GANG OF COUNTY BURGLARS

Operating at Reelsboro--Two of Them (Negroes) Caught--How it Was Accomplished--Under \$500 Bonds--Other Arrests Likely.

We mentioned Tuesday the fact of two negro burglars being caught at Reelsboro. A correspondent writes us the following full particulars about the occurrence: "For several months past thieves have been raiding the store of Mr. J. B. Reel of Reelsboro, 10 miles east of New Berne, N. C., and at every raid their efforts were crowned with more or less success and it is estimated by Mr. Reel that more than a hundred dollars in loss in money and goods. Some of the raids indicated that it was the work of experts. While at other times it was evident that by the burglars made that the criminals were not skilled in the art of burglary. But no captures were made until the night of the 23rd inst.

Two negroes John Newby, aged 23, and John Curman, aged about 16, came to the store then on the pretext of buying an axe, but succeeded in unjamming the bolt of one of the rear windows. When they left the store Mr. Reel, Messrs. Joe and George, discovered that the window had been tampered with and immediately extinguished the lights and went into the house as it is to be seen, but returned to the store in a short time and had re-locked themselves to await developments.

They did not have to wait long until they heard some one at the window and soon they were in the store and were opening a side door when a light was flashed upon them by Mr. J. M. Reel and they were ordered by Mr. George Reel to surrender. But they would not surrender worth a cent, but rushed frantically toward the window by which they had a hand and escaped before they could be caught, but before the plucky George could fire two shots from a shot gun, which played havoc with a stack of tinware, hard by the way they were running and before they were identified by both the watchers.

A warrant was issued early Sunday morning by N. G. Binson, Esq., and placed in the hands of our constable, Mr. John Pappin, who arrested them at once, and upon trial, the boy, Curman, confessed and swore to a pistol which was dropped at the window and a cap which he swore belonged to the older negro, Newby.

They were committed to jail in default of a five hundred dollar bond. Later the negro, Newby, confessed and made statements implicating other parties, and it is confidently expected that several others will soon be entangled in a strong net of evidence, and it is now hoped that Reelsboro and vicinity will soon be rid of the whole gang."

BROOM AND CANING FACTORY.

A Genuine Investigation With Desire to Start One Here. We have been doing what we could to cultivate and arouse interest in the advantages that exist around New Berne for several lines of small manufacturing, especially canning nearly all the year round.

We are glad to say we know now of two reliable young men, practical broom makers and canners, who have been hotly investigating with the desire to start a factory here on both these lines; when one was not going the other would be. They have about \$1,000, a part of it is in machinery, but what money they have is not sufficient to carry on the business.

For certain reasons names and addresses are withheld, but if any one has a desire to take part or to work in any way to get the factory here, we will take great delight in putting them in communication with the parties.

NEWS IN BRIEF.

George Wilde has been pardoned from the penitentiary by Gov. Carr. He is the man who a year or two ago was sentenced for bigamy, having married a lady in Greensboro while he had a wife living in England. He was at one time foreman of the Kingston plating mills.

Mrs. Lucy Watts Carver, who up to eight years ago resided at Fayetteville, died in Raleigh, Monday, aged 91 years, of paralysis.

The Kingston Free Press says that Mr. Jas. M. Davis of Stone township living about ten miles up the river from Kingston, was caught in the act of illicit distilling by Deputy Hill.

The still was cut to pieces, and Mr. Davis was brought to Kingston the same day. Mr. Davis gave \$300 bond for his appearance before Commissioner Perry to stand preliminary trial.

NEW HALL FOR THE D. K. E.'s.

This Club, Which Comprises Distinguished Men the Country Over, Will Put up a Handsome Building at the University. At the Chapel Hill Commencement last week, said Mr. Brown Shepherd yesterday, one thousand dollars were subscribed toward the putting up of a new building for the use of the D. K. E. a distinguished club at the University. The building, of two stories, will have eight rooms of a pleasant hall, the whole to cost about \$2,700. The University members expect, as a rule, to have their rooms in the building. This the Beta Chapter, composed of 250 members, has already done. It is a rule, to have their rooms in the building. This the Beta Chapter, composed of 250 members, has already done.

Among the distinguished men in North Carolina, who are Beta men are D. G. Worth, Thos. W. Mason, J. W. Graham, John S. Long, Louis C. Latamond and others. But for that matter the D. K. E.'s are to be found today among the most exalted positions the country affords.

