Fo Consider the Matter of Immigration and a Cotton Factory-Be on Hand To-Night at 8 o'clock.

A meeting of citizens is called at the City Hall to night to discuss matters pertaining to immigration, which subject is so rice here now. It is a meeting at which every one who can should be present; cur information is that there are thousands of people of a very desirable class with whom the International Colonization company is in touch who are but waiting for the procuring of proper lands to come over and it seems that East Carolina by moving aright will have the fi st opportunity I securing many of these settlers.

Mrs. Beard informs us that they will not all settle in one body, the Danes will ie in one place, the Swe les a another, ha Norwegians in at the, while the Finns will go to the a ountain region.

There are likely to be several addresses able citizens on the subject. Mr. Jas. A. Bryan for one s cars quite interested, Another matter that wal be presented at the meeting is the building of a cotton factory, by capitalists representing millions of money and who stand ready to put up in the new furniture store of Sneed & the factory provided our citizene will co.; P. N. Hewin, Manager. ially, if not fully outlined at this meeting The factory proposed is an cost \$119,000 and to not only knit but weave almost any kind of cotton tal rac

We hope to see a full attendance tonight and that good results may follow. Come

A Curiosity From the Sea.

A curious and very rare fish is now total at the ice house with the intention of keeping it until the next exhibition of the East Carolina Fair. It was caught in Morehead waters and we learn is the sec and one which there is any record of bayng been caught there. The only name we have heard applied to it is sun fish, but here surely is some application more percally distinguishing it.

The fish is nearly the effect long and

oes not like much of being as wide as it is long, and this specimen would probably weigh about seven y-five pounds. He has one extremely long tin extending one extremely long tin extending from his back and another exactly con responding diectly opposite, and two other fins near the head are all he has; there is no tail fin whatever, a slight fleshy projection from the almost circular oody is all the semblance of a tail there

Another curious point is that the fish as no gills whatever -not a sign of any, and the mouth is very small and nearly

ound; Whatever the fish may the storing of him on ice will doubtless preserve him until the Fair and the many visitors will then have an opportunity of viewing the unusual visitor for themselves.

The Colored Masons. EVENING SESSION.

Tuesday, Dec. 11, 1894. The Grand Lodge reassembled at 'clock, with a full attendance.

The Grand Master announced as special rder for Wednesday morning, Dec. 12, 0 o'clock, his annual address,

The business was then taken up with dispatch. The Grand Lodge then took a recess until Wednesday morning, Dec. 13,

Wednesday, Dec. 12, 1894. The Grand Lodge convened at 9:30 a. m. After approving the minutes of the evening session, the hour for the special order having arrived, the Grand Master proceeded with his annual address, which was rich with wholesome masonic truths light on many qustions. was pleasing in a high degree. Difficult made many excellent recommendations. selections from the masters were rendered The address showed the work in good condition and increasing. He happily re-It was thoroughly refined and high ferred to the harmony throughout the

The address was referred to a special committee. The other Grand Officers including Secretary and Treasurer made All showed that the craft is in reports. good condition.

Applications for a number of charters Mr. John Ellis received a letter last for new lodges were made and referred to doctors have to find new diseases for night from Kinston, Jamaica, written by change the date of meeting of the Grand Lodge failed. A recess was then taken until 7 p. m. A MEMBER.

A Valuable Gift to Chapel Hill. We copy the following from the Chapel

Hill "White and Blue:" "The children of the late Prof. Edward Graham Daves have given from the exten-sive library of their distinguished father a valuable collection of books to our University Library. The gift consists of about one hundred volumes. chiefly classical. They are translations of the principal Latin and Greek authors and of course will find a ready acceptance in an Uni-

versity Library.
"The University congratulates itself on he acquisition of this valuable collection of books, and for the students the White and Blue would express to the Daves heirs sincere appreciation and warmes gratitude."

The Colored Firemen. In a regular meeting of the Rough and Ready Hook and Ladder Company No. 1 following officers were elected for

1895 : S. J. Taylor, Foreman; James Charles Assistant Foreman; Owen Bryant, Engineer; C. H. Kinsey, Secretary; Thomas Whitehurst, Assistant Secretary; George Jones, Treasurer; James Lucas, Janitor; Isaiah Daniels, Tillsman.

louthern Educational Association Meeting.
