EYES ON CRETE.

GERMANY WOULD LIKE THE ISLAND.

The situation is said to threaten the peace. Greece desires truce between Turks and Cretan rebels. Union advocated.

BERLIN.—The situation in Crete is engaging the most serious attention of the German government and greatly absorbing public interest as involving manifold dangers to the peace of Europe.

It is an open secret that the government, in the event of any radical change taking place in the relations between the islands of Crete and the ports, will support a proposal for the union of the island with the kingdom of Greece.

In the meantime the question of the annexation of the island of Crete to Greece is not one in which the Dreibund is vitally interested, though communications have passed between the governments at Berlin, Rome, and Vienna tending toward concerted action on the part of the Dreibund powers in behalf of Crete, and the Greek government has asked the government of Germany to join Greece in exerting pressure upon Turkey against the latter's throwing large reinforcements of Turkish troops into the island with a view of wiping out the Cretan revolt by sheer force of numbers.

What Greece most desires at present is that a sort of truce shall be established between the Turks and the Cretan rebels while the European powers confer as to means of a final settlement of the Cretan question.

At present the force of Turkish regular troops on the island is 7,000 men, and 1,800 additional troops are about leaving Salonica and an equal number are on the eve of departure from Smyrna to reinforce them.

Opposing this force there are now over 20,000 Cretans under arms and they are being rapidly strengthened by Greek volunteers, who are well armed and possess ample supplies of provisions and ammunition. This force is able to hold the entire island against the Turks with the exception of the fortified towns.

In an article discussing the immediate outcome of the Cretan trouble the *Vossische Zeitung* recommends the appointment of a Christian governor for Crete who shall administer the public affairs of the island under the supervision of a commissioner, who shall be a European.

The *Hamburger Nachrichten*, the organ of Prince Bismarck, blames England for inciting the rising of the people of Crete and suggests that the European powers settle the Cretan question concurrently with the Egyptian question in a way which will defeat the aims of the English government.

Among the officially inspired Austro-Hungarian newspapers the *Peabter Lloyd* expresses the same opinion as that advanced by the *Vossische Zeitung*, and declares that there must be a root and branch reform of the public administration in Crete without delay.

The Austrian clerical organ, *Das Vaterland*, expresses its understanding that the European powers desire that Crete shall be retained as a part of the Turkish Empire. Nevertheless the Austrian officials apprehend that the breaking up of the Turkish Empire may begin with the separation of Crete from Turkey.

State Crop News.
SPECIAL.
RALEIGH, N. C. June 1.—Crop reports today are excellent, particularly as to cotton and corn. The exception to the good reports is now in limited areas in the State, where the drought continues unbroken.

Get One Year.
SPECIAL.
RALEIGH, N. C. June 1.—Charles Winstead, convicted in the Federal court in this city of robbing the post office at Kenly, N. C., has been sentenced to one year in the penitentiary.

To South America.
PHILADELPHIA.—Since it was announced a month ago that the National Association of Manufacturers had undertaken the organization of a party of representative business men for the purpose of visiting South America this summer, an extraordinary amount of interest in the project has been manifested throughout the country.

In South America the projected visit has aroused the interest of those countries not concerned in the tour to such an extent that efforts have been made to secure changes in the itinerary for an extension of the trip so as to include several countries not embraced in the present plans.

There has been some talk of crossing the Andes to Chile from the province of Mendoza, in Argentina, and now the Peruvian government is anxious to have the party include Peru in its tour.

Southwest to New York.
REAR WHEEL.—Private advices received in this city state that small-pox is raging at the Moore Castle, Havana. On the 24th, a steamer was removed from the Moore to the hospital.

NO FUSION IN VANCE.

Disagreement Between Republicans and Populists.

SPECIAL.
RALEIGH, N. C. June 1.—Reports from Vance county state that the Republicans and Populists have failed to fuse, the Populists demanding all the offices, including the legislature. The Republicans denounce the Populists for their action.

