### NEWS ADRIFF.

#### In the City of Elms and Vicinity. Gathered in and Briefly Told.

A very good number went up to Goldsboro yesterday to attend Buffalo Bill's show.

To-day is the time for the Atlantic hose reel team to start for Atlanta, Ga. to strive for the world's championship.

Mr. Thos. Bowden has purchased some vacant lots on Main street in Pavie town on which he intends to build tenement houses.

The weather bureau yesterday predicted, showers followed by fair to-day with coolness and frost in the interior this morning.

We are informed that the steamer Trent brought up five or six tons of fish from the fishing grounds Monday, besides what came up on the Gertrude May.

Tuesday morning before day a good shower came, the first since the middle of September. Moderate rain kept up through the day Tuesday and all rejoiced in it.

It was decided yesterday not to have the masquerade party and cake walk. Numbers came down to attend it, and we doubt not it would have been a success if held.

Messrs. Higgins Bros., who started a crab shipping business at Marshallberg last season, intend to operate now on an increased scale. They landed both hard and soft crabs. The former are picked out of their shells before shipping.

We are glad to see that low freights on apples from Mt. Airy have been secured. On the last lot received by Mr. Samuel Willis it was only twenty-one cents per crate, almost a third of what the transportation of the first ones cost. This is reasonable enough and the apples are coming down in good quantities and becoming more abundant than northern apples.

#### Coming and Going.

Mr. F. E. Hoge spent Monday in Wilmington on business and left yesterday on a trip to Graham on business.

Don Maxwell, the young son of our late townsman, Mr. James Maxwell, who has been living with his aunt, Mrs. White, left yesterday for Colorado Springs to live with his aunt, Mrs. Biddford, nee Miss Cattie Hanks of New Berne.

Miss Eva Ward of Verona, came up and made a brief visit to Mrs. E. H. Barnum and left on Tuesday to re-enter Kinsey Seminary.

Miss Lucy Duffy of Catharine Lake, is visiting at Dr. Chas. Duffy's.

Messrs. M. DeW. Stevenson, O. H. Guion, W. D. McIver, W. W. Clark and D. L. Ward are attending Supreme court at Raleigh. There are several cases from New Berne before the court, the main one being the water works case.

Col. A. C. Hudgins, General Freight and Passenger Agent of the Norfolk & Southern Railroad and the E. C. D. line, came in on the steamer Neuse to spend the day on business. He was accompanied by his wife and son, taking the round trip on pleasure. They registered at the Chateaufort.

Mr. and Mrs. N. B. Broughton left Tuesday for their home in Raleigh. Mr. Broughton has made an impression for good during the meeting he has been conducting in the Tabernacle Baptist church. Mr. Burgess, the pastor is continuing the work.

Mrs. H. B. Bryan returned from a visit to New York and points in the Western part of the State.

Mr. A. M. Baker left by the steamer Neuse for Suffolk, Va., and Baltimore on business.

Mrs. S. E. Sterling and son returned from Washington and other points.

Mrs. W. M. Robinson returned to Kin-sion.

Hon. F. M. Simmons returned to Raleigh, and U. S. District Attorney C. B. Aycock to Goldsboro Tuesday.

#### The Griffin Dispute Meetings.

Rev. D. A. Brindley, of New Berne, who is assisting the pastor of the Griffin church in a protracted meeting writes that they are having a good meeting. There is much interest and the attendance is large.

There were five confessions Sunday night. Up to that time there had been eleven in all and the church itself is taking of new life.

#### Bicycles to the Right.

The New Berne Bicycle Club has passed the following resolutions:

In view of the fact of its being dangerous to ride promiscuously on the public highways, be it understood: That it shall be the duty of every member of the N. B. B. Club to ride on the right hand side of the road when possible, and to land to the right to pass any object traveling in the opposite direction.

If in case of an accident, found by the club committee to be caused by failure to observe the foregoing rules the member or members of this club at fault may be fined one dollar or suspended from the club for a period of thirty days.

#### Criminal Court.

ARGUMENT in the case of J. P. Heath, malicious injury to property, was concluded and the case given to the jury. It resulted in a mistrial. The jury stood eleven to one.

State vs. Willis & Fletcher; F. and A. Not guilty.

Jas. Davis, col., Larceny. Guilty. Twelve months in the penitentiary.

The grand jury found a true bill against Charles White, col., for rape. The trial was set for Thursday morning and a special venire of fifty ordered.

