**NEWS ADRIPT**

**In the City of Elms and Vicinity, Gathered in and Briefly Told.**

Mr. Joe K. Willis is preparing a handsome monument to be erected to the memory of Mrs. W. M. Watson.

The present is the most prosperous year in the history of the University. It now has 463 students.

Representative Williams says that he is prepared to give a full account of himself on all questions pertaining to the Legislature just closed.

Mr. W. F. Rountree received a letter last night from Gen'l C. A. Battle stating that Mrs. Battle was considerably better. We are very glad to be able to give this pleasing information.

"Disbanded.—The Fred, Douglass Memorial Association closed." That is the way the Wilmington Messenger headed its notice of the adjournment of the Legislature.

Mr. S. R. Phillips has secured the contract for the improvements to be made in the Marks store recently vacated by Mr. H. B. Duffy, the plans for which drawn by Architect Simpson were recently given in the JOURNAL.

The Free Press says: "We understand that Messrs. E. H. E. F. Perry, L. W. Dawson, James F. Parrott and Jno. F. Mewbance, white, and Joe Hargett, Chas. F. Dunn and Star Hicks, colored, have been elected magistrates for Kinston."

Mr. Wm. Colligan has purchased the two lots, and small dwellings thereon, on Queen street immediately back of his residence. He intends to tear both buildings down, enlarge the lot to his residence by adding the nearest lot and build a good dwelling on the other.

Mr. Chas. Van Lear, of Seaford, Del., who formerly had charge of one of the oyster canneries here, is in the city in the interests of removing the canning machinery back to Delaware. We were very much in hopes that Mr. Van Lear had come to remain with us again.

The Beaufort Herald of the 14th, inst., announces that the fire engine recently ordered by that town had been shipped and was expected to arrive on the 16th. Upon arrival a test was to take place—a house sixteen feet square to be filled with combustible material and then fired to test the engine. It is to be accepted if it stands the test satisfactorily and rejected if it does not.

**Coming and Going.**

Mr. M. De W. Stevenson returned from Raleigh last night.

Rev. S. J. Porter of Morehead city who has been assisting his brother Rev. A. H. Porter of Pollockville returned home yesterday after a short visit at Rev. Rufus Ford's of the city.

Mrs. G. M. Crapan returned from Wilmington and her sister Mrs. Gerrill came up also to visit her.

Miss Otelia Barrow of Durham who has been visiting Mrs. A. E. Burgess left returning home.

Miss Henry Melts left to visit Mrs. Nash of Goldsboro.

Mrs. Lula Short of Baltimore is visiting her father Mr. A. P. Warner.

Mr. J. A. Jones left for Wichita, Kansas after a new supply of horses for his livery stables.

Miss Carrie Watson left to spend some time at her father's, Mr. John B. Watson.

Mr. J. Atkins Robertson and wife of Semant, Pa., is in the city on a pleasure trip and registered at the Albert.

Major H. H. Rogers who is so well known in the city and pleasantly remembered by his many friends, is at the Albert.

Mr. John D. Bangert of Baltimore who has been visiting relatives in the city left yesterday on the steamer Neuse returning home; his niece Miss Jennie Watson went with him for a protracted visit.

**Death of Mrs. John S. Long.**

A telegram received yesterday morning announced the death at Raleigh of Mrs. Annie Marsh Long, wife of Hon. Jno. S. Long, LL. D., of New Berne. Mrs. Long had been slightly ill a few days but no danger had been apprehended.

Dr. Long was in Baltimore visiting his daughter Mrs. Frank Yost. He was telegraphed, and arrangements made also for bringing the remains to New Berne for interment. They are to arrive today.

**Odd Fellows Supper.**

The Odd Fellows gave a supper Thursday night in honor of members newly initiated into the Royal purple degree, the highest in the state. The new ones were, Mr. Jas. Redmond, Dr. R. S. Prince, Messrs. J. H. Haddock, H. B. Holland, J. L. Cooper and Ferd Hahn. These and all the old members at the meeting participated.

The supper was elegantly served by Mr. A. P. Warner, and the occasion enlivened by a number of toasts.

**High P. O. Box Rent.**

ED. JOURNAL.—Why is it that P. O. box rent in New Berne is \$1.00 per quarter, while at Goldsboro it is only 50 cents and at Kinston 25 cents? We are aware that our Postmaster gets no benefit from said rents, therefore it can be of no personal interest to him for this additional charge.

ENQUIRER.

**The Massachusetts Committee in Charlotte.**

The committee on mercantile affairs of the Massachusetts Legislature was in Charlotte on the 13th. Representative Tramm is a colored man. He was taken possession of by prominent colored people and, besides visiting factories, he visited churches, schools and other institutions for colored people.