Text Books Endorsed.
SPECIAL.
RALEIGH, N. C. June 1.—All the counties heard from today endorse the present school text books.

Calls It Un-American.
PHILADELPHIA.—Ballington Booth, head of the Volenteers, made addresses here yesterday afternoon and evening and on both occasions spoke to large and sympathetic audiences.

In the course of his address he said: "Mrs. Booth and myself had intended to retire into private life for a much needed rest twelve weeks ago, but backed by assurances from all over the country we started the movement of to-day."

"It has been asserted that the Volenteers had but five posts, and that two of these posts had intended to go back to the Salvation Army. The Volenteers have not lost two posts. On the contrary the posts at Napanville, Ill., and Cedar Rapids, Mich., are stronger than ever. We have sixty-eight officers, organized posts and a number more waiting for staff officers in order to organize. In our war office forty-eight officers are employed and we have a paper with a paid circulation of 10,000 per week."

"I am not out of the Salvation Army of my own seeking. I loved the old movement, and both Mrs. Booth and myself worked for it with untiring devotion. I was driven from the old movement for expressing an opinion as to its government in this country. I have come to the conclusion that any organization that it is to benefit this nation must be separated from the jurisdiction of a foreign government. I should have been in the Salvation Army were American. We must have rules and organizations framed by those who recognize the laws and institutions of our country."

Debts All Paid.
SPECIAL CORRESPONDENCE.
JACKSONVILLE, N. C. June 1 '96.—The District conference of the M. E. church, in session here last week, adjourned Saturday. Many of the delegates and visitors remained over Sunday to witness the dedication of the new church. All debts against the church were relieved by subscription Sunday morning. Rev. Mr. Tyr, of Trinity College, preached the sermon for the occasion.

Rev. D. Reid, the pastor in charge of this circuit, was taken ill Sunday morning and is now confined to his room at the residence of Mr. Getock. It is thought that the attack, which is epileptic, will not prove serious.

Harrison Going to Wisconsin.
DARTFORD, Wis.—Green Lake is to be graced this season with the presence of ex-President Harrison and his bride. It is said they will spend most of the summer there and they are to be the guests of Gen. John C. Now, who has had a summer cottage here for many years. They are expected to arrive next week and the news of the St. Louis convention will reach the ex-President here.

Blackburn Jubilant.
LEXINGTON, Ky.—The free silver leaders are jubilant today over their sweeping victory throughout the State yesterday.

Accurate figures on returns from the State show 670 silver delegates to the State convention, against 240 for gold. The silver men carried every Congressional district in the State except the Fifth, which is the Louisville district.

The western end of the State, including the First, Second, Third, and Fifth districts, did not send a single sound money delegate, and for that reason the leaders, who have consulted with Senator Blackburn, think it will be proper to make a Western Kentucky man chairman of the convention. The choice will probably fall between ex-Congressman Goodnight, of the Third district, and Congressman Stone, of the First.

Senator Blackburn is disposed to be magnanimous. He said tonight: "There is no time for quarrelling. The success of the Democratic party ought now to be the aim of every true Democrat. We have fought a good fight and we have won. We ought not to say an unkind word of our late opponents nor console those who came to us at the eleventh hour."

The friends of Carlisle and Cleveland are not so easily propitiated, for they say they will not vote for a free silver candidate for President. They openly show their preference for McKinley or any other Republican for President over a silver Democrat running on a silver platform.

Senator Blackburn will probably be made temporary chairman of the convention Wednesday. He is in splendid spirits tonight over yesterday's victory and the hundreds of congratulatory telegrams he has received from all over the Union.

RALEIGH, N. C. June 1.—N. C. Englist refuses to accept the Republican nomination for Congress from the fourth district, claiming that he is a Populist, and not a Republican.

MANY FUNERALS.

ST. LOUIS CHURCHES HOLD MEMORIAL SERVICES.

