NEWS ADRIPT

In the City of Elms and Vicinity, Gathered in and Briefly Told.

In Raleigh the mercury went up to 98 Friday, breaking all records, it is said. The weather bureau predicts fair weather for today, but it failed to say how hot it was to be. On May 23d, just ten days ago, the thermometer was down to 43.5 and there was frost. Yesterday it was up to 96.5. Mrs. J. W. Biddle returned last night from Durham where she has been visiting relatives. Mr. Mark DeW. Stevenson Jr., returned from Homer's School, Oxford, which he has been attending. Friday after next, June 14th, the Graded School of this city will hold its closing exercises. They will be held in the school building. Next Wednesday, June 5th there will be an entertainment in the Methodist church of Riverdale, gotten up by the scholars for the benefit of the Sunday school. The admission charge will be 10 cents.

Superior Court, SATURDAY'S PROCEEDINGS. Collier vs. Howard, Judgment for plaintiff. Hines vs. A. & N. C. R. R. Non-suit. By order of court the judgment of non-suit was stricken out upon payment of costs, including this term, and cause re-instated. Smith vs. Powers, Application dismissed. Brown vs. Dail et als. Defendant's exceptions overruled. Judgment, Defendant excepts and appeals. Du Four vs. A. & N. C. R. R. Issues announced in favor of plaintiff. Judgment. Brimage vs. Brimage, Judgment for plaintiff. Thos. Bowden, takes jury called and failed. Court ordered a fine of \$2.00 entered against him. Mary E. Johnson vs. Commissioners of Craven county. Jury empanelled and case continued till Monday.

Riverdale and its Industries. Mr. D. L. Taylor, who lives near Riverdale says of it, that it is not a town yet it is coming. At and in the immediate vicinity of the station there are not more than a dozen dwellings but there are four stores, those of Messrs. M. Porter, Bryan Ives, Fisher & Sons and a Millinery Store recently started by Misses Kate Simpson and Maggie Hunter. There is also, he tells us, a saw mill, a grist mill and a cotton gin of Mr. Clifford Simpson and brick yards which will soon have half a million brick for sale. Mr. Gabriel Hardison has burnt one kiln of 70,000 and is about to burn another of 100,000, and Messrs. M. Porter and Fisher & Sons will soon have about 200,000 each. It is probable also that Mr. Simpson will get off a large quantity before the summer is over, though he is not working his yard just at this time. Riverdale made an effort at incorporation before the last Legislature but failed. Maybe it will have better luck next time.

Some Minor Improvements. Mr. J. Taylor's residence, always a very pretty one now, shows better than ever, with the additions which he has made and the elegant repainting it is receiving. Mr. Thos. Bowden is also repainting his residence on Pollock street. He intends to greatly improve its appearance also. Miss Rachel Brookfield is making considerable repairs to her house, corner of Hancock and Johnson streets, the residence of Mr. H. D. Brown.

Opportunity With Fruit. The Winston Republican calls attention to its now being a settled fact that the fruit crop of the North and West will be a failure this year on account of the recent cold spell, with its accompanying frosts while in North Carolina and other Southern States fruit promises a good yield. It well says that the thing for our people to do now is to prepare to make the most of the fruit by shipment in a green state, evaporation and canning. If Providence favors us and we fail to utilize the blessing it is poor comfort to sit and crone and creak over lost opportunities.

Hotter Still. The government thermometer went up to 96.5, three degrees higher than the previous day and two degrees higher than it registered any day through last year. The lowest point reached Friday night was 71.5. New Berne may, at some time, have had a hotter day than Saturday, but if it ever has we do not know about it.

A New Drink Selling Rapidly. Capt. Sam'l B. Walters, the wine-craze seller of New Berne, has set on another summer drink to those he has been handling heretofore. It is also a favorite. It is delicious in flavor and is said to possess fine tonic properties also. Capt. Walters got in his first supply Friday, and before the next day ended, he had sold about half. Another and larger order was sent on immediately.

Track Quotations. The following track quotations were received by wire from Palmer & Frost, New York, last night. Huckleberries, 10 to 15c; blackberries, 5 to 10c; cherries 50 to 75c; fancy wax beans \$1.50 to \$2.00, green, \$1.00 to \$1.50. "The Silver Cornet Band." There will be a moonlight excursion on the Steamer Trent given Wednesday night for the benefit of the band. Let everybody show their interest in the band and at the same time spend a delightful evening. The Trent will leave her wharf at the foot of Craven street at 8 p. m. Tickets 75 cents, and children 50 cents. Refreshments served without extra charge. Mrs. J. A. Meadows, Mrs. K. B. Jones, Mrs. T. J. Mitchell and Mrs. T. W. Dewey, Organizers.