J. E. O'Hara, col., Wm. E. Clarke and H. B. Nixon, failing to pay city license tax. Judgment of Mayor confirmed.

W. B. Shepard, col., abandonment of wife and children. Guilty.

Alfred Perry, col., larceny. Motion for new trial. Motion allowed and defendant ordered to give bond in sum of one hundred dollars for appearance at next term of court.

#### Encouragement to Workers.

Chief Justice Fuller of the United States Supreme court, said the other day in the course of an interview: "If we want to live to a good old age we should stay in business. The dry rot of aimlessness eats out existence."

### THE COST LESS THAN \$30,000.

#### For the Construction of Both Bridges.

The bid of Mr. R. S. Neel, of Scotland Neck, for First Class Ones Only \$29,075.

The lowest bid for the construction of the proposed bridges across Neuse and Trent rivers was that of Mr. R. S. Neel, civil engineer and contractor, of Scotland Neck. His bid for both bridges was only \$29,075.

The location of the bridges, if built is to be as follows:

The Trent river bridge will run from Craven street in New Berne to the foot of the street in James City by the A. & N. C. R. R. bridge. It will be 2,575 feet (a little under half a mile) length.

The point decided upon for the Neuse river bridge is the narrowest in Neuse river except where it is too far away from the city to be deemed suitable. The site selected is a point in Wm. Dunn's field, just a little ways outside of the city limits for the terminus on the New Berne side, and the Miller place for the terminus opposite the city.

This bridge will be 5,110 feet or fifteen-sixteenths of a mile in length.

The bridges are to be built of good and strong of first class material, all heart timber for the woodwork, and steel draws of the very latest and most approved patterns.

The draws are to be 45 feet in the clear.

The road ways are to be 18 feet with high side railings, and the plank covering is to be 2 1/2 inches thick.

Mr. Neel built the bridge at Washington, N. C. last year and has had much experience at the work and was with the Atlantic Coast Line for a long time.

He is equipped with the very best appliances to work cheaply, well and with dispatch and proposes to give a good bond and a "turkey job."

The general impression has been that the cost of the bridges would be much above these figures.

The dread of the large cost has been one of the main things against them. Now it is seen that they can be built so cheaply, more even than heretofore will probably favor building them.

#### Mate of the Steamer Commodore.

Mr. Geo. H. Martin came up Tuesday from Wilmington and left in the afternoon on the steamer Neuse for his home in New York. Mr. Martin is mate of the steamer Commodore which was seized in Wilmington on the charge of being a Cuban filibuster, and the arms found on board held.

The general sentiment is that at the most there is nothing more than suspicion against the Commodore and men. If the charges prove true, general sympathy is with the boat because it is with the cause she was trying to aid, if she is really a filibuster.

If the United States had received aid from France and other countries at the time of our Revolutionary war we might possibly have been today still subject to England as Cuba is to Spain.

#### Edenton Fair Special Newspaper Edition.

Edenton's annual fair will commence Tuesday Oct. 22, and hold four days.

Like the New Berne Fair the Edenton Fair is doing some liberal newspaper advertising.

A special eight page fair illustrated edition of the Fisherman and Farmer has been issued to advertise it. Counting large and small there are over a hundred and fifty cuts in the paper. It is printed in colors, red and blue and is altogether a very good issue for its special purpose.

#### Excursion to Atlanta.

By the W. N. & N. R. R.--Leaves Tuesday, Oct. 22--Tickets Good to Return Any Time Within Ten Days.

The officials of the W. N. & N. R. R., ever anxious to please their patrons, have decided to run an excursion to the Atlanta Exposition very much as THE JOURNAL recently suggested. The date has been definitely fixed. It will leave at a reasonable early hour on Tuesday, October 22d, and arrive in Atlanta early the next morning. The tickets are good for ten days. Any one going can stay the full time out or return any day he pleases.

The return connection is also excellent. The visitors will leave Atlanta any day they please at 1 o'clock and be back in New Berne the next day at 12.

Moreover, Mr. John S. Manix, the affable and business-like agent at New Berne of the W. N. & N. R. R., will himself be a member of the party--be in charge of it, looking out for the comfort and convenience of all. This will make it one of the most desirable opportunities that will be offered for going.

Another great advantage is that the excursionists will get there on the morning of the President's day. Cleveland and his cabinet will get their very day the excursion arrives.

The round trip tickets will be fourteen dollars and it can be arranged so that the expenses while there will be very light. Mr. Manix wishes all who are going to furnish him their names at the earliest moment so that he can make in advance the best arrangements for their accommodation.

#### Bored Wells in the Country.

A Large Number of People Putting Them Down--A Wise Move for Healthfulness.

