April 1st,

The road, it is estimated will cost \$1,000 000. It will be double tracked and laid with eighty-pound steel rails. The trains will have a guaranteed speed of sixty miles per hour, the tastest schedule time for any electric or other railway. The Blood signal system will be used for the prevention of accidents. It is proposed to have the entire line in operation by midsummer.

Applying the Rule the O.her Way.

A Chinaman, says the Obristian Advocate, applied for the position Ransom's Senatorial career will of cook in a family in one of our add new luster to North Caroli. Western cities. The lady of the na's fame. On last Thursday, house and most of the family were Dec. 6, he delivered an address in a caucus of the Democratic party after the character of the servant. held in the Senate Chamber, of So when John appeared at the door

"Do you drink whiskey?" "No." said be, "I Clistian man."

"Do you play cards?" "No." I Clistian man."

He was employed and gave great satisfaction. He did his work well. was honest, upright, correct and AT COVE, CRAVEN COUNTY, N. C. respectful. After some weeks the with grace and acceptability. But premises, hour as with his eloquence, his logthe next morning he waited on

"Why, what is the matter" she inquired.

John answered, "Clistian man; J told you so before; no heathen; no workee for Melican heathen."

To Save Sweet Potatoes.

For several years past I have eaten sweet potatoes late in May that were as sound and eatable as they were in November, when they had been put away or dug from the earth. The person who put them up showed me how.

Use dry forest leaves, put a layer of leaves, then of potaties selected joyed. He infused into his words as perfectly sound, then a layer of leaves, then of potatoes. The leaves should be perfectly dry and crisp. I have heard others praise the

method. If it is always as successful as in the case within my experieffort was immediately seen in the ence no one could ask a better or

potatoes must not touch each other. and that in the case above menchimney passed, and the warmth freezing in our coldest weather. I am told also by persons who have kept sweet potatoes in dry sand. carefully separated from each other and in layers, that their success has been perfect. When using
