NEWS ADRIPT

In the City of Elms and Vicinity.
gathered in and Briefly Told.

Two weeks from today the excursion
starts to Mt. Airy.
The weather bureau prediction yester-
day: "Fair Tuesday, probably preceded
by showers."

Messrs. Howell and Paterson an-
nounce that they will run their thirty-fifth
annual excursion to Morehead City, July
20th, and return the following evening.

Nat Sherman, a negro man from the
country near New Berne, and Lena
Rice, a white woman, formerly of the
country were bound over to court yester-
day in the same of \$100 each on the
charge of F. & A.

Rev. W. H. Frost is continuing the
meetings in the Free Will Baptist church.
There were two conversions last Friday
night, and one Sunday night. Services
are held as they were last week, afternoon
and night.

Owing to the inclemency of the weather
last night the sail which was to have been
on the steamer Howard was postponed.
It will be tonight sure. Those who have
been invited are expected to meet on the
same steamer this evening at 7.30 o'clock,
sharp, foot of Craven street.

Eye Destroyed by a Clam Shell.
A small colored boy named Zeb Jones,
on the corner of Eden and South Front
streets, got one of his eyes cut out by a
clam shell thrown by another colored boy.
The ball of the eye was broken so that it
ran out. Physicians say the shell was
thrown by another boy, but the accused
denies it. There was no known malice
existing between the two so if he did
throw it the injury is judged to have been
accidental.

The boy accused of throwing the shell
is a son of a former colored butcher
named John Thomas who died in the
penitentiary about a year ago.

Death of Mrs. Nancy E. Hudson.
Mrs. Nancy E. Hudson, formerly of
Pollockville, widow of Mr. L. B. Hudson,
died Monday afternoon in this city at the
residence of Mr. Mark Dismway, her son-
in-law, aged 53 years. She had a prome-
nent illness of about four and a half
months duration.

Mrs. Hudson leaves four children, two
in New Berne and two in Charlotte. She
was a member of the Methodist church
and will be buried from Centenary M. E.
Church this afternoon at four o'clock.
Relatives and intimate friends will meet
at the residence at 3.30 p. m.

Started on With the Yacht Thetis.
A young white man who gives his name
as Win Horton and says he came here on
a vessel from the north is under arrest at
the station house.

He will be tried today on the charge
of stealing the yacht Thetis from the Hotel
Christy on dock.
He confessed the theft, started off with
her but came back, and was quickly ar-
rested. It is supposed he returned on
account of finding something amiss with
the boat.

We understand that during the day he
had been inquiring as though he was
seeking to buy a boat.

Another Heist in Incognito.
A negro named Edward Watson was
arrested here Sunday through the instru-
mentality of a colored detective on the
charge of incognitoism, being implicated
in some of the fires that has scorched
Kinston.

Sheriff Hedges of Lenoir county came
down last night after him. There are sev-
eral all pinned, under arrest and await-
ing trial for the same offense.

Picnic Tomorrow.
The Faith, Hope and Charity pic nic
comes off tomorrow. It will be held at
Dobsonburg's farm, the change having
been made from the place first
intended.

All members of the Order are requested
to be at the lodge room promptly at 7
a. m., as it is planned for the steamer to
leave at 7.30, sharp.

Naval Reserve Matters.
The members of the recently disbanded
New Berne Division of Naval Reserves
are to hold their last meeting to night.

They expect at this meeting to deter-
mine what they will do with the property
they have accumulated—uniforms,
boat houses, lockers, etc. These are the
property of the organization; the arms are
the property of the U. S. Government.

Comings and Goings.
Mr. C. H. Hanger and family, of Rox-
boro, who have been spending some time
at Edmonds and visiting his father, Mr.
J. H. Hunter, at Haycock, passed through
yesterday.

Mrs. E. W. Blakely left to visit rela-
tives in her former home near Beaufort.

Mrs. S. S. Willard and little daughter,
left to spend the summer with her hus-
band in Philadelphia.

Mr. H. Rishon left via Wilmington on
a canvassing trip for the New Berne
knitting mill.