The above is copied from the News and Observer. We can add to it that here in New Berne we have such men as Delta Kappa Epsilon, Beta Chapter as John S. Long, H. D. Jones, B. Hughes, M. D. L. C. Roberts, Secretary and Treasurer A. N. C. R. R., and others of the section who will be glad to know of this movement. President Winston is chairman of the building committee and a few weeks time the chapter homes will be made an assured thing.

Dr. Long and Mr. Roberts are chapter members. Dr. Long is the president in the original list of managers, and is taking corresponding position in the new organization.

We may add further that the chapter owes to Dr. Long's old chapter, which was taken by Columbia University of New York, when our University would down in the Civil war, and then refused to restore it on the reconstruction of our University.

Many a battle was fought before National conventions of the D. K. E. on this matter. Finally at the latter time in Cincinnati, in 1875, the latter was fought to finish. Dr. Long, representative of Chapel Hill and the new Beta Chapter, representing Columbia, lay down a great speech, but he lost. The League, led by a two-thirds vote, this brought the old North Carolina name back home again.

RAINING SMALL FRUITS. A Fine Vineyard Near Raleigh Which Exemplifies Our Adaptability to this Business--Develop the Industry. One of the prettiest sights near Raleigh is at "Fine Forest" vineyard, a few miles from town. It is owned by William Ross. There are 30 acres in grapes and strawberries, plums and peaches.

There are 10,000 Delaware vines and a pretty sight to see. The vines are the favorite berry. Three to five bunches from the vine are raised annually, each stake and held in place by strips of canvas. Each vine is black with berries five to six inches long, and each bunch bears from 14 to 20 grapes.

These are 2,000 blueberry bushes in the Wilson variety. These bushes will be ripe in two or three weeks, as they are that much later than the Delaware. They are not over 30 inches high, and among the bushes are grape vines and peaches. There are 65 bushes of each and 25 bushes of each were sent away.

There are 5,000 Delaware and 2,000 Niagara grape vines in full bearing. There are several thousand which will come into bearing next season, and there will be in all 25,000 vines. Mr. Saylor, a well known fruit buyer, visited this vineyard last week and he says it is the finest he has seen.

Of the Niagara grapes 30,000 bunches are now in paper sacks, as this is the best means of preventing the rot to which they are extremely liable.

The grapes have to be sprayed with bluestone six or eight times a year--Raleigh Visitor.

We delight to see our people branching out in new lines of industry, whether on the farms or in the cities and we work with that end in view whenever opportunity presents. Such stock raises as Messrs. Hackburn and Willett's of New Berne; such poultry yards as F. E. Hege & Co's, John Ellis, W. H. Bray, L. S. Wood's, J. L. Hahn's, J. M. Reel's and others, in or near here, and such truck farms as Messrs. Gray, N. Ferguson & Son have started at Newport, are all good and encouraging signs. We are reminded of them at this time by the above description in the Raleigh Visitor of a vineyard near that place. Though we are abroad on truck we have not as yet made the progress in the raising of grapes and berries around that some other parts of the State have though there is no reason why we should not do so. We copy the article in the hope that it may serve as some incentive to the promotion of the industry here.

TEACHERS ASSEMBLY.

Discussions--Supt. Scarborough's Address--Palk Miller's Recital--The Topic For Next Day. MOREHEAD CITY, June 24, 1895. FIFTEEN DAY. The topic for today was "Local school day sessions for 1895." This was a very important subject and was fully discussed, but was not of a sufficiently popular character to command a very large attendance. Our teachers, when they come to the school, have a good deal in their hands, besides the "three R's" Supp., Southworth makes fine address which was well received and warmly commended. At night Palk Miller had the platform, and the largest audience which has yet gathered. Everybody came and brought his wife or a sister, or somebody else's sister, and the house was packed. Dr. Scarborough's introduction, in a very neat and happy and forcible little speech "The school was founded" on the "19th of June in the South." It was such an entertaining as cannot be reported, neither can we tell the enjoyment of the audience of the address, which made itself appreciated by a great attention and warm and constant applause.

At the closing of the assembly, what and how at the Atlantic, the next to the season, led by Miss Howard, in which they had a very fine program, which was a very interesting and useful one. The program was as follows: "The school was founded" on the "19th of June in the South."