LOW ROUND TRIP RATES.

For the Morehead and Seven Springs Seasons and Special Ones for Saturday Nights and to the Teachers' Assembly.

The Atlantic & North Carolina Railroad announces special round trip rates this morning for several events--the rates for the regular Morehead season, the Saturday night rates during the time, and the rates to the Teachers' Assembly, also the season rates to Seven Springs. The rates on each instance have been fixed quite low. MORHEAD SEASON. The regular round trip ticket to Morehead City during the season is only \$4.00 from Goldsboro, \$3.00 from Kinston and \$2.00 from New Berne. SATURDAY NIGHTS. The Saturday night round trip tickets to Morehead City are only \$3.00 from Goldsboro, \$2.00 from Kinston, \$1.50 from New Berne and 50 cents from Newport. TEACHERS' ASSEMBLY. The Teacher's Assembly tickets have two dollars added to their cost for the coupon of membership in the Assembly but even including that, the round trip cost is only \$4.40 from Goldsboro, \$4.15 from Kinston, \$3.45 from New Berne and \$2.45 from Newport. The membership coupons entitle the holder to rates at the Atlantic Hotel and to all privileges and advantages furnished by the Assembly to its members. The tickets to the Assembly will be on sale from June 15th to 30th inclusive, good to return until July 30th inclusive. They are limited to a continuous passage in each direction. SEVEN SPRINGS. Round trip tickets to La Grange for the Seven Springs visitors are as follows: From Morehead City, \$4.90; New Berne, \$2.25; Kinston, 60 cents; Goldsboro 70 cents. Intermediate points in each case in proportion.

A VERY FINE GARDEN. And Quite Forward for the Season--Can any Other Town in the State Beat it? We took a look, on the first day of June, at the garden of one of our citizens, about a half an acre in size, the forwardness of which shows what can be done in a backward season by one who loves and takes pride in his vegetables and fruits. We noticed among other things very fine cabbages, lettuce and onions; tomatoes in bloom; cucumber vines with the young fruit on them, canteloupes in blossom, beans ready for picking (as they have had been for little time) and the long rows of corn in tassels and silk with the ears beginning to show fair development. The corn is of the earliest variety obtainable, and was not planted until the 22nd of April, just six weeks on June 31--a remarkably quick growth. Last year the same garden produced ripe canteloupes on the 10th of June, but this year to have young ones on the vines then will be what can be expected, as the vines are now barely beginning to bloom. It shows the difference in the seasons. A whole square in fig trees, was noticed, also pecan trees eight feet high, from nuts planted only two years ago. They are of the large soft shell variety imported from Texas. This year's growth is already over two feet in length. Everything in the garden was made without a pound of boughten fertilizer. Home made compost was used entirely, and liberally under all.

Trustee's Meeting. A meeting of the Board of Trustees of New Berne Academy will be held at the Collegiate Institute on Monday evening at 7 o'clock. Important business will be brought before the meeting. By order of the President, W. M. WATSON, Sec. & Treas.

Notice. The monthly meeting of the Female Benevolent Society will be held at the house of Miss Metts on Tuesday afternoon at half past four o'clock. N. I. SEYMOUR, Secy.

Good Penmanship Teaching. Mr. W. L. Smith will begin his third term of instruction in penmanship at the Hotel Albert next Monday. The afternoon class--which meets at 4 o'clock will be composed of ladies and misses, and boys. Mr. Smith is doing some excellent work in teaching his pupils to write easily and gracefully. As an evidence of this fact nearly every one of his students will re-enter for the third course. Some already write a really pretty hand. Among them we might mention the names of Messrs. J. W. Trench, J. H. A. B. Barrington, who "wield the pen" like professionals, Masters Ralph Davenport and Bennie Trassel write remarkably well for their ages--13 and 11 respectively.

A Columbus, Ohio, telegram says it is certain that work will be resumed on Monday in all mines of the State. The operators anticipate no further trouble.

OFF TO THE SUMMER RESORTS.

