NEW BERNE, N. C. WEDNESDAY MORNING, JUNE 3, 1896.

ESTABLISHED 1882.

GLOOM AND MISERY.

SUCH IS THE SITUATION AT ST. LOUIS.

Number of Persons Killed Four Hundred and Ninety—Losses Twenty Millions of Dollars—Fears of an Epidemic.

St. Louis—The railroad yards on the east side of the river are being rapidly placed in good condition. On this side the damage to railroads was considerably less, and the repairs are going on.

Plans for reconstruction of round and freight houses that were blown down and crumpled to pieces, are being made.

The footway over the Eads bridge will be ready for pedestrians and the driveway for wagons by to-morrow or next day. The electrical line over the bridge will not be ready for traffic for several days yet but trains will run over the bridge every twenty minutes.

Professor Bauman, an expert insurance adjuster of Chicago, is in the city and after looking over the field he said the total will foot up over \$20,000,000. Professor Bauman adjusted the losses caused by the Louisville tornado about five years ago. A mass meeting of citizens has been called for to consider the advisability of appealing for outside aid for the relief of the storm sufferers. One of the peculiar features of the storm is the long list of missing persons reported at police headquarters. 124 persons are reported missing. The police incline to the belief that many of these will be found with relatives in other portions of the city.

The situation in East St. Louis is one of gloom and misery. There is some fear expressed of an epidemic of disease among the homeless near the river. Under the ruins is a vast quantity of decaying animal and vegetable matter, which is sending pestilential clouds up through the debris. The sufferers are weak from exposure and exertion, and are in no condition to fight the malaria that is breeding on the island. Another problem is the almost unanimous refusal of the sufferers to leave their belongings and occupy the military tents which have been pitched at Brighton. In spite of the presence of the militia it is feared their goods are not safe, and they refuse to leave unprotected all their earthly belongings.

Chief of Police Ganey has taken extreme precautions to prevent vandalism, and 150 tramps were rounded up and driven out of town.

The chairman of the four relief districts established in the southern portion of St. Louis each received from headquarters \$5,000 for immediate distribution.

The situation as to street car service is steadily improving. All lines are now running except Seallins, Cherokee, Tower and California avenue branches of the Union Railway Depot Company.

The convention auditorium has been repaired and was turned over to the Business Men's League.

At the Poor House temporary repairs have been made. The ruined chapel is boarded up, and male paupers quartered there and the female paupers have been transferred to the men's ward.

The pauper hospital has been abandoned and the sick transferred to the insane hospital.

Much to the surprise of the police, there has been less crime in St. Louis since the tornado than before, notwithstanding that the city has been in darkness, and it was reported that hundreds of crooks from foreign cities had flocked to St. Louis.

Chief of Detectives Desmond, in an interview said that during Sunday night there was not one report of a theft in the wrecked district.

The river gives up its dead slowly, and the statisticians at work on the list of cyclone fatalities have not yet reached an estimate of the number lost in the great waterway. They know certainly that five were lost on the steamer J. J. Ohi, and know of others whose identity remains a mystery who were positively seen to disappear during the tornado.

The river captains and patrolmen along the levees say that a conservative estimate of the number of coast-abouts, shanty dwellers and flat boat dwellers who lost their lives in the storm is less than twenty.

Hang and Shot.

COLUMBIA, Ga.—Two negroes were hung to a tree in the middle of Broad street, the main business thoroughfare of this city, and riddled with bullets by an infuriated mob at 10 o'clock. They were James Clayton and Will Miles.

Clayton indignantly assaulted Mrs. Howard Brown, a respectable white lady of this (Macon) county. He was captured last day by officers in the city and placed in jail before the crowd looking for him found him. He was carried to the Superior Court room for trial. He had been indicted and a jury was being summoned when a mob rushed up the steps into the court room, yelling and brandishing rifles and pistols, seized the terrified man, threw a rope around his neck, and dragged him a hundred yards down Broad street, ridding his body with bullets at every step. The body was then swung up to a tree and left hanging there.