Mr. F. E. Morton returned home from
Morehead City.

Mr. M. DeW. Stevenson returned from
Morehead—his family still remains there.

Mrs. Jos. B. Clarke and Mrs. C. B.
Blade left on the steamer Neuse to visit
northern relatives.

Mr. C. S. Hollister went down to More-
head on a business trip.

Misses Cora Mayhew and Carrie Hen-
drix left to spend some time at the Ar-
righi House, Morehead.

Miss Mary Wright returned on the
steamer Neuse from a visit to friends at
Savannah.

Mr. R. F. Whitehurst, formerly of New
Berne is in the city on business. He is
registered at the Chastanqua.

Miss Lucy Rishon went down to More-
head.

THE WILKES COURT MARTIAL.

The Governor's Order Revokes the
Finding of the Court Martial and
Acquits Lieut. Wilkes—Rejoicing in
Charlotte.

The Governor's order reversing the
decision of the court martial which tried
Lieut. Wilkes of Charlotte at Wilmington,
is given to the public. By it he is ac-
quitted.

The Governor believes the accused had
a fair and impartial trial, but that too
much stress was laid upon technical
difficulties. He says an officer or
enlisted man entering the military service
of the State does not necessarily surrender
his rights and standing as a citizen, and
that in times of peace, especially, it is
neither contemplated or required that for
slight infraction of duty there no evi-
dence is shown, a soldier should be sub-
jected to loss of social or business standing
by a too harsh and literal interpretation of
the letter of military law.

The Charlotte Division at the last meet-
ing did a salute in honor of Lieut Wilkes
and passed a resolution expressive of their
sentiments on the affair.

THE BAPTIST CHAUTAUQUA.

The Attendance, the Studies and
the Pleasures.

Rev. B. W. Spillman, of Kinston, in
passing through from attendance on the
Baptist Seaside Chautauqua, just held at
Smyrna, informs us that the number of
guests entertained there was about a
hundred.

From three to four hundred people at-
tended the sessions of the Chautauqua and
the total number of different people at-
tending during the time, he judges to have
been between six hundred and a thousand.

The Chautauqua was used as a means
of profitable religious study and of in-
vigorating exercise and pleasure such as al-
ways abound at the seaside in the sum-
mer season.

We hope it will be repeated another
year.

Morehead Visitors Increasing.

A Morehead special to the News and
Observer tells of the biggest catch of fish
of the season. It was by Mr. and Mrs.
D. D. Matson and party of Roanoke.
They brought in one hundred and eighty-
six in three hours.

Saturday night's arrivals swelled the
number of guests considerably. Among
the new arrivals are prominent people
from Charlotte, Raleigh and Goldsboro.
A very fair sized crowd was down last
night. It looks as if the best of the sea-
son is now closed at hand.

Mr. J. A. Crews of the Wilmington
Messenger came up from the Atlantic
en route home. He makes encouraging
report of the increasing numbers at both
hotels and informs us that a good many
more are expected this week from Raleigh,
Durham and Columbia.

Besides these there is the meeting of the
State Pharmaceutical Association which
begins tomorrow and will no doubt make
a considerable increase while it is in ses-
sion.

REV. D. A. BRINDLE AT DUNN.

A Very Complimentary Mention of
him by the Pastor in Charge.

The last Watch Tower has an article
by Rev. J. J. Harper of Dunn, giving an
account of the meeting at that place from
which we take the following:

"The meeting at Dunn closed Tuesday
night, June 25th, having continued a little
over a week. The writer preached three
times at the beginning of the meeting,
when Bro. D. A. Brindle, pastor of the
church at New Berne, came by invita-
tion, and preached twice a day until the
close. There were no additions to the
membership of the church.

"I feel safe in saying however, that the
meeting did much good in various ways.
The audience was large for that place,
attentive and appreciative, and frequent
in words of commendation. The people
were instructed and the church edified and
comforted.