The committee visited in Charlotte eight cotton mills, one trouser factory and some other smaller enterprises. The men of the committee expressed themselves as not only being well impressed with what they saw, but they are most favorable impressed.

The committee left that night for Raleigh, N. C., where they were to spend Thursday, Friday they planned to be in Richmond, Saturday and Sunday in Washington, and then home.

Not one of the seven Italians lynched in Colorado was naturalized. Italy has started an investigation.

**THE A. & N. C. RAILROAD BILL.**

**Its Adventures in the Late Legislature —A False Entry About Its Passage Struck Out by Williams—The Facts —Intentions of the Bill.**

A Raleigh special to the Wilmington Messenger gives the following in reference to the attempted action of the Legislature against the A. & N. C. R. R.

Representative Williams, Republican of Craven, tells me some history. He says the House journal actually showed that a bill to amend the charter of the Atlantic and North Carolina railway and passed the House and been ordered enrolled; the fact is, it passed its second reading and that Williams, co-operating with the Democrats, prevented its third reading. He discovered the entry regarding the bill in the clerk's office and struck it off.

He tells me that two weeks ago the fusionists made their plan to grab this road and Senator Grant was to be State proxy and he, Rice, Abbott and Duncan were to be directors.

The arrangement for the grab of the North Carolina railway was that Senator Mooly was to be State proxy. Afterwards George Smathers' name was put in. This bill was tabled in the Senate.

**ROBBERS CAUGHT AT BEAUFORT.**

**An Organized Band That Has Been Terrorizing Our Neighbor Town.**

Special to JOURNAL.

BEAUFORT, N. C., March 15.—For the past six months an organized gang of thieves have been terrorizing our town to such an extent that no one felt safe. All the principal stores and many dwellings have been robbed.

We employed a detective who planned and joined them in breaking into Jones and Forlaw's store last night.

Four of the gang were captured and are now in jail. THOS. DUSCAN.

**4,500 DOZEN EGGS.**

**And Other Produce Made Up The Cargo of the Neuse Yesterday.**

The steamer Neuse took out four thousand and five hundred dozen eggs yesterday.

The steamers take out shipments of eggs by almost every trip made, especially in the Spring of the year, but this is larger than usual. Generally it is at this season from about a thousand to fifteen hundred dozen. The egg business looks like a small affair, but in the aggregate it counts up greatly, reaching into hundreds of thousands of dollars annually and helping to swell the money in circulation here.

Poultry is also regularly shipped. Some last was on yesterday was to go as far as Philadelphia. There was also a very good supply of fresh potatoes. They were fall grown ones which the truckers are now shipping away.

There were also five hundred bales of cotton and a quantity of fresh fish besides other exports.

More fish shipments were to be added when Roanoke Island was reached. The Neuse took three hundred and nine large boxes, about twenty-three thousand shad from there on her last trip.

With such a diversity of profitable interests it can be readily seen that New Berne's advantages are not small by any means.

**KINSTON NOW REBUILDING.**

**Finer Structures Than the Old Ones Will Soon be in the Place of the Ruins.**

From the Free Press we clip what follows:

In speaking of Kinston's great fire the NEW BERNE JOURNAL says: "Notwithstanding the extent of the disaster, Kinston's brave business men will rise to the occasion and rallying from their trouble will bestir themselves and make the burned district rise phoenix-like from its ashes and become again a flourishing business locality." That is true. Our business men have already commenced work. The town will be more beautiful than ever.

The brick are nearly all cleaned off from the burned district and our people will commence rebuilding at once. Hotel Tull will be rebuilt better than it was before. Messrs. B. W. Canaly, W. C. Fields, Jno. L. Nelson, S. H. Abbott, J. W. Collins, Einstein Bros., S. H. Lottin, Ottinger Bros., J. A. Pridgen, perhaps other losers by the first fire, are going right ahead with preparations for rebuilding.

Chas. F. Dunn, colored, has purchased the brick and walls where Mr. Komegry used to keep, from Mrs. W. L. Kennedy, and will build on it. The walls of this building are pronounced good.

The walls of Mr. J. A. Pridgen's store are the only ones that stood the test in the first fire.

The Free Press is glad to observe the promptness with which Kinston's people have gone to work to rebuild. It shows the great confidence they have in the town. In one or two years the only apparent result from the fire will be finer buildings, upon the whole, where now stand only broken walls and piles of brick.

A few of our citizens who lost by the fires are having trouble in coming to terms with the insurance adjusters, most of whom are very sharp and look closely into the technicalities with which to beat down the amount to be paid, though the loss may be several times the insurance. One or two law-suits may be the outcome of some disagreements.