Put in Work.

RALEIGH, N. C., June 2.—Sixty more convicts were sent today from here to assist in the grading work on the Asheville and Montgomery Railroad.

George Mack, a farmer living five miles south of Mayfield, N. C., killed his wife by smothering her with a spading fork. He was sixty-three years old and she was fifty. He then cut his own throat and jumped into the Blue River, but crawled out again, and was found on the bank unconscious. He will probably die.

CHICAGO CONVENTION.

ARRANGEMENTS BEING MADE BY EXECUTIVE COMMITTEE

Wisconsin For Gold, Indiana Given Up as Far as Sound Money is Concerned, Harrity's Position. Kentucky Result.

CHICAGO.—The Executive Committee of the Democratic National Convention, which has charge of matters of a preparatory character, met in the Auditorium annex today, and another session is to be held tomorrow. The principal business to come before the members relates to the decoration of the Coliseum, the music arrangements, and the appointment of an assistant sergeant-at-arms. Incidentally the committee will put out its hand, when Chairman Donnerberg, of the local committee, delivers a check for the remaining \$11,000 of convention subscriptions, which he says he has the money for, and so makes good the full promise of the Chicago guarantors. The committeemen know that the men who signed the guarantee will pay if the subscribers are delinquent, and there is no uneasiness on the financial score any more, especially as the rest of the fund is not needed at present.

After the meeting the committee dined at the Chicago Athletic Club-house, as the guests of Judge Adam A. Goodrich, and in the evening attended the opening of the Coliseum by Buffalo Bill's show, in order to test the acoustic properties of the hall.

E. C. Wall, the Wisconsin member, said: "I will speak for Wisconsin on the money question. You can put it in the gold column. The convention June 23d will declare solidly for sound money. The silver men will not be heard from." "Secretary Sherrin said for Indiana: "We have given up my State, so far as sound money is concerned. The wave is about to sweep over the entire State."

To a reporter Chairman Harrity said that if a silver plank were put in the platform he would accept it as the will of a majority of the party, and would stand by it.

"It is my belief," he continued, "that the entire delegation from Pennsylvania, will do the same thing. All the talk that has been indulged to the effect that the honest-money majority of the National Committee will exercise its power to unseat delegation is out of place. I still hope and believe that there will be a majority of sound-money delegates in the convention, but I am ready to admit that the silver sweep in Kentucky changes matters and reduces my hopes. It likely will have some effect upon the States that have not yet spoken in favor of the white metal."

Telegraphic Items.

D. Lutz & Sons' brewery, on Spring Garden avenue, Allegheny, Pa., was partially destroyed by fire loss 50,000; fully insured. The brewery will be rebuilt at once.

Princess Angeline, daughter of Chief Seattle, of the Duwamish Indians died Sunday at Seattle, Wash., of pneumonia. She was seventy years old, and a picturesque figure of pioneer days.

Matt Warner, a miner, killed two unknown men and mortally wounded two others at Brown's Park, Utah. Warner was quietly developing a find when discovered by the others, and a fight ensued.

The stock of J. E. Jenol & Co., of Milwaukee, wholesale millinery, was looted. The liabilities and assets are \$100,000. The heaviest creditors are Milwaukee business houses.

The strike in the Northern Colorado mines, ordered a week ago by the Western Federation of Miners, ended. The men returned to work without having gained a settlement of their grievances.

One thousand delegates are expected to attend the first commercial tariff convention, which begins a week's session at Detroit, Mich. It will be an industrial and commercial affair exclusively.

A conference of the various railway brotherhoods, including the conductors, engineers, firemen, brakemen, and switchmen, held at Indianapolis, endorsed the bill now pending in Congress looking to curtailing the powers and jurisdiction of Federal court judges in contempt cases.

List of Letters.

Remaining in the Post Office at New Berne, Craven county, N. C., May 29, 1896.

B—James Bryant.
C—Miss Linda Cortarch.
O—Mrs. Richard Daniels.