"Bro. Brindle is a young man of excel-
lent spirit, loyal to the church and in love
with his work and with sons. He is
cheerful, genial, sometimes witty, but un-
der all these is the evidence of piety and
conviction, and over all the Spirit of the
Master. He required his training chiefly
at the Kentucky University, and in ability
as a preacher, stands in the front ranks in
this State. He preaches the gospel as it
is in the Book, unswervingly, publicly
and privately and in love, and with such
adroitness and tenderness that no one
seems to be becoming offended."

An Exceptional Opportunity.

The excursion that leaves here by the
W. N. & N. Ry., on Tuesday morning
July 31st, arrives at Mt. Airy early that
same evening.

To enable the party to visit the points
of interest in the vicinity, Wednesday and
Thursday will be spent at Mt. Airy. On
Friday morning the start home will be
made, arriving at New Berne that same
evening.

When one remembers the distance
travelled, the character of country
traversed, the delights of the objective
point, the reasonable hotel rates, and the
surprisingly low railroad fare it would
seem indeed strange if a very large party
does not take advantage of the opportu-
nity offered.

N. C. TELEPHONE COMPANY.

To Extend Through Our State and
South Carolina—3,000 Miles of Wire
Ordered.

Advices from Raleigh say:
"A state telephone company has been
organized, with L. H. Carr, of Durham,
president. Three thousand miles of wire
has been ordered, and Wilmington, Bal-
legh, Durham, Winston, Charlotte, and
Greensboro, will be connected. It is in-
tended eventually to include all the pre-
cipal towns in North Carolina and South
Carolina in this long distance system."

We are very glad to see such a move-
ment as this, and especially are we glad to
see it inaugurated as a home enter-
prise.

We hope that everything will run
smoothly, the line soon be in opera-
tion and be a great success from the very
beginning.

DISCIPLE CHURCH DEDICATED

At Jasper Sunday, July 7th.

By Rev. B. H. Melton, of Pollockville
—Impressive Services—Extract From
Sermon.

Last Sabbath morning, according to
previous announcement, the new Disciple
church at Jasper of which Rev. W. J.
Gibble, is pastor was dedicated. Rev. B.
H. Melton, from near Pollockville who
has just graduated from the Louisville,
Ky. Bible College, preaching the ser-
mon.

There was a large attendance, a number
of those present were from Maple Cypress,
Beech Grove, New Berne, and other
places beyond the neighborhood.

Immediately after the interesting and
impressive services a baptism took
place.

Mr. Melton's sermon was attentively
listened to and well received. In it, he
spoke as follows:

Members of Bethany church and
Friends—This should be an hour of sac-
red memory. We have met to-day to
formally dedicate this house of worship to
the service of our God. The past history
of this congregation is made up of sac-
rifice and shadows.

Blessings have been enjoyed and dif-
ficulties have been overcome.

Six years ago the first lot of it was made
to build a house of worship at this place.
The congregation at that time numbered
only 23 members, and God in His good-
ness has long since called a part of the little
band to the enjoyment of the Saints Ever-
lasting rest. The remaining few, and those
who have since been added to our number,
have been struggling for many years to
erect a house of worship at this place. So
cheerfully and so successfully have they
performed this mission of love, that to-
day we have the pleasure of joining our
voices, our hearts and our prayers in set-
ting apart this beautiful little house of
worship to the service of God and the
promotion of primitive Christianity.

What shall the future of this congrega-
tion be? This is a serious question. The
past, with its victories and failures, sinks
into insignificance when compared with
that the future ought to be.

It should be our supreme desire that
this church in the future should be a monu-
ment to Purity of Life. Our lives are like
a popular book, read and known by those
with whom we come in contact. While
we are giving our church to God let us
dedicate our lives to his service. The
world gets its conception of purity, the
grandeur and the magnitude of the religion
of Christ by reading the pages of our
lives. "God never had a house of prayer
but Satan had a chapel there." Satan, with
his subtle influences, will ever strive to
enlist this congregation and use this build-
ing for his glory. Let us cling close to
the Rock Christ Jesus, keep our lives un-
spotted from the world and thus our
church home will become more and more
a monument to genuine Christian Charac-
ter.