The News and Observer says that the ladies of the Confederate Monument Association have conceived a new idea. This is to suspend a large star of incandescent lights just above the base statue on the monument, a shining fable that will mark by night the memorial to the Confederate dead. The star is to be five feet in diameter, every tip being a cluster of shining lights with a larger cluster in the centre, there being some fifty lights in the star.

Stewart Brothers, who secured the State printing by a notorious job, propose to have part of the work done in Richmond, Va., while North Carolina printers in Raleigh are discharged. This is the Fusion way of "building up home industry."—News & Observer.

**NEWS IN BRIEF.**

There will be a grand biblical assembly held at Asheville this summer, beginning the 18th of August.

L. R. Wyatt of Raleigh has assigned. His assets and liabilities are both large.

Mr. O. J. Carroll has been chosen chief marshal at the unveiling of the Confederate monument in Raleigh on the 20th of May. An admirable selection.

The Prussian Government has ordered that all schools be closed on April 1st, Bismarck's birthday. Special prayers will be offered in all the Evangelical churches for Bismarck on Sunday, March 31.

A Havana dispatch says nothing is known there of the Spanish cruiser firing upon the American steamer Alliance off the Cuban coast last week. The Department of Marine Affairs telegraphed to Gibraltar for details.

Captain Leonard G. Shepherd, Chief of the Revenue Marine Division, U. S. Treasury Department, died Thursday afternoon of pneumonia after an illness of ten days.

Holt, Schaefer & Co., large tobacco dealers, Lynchburg, Va., have made an assignment. Liabilities represented to be about \$450,000, mostly due in foreign countries. —H&W

The Central News correspondent in Madrid says: "Private telegrams from Cuba do not confirm the official statement that the rebellion has been virtually crushed. They declare that the insurgents gain strength daily."

The ship May Flint, formerly the steamer Persian Monarch, which has been rebuilt at Newport News, and is now the largest sailing vessel afloat, passed Fort Monroe Thursday for Baltimore, to load coal for San Francisco.

The Spanish Government has begun exercising strict censorship over all dispatches to and from Cuba. Nothing unfavorable to the Government is permitted to pass. No cipher messages are sent unless the key be given to the Government. —News & Observer.

**THE FUSIONISTS CLIMAX.**

**A Committee Appointed Still Left.**

**Time Unlimited—Expense Unlimited —\$1.00 per Day For Members—5.00 per Day For Clerks—One Member Lying Across Two Trunks Drunk—Character of the Others.**

Of all the acts of the late mongrel legislature the creation of a commission to investigate the case of Mrs. Pattie B. Arrington takes the rag of the bush.

The House appointed a committee of three to take the matter in hand, look into the case and see if she had been mistreated by the lawyers and the courts. This triangular commission is subject only to the Supreme court, and has the right to summon witnesses, call for persons and papers, travel anywhere in the State, and have all the assistance needed. The time is not limited at four dollars each per diem, and all expenses paid by the State.

The three corners of this triangle are Campbell (Rep.) Bryan (Pop) and Phillips (Pop) of H. C.

Did the members who voted for these men know who they are?

Campbell, R-publican, of Cherokee, has become a State character, the more mention of whose name raises a smile. He is a freak of the first order and takes his anti-prohibition three times a day. Campbell is a vast joke with a stove-pipe hat and false teeth.

Rev. Phillips, Populist, of Pitt, is a fine specimen of the genus fusionist. He is now said to be a Seventh Day Adventist, having left the Baptist church (in which he was a minister.) Last night he lay across two trunks drunk in the baggage room of the Yarbrough House.

Yesterday Phillips went to the office of the State Auditor and drew his pay for the two days this triangular commission has been sitting. Then came his little "expense" account. He had a valise full of books, which he told the chief clerk was included in the "expenses." He had been compelled to buy them, he stated, for the use of the committee, which could not get along without them. In fact the tomes in that valise were essential to the well-being and happiness of the members of that committee.

The valise was opened. In it were a few old law books; and copies of acts of former legislatures—the latter old books that any one might have picked up on the floor of the house.

The valise was ruled "out of order."

Bryan of Chatham on the stump in the past campaign, did not deny that he had passed spurious coin—a crime under the laws of the United States; he did not deny that he had been guilty of sealing a will, of which crime he was accused by the Chatham Record.

This is the trio that has been selected by the late Fusion Legislature to investigate and make report to the Supreme Court. Yesterday and the day before they spent a greater portion of the time at Mrs. Arrington's room getting her specification of the charges and mapping out the line of investigation. They will hold their session in the Court House hereafter.

Mr. E. P. Hanser, a well-known Fusionist in Lenoir county, who hanging about the capital much of the time since the Legislature met, is the clerk to the committee. He gets \$5.00 per day.