Morehead City, Beaufort and the Mountains all Beginning to Receive Numerous Visitors.

The Morehead and Beaufort season is opening and the low rates have been put on. Among those who went down last night for short stays were: Mrs. M. E. Manly, Postmaster Manly Manly and Misses Mary and Sallie Manly. They stop at the Atlantic Hotel. Mr. C. L. Spencer and Mr. Ed Crabree also went down. Among those who passed through to sojourn awhile by the sea were: Dr. J. P. Tuttle of New York, a specialist in one of the New York hospitals and a physician of note, and Capt. Wm. E. Taylor and Mr. T. F. Rogers, both of Norfolk. The destination of these three was Beaufort. They stop at that quiet, home-like, favorite place, Miss Sarah Davis. There were also a few who passed through from Chicago. Mrs. J. J. Disoway, Misses Emma Disoway and Miss Virginia Simmons left yesterday to spend the summer at Black Mountain. The weather is hot enough to make the people seek the summer resorts early.

The Lenoir Topic says Mrs. Rachel Estes, of Globe, has a fine Ball apple tree so large that from limb to limb it measures just fifty-six feet. President Cleveland and a part of his companions at Secretary Gresham's funeral reached Washington at 5 o'clock Friday evening. Secretaries Carlisle and Morton did not return with the party. The Asheville Courier says: "Considerable excitement has prevailed for several weeks in the vicinity of Kildeer in the eastern part of this county. 'Mad dogs' are the cause of it all. Foments rabid dogs have been killed. If Corbett will give the notice and charge the usual admission-fee to that Fitzsimons nose-pulling exhibition, he will not be any the loser, even if the big mill fails to come off. If the South makes a cotton crop of 8,000,000 bales this year, we will be greatly mistaken. It is about to take 9,000,000 bales. With late seasons reduced acreage and 40 per cent. reduction in fertilizers it is impossible for the South to make over an average crop.--August Chronicle. There are now sixty-two veterans in the Soldiers' home. A gift of books, made by a Mr. Allen of New York has just been received. There are no less than seventy-five applications for admission on file, so says an exchange. The steamers Norman and Jack were in collision in a dense fog near Middle Island, Lake Huron, Thursday night. The Norman sank, carrying down with her the steward's wife, waitman and deck-hand. The Jack was about at last accounts, but in a badly damaged condition. Judge Beauman, in the United States Court at Montgomery, Ala., sentenced a dozen men to the Brooklyn penitentiary for one year and fines of \$500 each. They had been convicted of distilling. He also sentenced about the same number to terms of six months in the county jail for retaining without license. The Greenville Bulletin tells this about the cotton crop: "This morning Mr. J. C. Mays showed us a handful of cotton plants taken from a 25 acre field on his farm which he said was a fair sample of his crop. In what he had there was only one plant with as many as four bolls, and he said that was the largest one he could find in his whole field. Every plant looked blighted and shriveled, and presented a mighty sorry prospect for a crop. A week more of bad weather would have killed most of the plants." Elsewhere appears notice of a moonlight sail to occur Wednesday night for the benefit of the band. The band is a serviceable but modest organization and we are heartily glad that our citizens are thus substantially showing their appreciation of the valuable services they have rendered on many an occasion. In such weather as this a cooling moonlight trip on the water will be delightful. Refreshments are to be served without extra charge. The Raleigh Recorder makes this mention of Wake Forest's approaching commencement: "Wake Forest's closing exercises will be unusually brilliant this year. Dr. H. M. Whitton is a famous preacher; Hon. Thos. W. Mason is not equalled in the State as an orator of the 'old school'; there are twenty-two young men to receive degrees, and of course they will make it interesting Monday night (class day exercises, by many considered the most entertaining of the week) and Thursday morning, when the graduating orations are delivered and Dr. Taylor makes his final charge to the graduates."

Improve Your Handwriting. The summer vacation period is the time to improve your handwriting. Don't be content with that ugly cramped hand when you can learn to write gracefully, easily and at the same time rapidly. Come and learn those who write you never heard of or thought of. No copy books. If you want to learn the best, and the latest and the most substantial about penmanship you don't have to go away, you can learn it right here in New Berne. Special attention to teachers. Afternoon class from 4 to 5:30. Evening class from 8:30 to 10 p. m. New students will enter Monday. W. L. SMITH, Hotel Albert.