Will this church in the future forget or
neglect to Carry Out the Commission of
our Lord? The real mission of the church
is to Evangelize the world, this congrega-
tion is a part of the church and should
do all in its power to send the gospel to
the uttermost parts of the world. The
congregation that does not possess a spiri-
tual as well as an intellectual conception
of the commission of our Lord must
starve and die the death of the Ungodly.

The church of the future must be safe
on at least two subjects: World Wide
Evangelization and World Wide Missions.
Shall we not most earnestly pray that dear old
Bethany may become more and more a
missionary torch, guiding weary pilgrims
to the eternal heaven of rest.

Let us therefore be in the most gen-
eral sense a house for God's people in
this community and, by worshipping here,
every home of ours should become most
truly a house of God. The loving greet-
ing, the self forgetting deed, the fellow-
ship of hearts and joining of hands should
characterize the future history of this
congregation. The spirit which seeks the
truth, loves the truth, speaks the truth
and lives the truth should ever be an im-
portant factor in the make up of this
church.

To the members of this church I would
say: You have been discouraged but have
struggled on; difficulties have presented
themselves but you have overcome them.
The faith out of which all goodness
springs; the hope that strengthens deter-
mination, and the love that honors God,
blesses humanity and links us to heaven—
all of these divine principles have filled
your hearts and lives while erecting this
house of worship which shall stand as a
monument to your memory when your
souls are in the spirit land—the land of
the unclouded sky. As members of this
church you will live and work and at last
fall asleep in death. If you are all faith-
ful until the close of life "death will be
the golden key that will unlock the palace
of eternity."

"May God graciously accept this offer-
ing of a house made by faithful hearts and
giving hands and may abundantly bless
every heart that shares in this gift."

NO ASHEVILLE EXCURSION.

Had to be Abandoned on Account of
Not Being Able to Secure a Train.

We have received notice from Mr. R.
E. Pipkin of Goldsboro, who was getting
up the excursion to Asheville, that it has
been abandoned for this season, on ac-
count of not being able to secure the train
from the Southern railroad.

We are sorry to learn that it would
have made a delightful trip. But per-
haps Mr. Pipkin will put it through right
in good time next summer.

DEATH IN IMPURE WATER.

Filters, With the Care Generally Re-
sented Upon Them, Make Matters
Worse Instead of Better.

We have given some pretty strong in-
stances from time to time of sickness and
death in families and communities result-
ing from contaminated water used, but we
keep seeing other instances similar in
character.

The Winston Republican in its last
issue notes from one of its northern ex-
changes an account of one fifty well used
by a milkman at Stamford, Conn., which
has caused over 400 cases of typhoid fever
and 24 deaths.

It says also: "Since Chicago began to
put its lake water 4 miles from shore the
death rate from typhoid has fallen off
over 50 per cent."

"The fact is well established that ty-
phoid fever is a wholly needless disease,
and sanitarians should keep up the fight
against it until it disappears."

"A well known physician of the Twin-
City in looking over a season's record of
typhoid fever, a few years ago, was im-
pressed with the fact, that out of eight or
ten cases, all, with possibly one excep-
tion, were in families where well water
was used."

Many people hold the impression that
if water has passed through a filter, it
then becomes pure and safe for use, even
if not so before. We have before this
pointed out the error of this view show-
ing how impurities will collect
around the filters to such an extent if not
properly cleaned, that the filters them-
selves will become sources of contamina-
tion. The Western Christian Advocate
quotes Dr. Swartz, of the Rhode Island
Medical Society, as declaring that water
filters are not only worthless as water
purifiers, but their use is extremely dan-
gerous to health. As proof of this he took
some unfiltered water, in which were
found thirty-six different specimens of
animal and vegetable matter, poured this
through a filter which had been in use for
two days, yet as the water passed through,
thousands of new germs were added to
it.

The explanation is, that as the filter is
used from day to day, it collects the im-
pure substances, rendering the water more
impure than if no