Attorney General Osborne yesterday decided that, while no limit to the expense or time, was named in the bill, the committee must finish their work so as to hand in their report by the close of the present term of the Supreme court—about six weeks. The committee, in order to save the expense of mileage in examining many witnesses, will visit Nashville, and probably other places during the investigation.—News & Observer 15th inst.

The case which this committee is appointed to investigate is that of Mrs. Arrington, of Raleigh, who was divorced from her husband some years ago, and who was very wealthy, but claims that her husband got her maiden property and that justice was not done her in the courts. The committee was appointed upon her petition to the Legislature to investigate and take evidence in the case and report it to the Supreme court at this session which holds sixty days longer. As we understand it, the State will have to foot all the board bills and travelling expenses of the committee, and its members can separate in the securing of evidence if they choose and each one have his five dollar a day clerk.

**THE CRIMINAL COURT JUDGES.**

**Both Sets Will Qualify—Gorge Meares Authority for Appointing.**

We have given the news of Gov. Carr's appointing Hon. O. P. Meares of New Hanover county as Judge for the Eastern Criminal Court the circuit of which is composed of the counties of Craven, New Hanover, Mecklenburg, Vance, Warren, Robeson, Edgecombe and Halifax, and of his appointing Hon. Thomas A. Jones of Brunswick county as Judge of the Criminal Court composed of the counties of Brunswick, Madison, Haywood and Henderson, both of which circuits were created by an act of the General Assembly, ratified on the 12th day of last March.

The Wilmington Messenger of the 15th has this to say of the appointments and the provision which the Constitution provides for making them:

THE GOVERNOR IS RIGHT.

In discussing the position taken by the Governor in this matter a prominent Wilmington lawyer, who is an able expositor of the constitution, says it raises a very pretty and interesting constitutional question. He stated that he had not looked into the question carefully enough to declare himself on it, but he is inclined to think that Governor Carr is correct in the position he has taken.

We understand that the Governor has acted on the advice of eminent counsel and that he is fortified by the opinion of Attorney-General Osborne who has examined the Constitution very thoroughly and is very positive in his construction of the instrument.

WHAT THE CONSTITUTION SAYS.

Section 2, Article 4 of the Constitution of North Carolina is as follows:

"The judicial power of the State shall be vested in a court for the trial of impeachments, a Supreme court, Superior courts, Courts of Justice of the Peace, and such other courts inferior to the Supreme court as may be established by law."

Section 10, Article 3, of the Constitution is as follows:

"The Governor shall nominate, and by and with the advice and consent of a majority of the Senators elect, appoint all officers whose offices are established by this Constitution and whose appointment is not otherwise provided for."

From the section first quoted the Legislature gets its authority to establish a Criminal court or a Criminal circuit, which is a court inferior to the Supreme court. Under Section 10 it is held that the judges of Criminal courts are officers whose offices are established by this Constitution and whose appointments are not otherwise provided for. Clearly the words "appointments not otherwise provided for" mean *not otherwise provided for in the Constitution* and have no reference to their being provided for by the Legislature.

Of course, there will be litigation to decide as to whether Cook or Meares is Judge, and the matter will no doubt be before the Supreme court at once.

BOTH JUDGES WILL TAKE THE OATH OF OFFICE.

The Messenger learns that "Judge" Cook proposes to take the oath of office, and that Judge Meares will do the same, and each will go ahead to assume the judicial functions. Judge Meares could not be seen last night, as he had gone to Lake Waccamaw to visit his daughter, Mrs. H. B. Short.

The News & Observer gives a list of the State Senators and the officers with which the Republican and Populist members provided themselves. It declares that there ought to be an amendment to the Constitution, forbidding members to hold offices either created or filled by the Legislature.

Relative to the rumor that got extant that federal interference would be called for by the Governor of Louisiana to assist in quieting the New Orleans law breakers, he stated most emphatically that he had never for a moment considered such a proposition and under no circumstances would he call upon the national guard, as the State was sufficiently able to protect the property and lives of its citizens.

The Washington correspondent of the Richmond Dispatch gives this item: "Mr. Grady, of North Carolina, worked nearly two years trying to have the negro postmaster at Fayetteville removed and a white Democrat appointed, but had to leave Congress without accomplishing the object. Mr. Grady went away very much disgusted."

**TREASURY DEPARTMENT, U. S.**

Life-Saving Service, Washington, D. C., March 11, 1895.—Sealed proposals will be received at this office until 2 o'clock P. M., of Tuesday, April 2, 1895, for the construction of a Life-Saving Station on Core Bank, about half-way between Beaufort and Portsmouth, North Carolina.