Ninety Funerals in One Day. Relief Fund Nearly One Hundred Thousand Dollars for the Sufferers. Fifty-Thousand Visitors.

ST. LOUIS.—Grand and Florissant avenues, the main thoroughfares of Bellefontaine and Calvary cemeteries, were covered today with a continuous stream of carriages, following the victims of the tornado to their last resting places.

The appearance of the hearse in the sad procession alone punctuated the points where one funeral party ended and another began. There was a sunless sky, and the sombre clouds dripped a misty rain, as if nature was weeping at her own dreadful work. Fifty-one of the victims were buried today in this city and thirty-nine in East St. Louis.

The work of searching the ruins has gone steadily on. Two hundred workhouse prisoners were set to work upon the ruins of the city hospital. Health Officer Starkloff is of the opinion that a number of bodies are under the ruins, and the work was pushed with vigor. Up to 6 p. m. no bodies were found. Lack of labor in East St. Louis hampers search work. The labor agitator is abroad in that city, and his infamous work has had its effect, as in some cases \$1 an hour was demanded for searching the ruins.

All the railroads have placed on sale "tornado rate" tickets at all points within a radius of 250 miles of St. Louis and today there are 50,000 strangers here viewing the ruins.

Relief work has been systematized. Dr. W. W. Boyd, chairman of the committee, says that 3,500 deserving applicants received assistance today. The fund for this purpose this morning footed up \$91,868. The muls are beginning to bring subscriptions from the whole country. While the demand for help is great, it is still believed that the citizens of this city will be able to care for all without appealing for outside help.

The exaggeration of damage to large buildings and hotels by newspaper correspondents, is the cause of much litigation. No one large hotel in this city suffered, even contemporary inconveniences.

The convention auditorium, which was represented to be obliterated, is reported to be slightly damaged. Contractor McCune has repaired the building and tomorrow it will be turned over to the Business Men's League, ready for occupation.

The city is rapidly recovering from the shock of the disaster and very soon the street will be only a date in local history. The steady mist of rain found hundreds of families unprotected, save by hastily constructed lean-tos against the few remaining walls.

Some were provided with tents. Three hundred of these were sent up from Jefferson Barracks today. The Provident Association, the Business Men's League and the public relief committee have provided for 150 families, each receiving food sufficient for two weeks and such shelter as could be secured. All the transfer and express companies have hauled free the few belongings of the sufferers who secured rooms.

Attendance at all the churches was usually large and the services were memorial in character. Dr. Schuyler dean of Christ Church Cathedral, held a special service, at which a large sum was contributed to swell the relief fund. Two services at Pilgrim Congregational Church yielded nearly \$1,000.

Contributions were made in all the churches and pledges made to continue the relief until the need ceased. Arrangements have been made by every society, church and guild in the city for benefit entertainments.

A panic was prevented tonight at Union station by the prompt work of the special detail of fifty policemen. The 50,000 visitors who had viewed the ruins gathered at the station about 8 o'clock. The midway, the grand hall on the second floor the waiting rooms and every passageway was packed with humanity.

It was impossible to open the gates. Assistant Chief Kinley marshaled his men at the Twentieth street entrance and began forcing the crowd through the baggage trainway to the train sheds. It took half an hour to relieve the pressure. Women fainted, children screamed and men fought. Three women were injured and eight children were separated from their friends.

To The Ladies:

For the next five days only for \$2.50.

Why You should Buy the Dixie:

- 1st. It affords the best ventilation, having a heavy piece 5 foot square without folds or cross sticks; the hot air readily escapes, and the net being free from folds on the sides and foot of bed the cool air easily rushes in to fill the vacuum.
- 2nd. It handles the net by releasing the cord at the foot of the bed; the spring arms carry the netting to a perpendicular position against the head board.
- 3rd. The bed can be rolled to any part of the room for ventilation or other purposes.
- 4th. It is the only net in use that is an ornament to a room, draping as beautifully on the head board as a lace curtain does on a window.
- 5th. It will last a life time.