The people of Onslow county seem to be alive to the need of having pure wholesome water from a depth that cannot be contaminated. Mr. F. J. Harrison informs us he has orders for boring about two dozen wells in that county, from 14 to 31 1/2 feet ones. All are for citizens except one at the court house.

Mr. Harrison is also doing some boring near New Berne and has more still to do on the north side of Neuse river.

As cheap as such wells can now be put down, there is no reason why any one should adhere to the old style dug well liable at any time to become impregnated with disease germs from surface impurities and to effect its harmful, possibly deadly results before the presence of the deleterious influences are suspected.

### COUNTY COMM. PROCEEDINGS.

#### The Bridge Question Submitted to the People--Other Business.

The Board of Commissioners of Craven county met at the court house in New Berne on the first Monday in October, 1895, it being the 7th, day of said month when the following was had and done.

Present Commissioners, J. A. Bryan, chm'n; E. W. Smallwood, J. A. Meadlow, W. C. Brewer, and M. H. Carr.

The following Order was passed: Whereas a proposition has been made to the Commissioners to construct bridges across Neuse and Trent rivers at New Berne at a cost not to exceed \$30,000 and whereas the Commissioners of Craven county are desirous of obtaining a free expression of the views of the people of the county upon the said question of building said bridges.

Ordered, That the said question for said purpose be submitted to the voluntary vote of the qualified voters of said county on Tuesday after the first Monday in November next--the same not to affect the discretionary powers of the Commissioners in the matter.

Mr. J. E. Everington, No. 2, Township in response to summons to show cause why he had not listed for taxation for 1895, the same amount of land that was listed by him for 1894, appeared and stated that he had sold to his James Everington, 25 acres of said land which the said James Everington had listed in his name, and that the taxable value of both parcels was equal to the taxable value of the tract as listed by him in 1894.

Tuesday, Oct. 8, 1895.

The Board met pursuant to adjournment. Present Commissioners James A. Bryan, E. W. Smallwood, M. H. Carr, W. C. Brewer and J. A. Meadlow.

Ordered, That H. W. Bryan be authorized to remove his place of business as retail liquor dealer from No. 4, Pasture street, city of New Berne, to the place, to wit: Smallwood building, corner Craven and South Front streets.

Whereas, W. M. Watson, has tendered his resignation as a member of the school committee of 8th School District of Craven county, That said resignation be accepted and that Edward K. Bryan, be and hereby is appointed to fill vacancy caused by said resignation.

Ordered, That upon payment of the full amount of back taxes and all cost due the county on the deeds and tax certificates executed by the sheriff to the county for the property of Esther Simmons, on New South Front street, that the chairman and clerk of the Board be authorized to transfer to R. W. Williamson, all the right, title and intent of the county in said deeds and certificates.

Ordered, That a voucher of \$1.50 be issued to George Fillingame for his support for next three months.

The petition for continuance of Butler's Ford Road across Greenville road to the Washington road, signed by John H. Butler and other citizens of Township No. 1 was duly considered and the application therefor denied.

Bills allowed.

Board adjourned.

Japanese Liver Pellets are the best family medicine for biliousness indigestion and constipation. Fifty doses, 25c. at F. S. Duffy's.

#### The Weather Record.

The following is the weather record since the month of October came in for the 24 hours beginning at 8 a.m. of the date mentioned:

TEMPERATURE.		RAINFALL.	
Date	Max.	Min.	Range.
1--	71.0	51.0	20.0
2--	78.0	54.0	24.0
3--	80.0	51.0	29.0
4--	80.5	54.5	26.0
5--	76.5	48.0	28.5
6--	77.5	55.5	23.0
7--	80.5	61.5	25.0

#### Sam Jones on Pistol Carrying.

The nigger that takes a razor to a ball is a philosopher and a gentleman beside the little fellow that goes around with a pistol and a bottle of whiskey to have a good time.

You've got no character, you dirty dog, you, or you wouldn't carry a pistol.

A little fellow with a pistol in his hip pocket. It's a wonder the thing don't go off and blow his brains out.--Twin-City Daily Sentinel.

#### MISS HARRIETTE LANE.

#### D. F. JARVIS,

63 Pollock St., New Berne, N. C.

### NEWS IN BRIEF.

Ex-Senator Jarvis has been selected as the Executive committeeman for North Carolina for the National Silver Democratic League.

It is stated in Madrid that the Government at Washington will not recognize the Cuban rebels as belligerents, nor will it interfere in the Cuban question unless the war is prolonged.

In official circles in Madrid it is reported that relations between Spain and the United States are friendly and cordial, notwithstanding rumors to the contrary published in Paris and London.
